Plano Independent School District

Pay Guidelines

2011-2012

Purpose

This is a guide for administering salaries and wages for Teachers, Administrative Program/Management, Paraprofessional (Instructional Support and Clerical), and Manual Trades of the Plano Independent School District. Practices described are intended to implement local School Board policy and goals, state and federal regulations, and appropriate accreditation standards.

Job Classification

District jobs are assigned to pay ranges based upon compensable factors and grouped with jobs of similar value.

On a periodic basis, selected jobs from each job family will be reviewed to ensure that conditions in the district, such as organizational structure, major programs, or significant responsibilities in a particular job, have not changed to a degree warranting a change in job range classification. This review is to be at the direction of the Superintendent or his designees, which shall be the Associate Superintendent District Services and the Executive Director of Human Resources. Options for conducting the review include, but are not limited to, an executive level administrative review panel, outside consultant, or trained district salary administrator.

Newly established jobs should be analyzed and range assignment determined prior to hiring personnel for the position. This procedure accomplishes two objectives. First, the appropriate pay range becomes part of the recruitment and hiring strategy of the district. Second, a consistent practice of salary administration is established at the initiation of each job.

Raises

Annual pay increases are not guaranteed. If approved, raises are based on the control rate/mid-point of each pay range. **Plano ISD does not operate on a Step schedule.**

In order to **qualify for a raise**, an employee **must be employed on the last day of their contract year** and, **without a break in service**, had **earned a year of creditable service**. The Texas Education Agency (TEA) refers to 90 full-time equivalent days (percent of day employed multiplied by number of days employed) as a creditable year of experience. ie: (days employed x FTE = Equivalent Days Worked)

Cafeteria workers, bus drivers and bus assistants must be employed before the 90th day of the appropriate work schedule in order to earn a year of service.

General pay increase recommendations presented to the Board of Trustees by the administration shall be based on consideration of such factors as cost of living indexes, wage increases within competitive job markets, and budget resources.

Pay Ranges

Pay ranges represent the internal job classification as well as external job market pay levels. The greater the level of compensable factors present in a job, the higher the placement in the pay range structure.

The use of pay range levels facilitates payroll administration and maintains the integrity of the job worth. The control rate is the chief control point in the system. A minimum and maximum pay rate for each range is computed from the control rate using technical standards that are designed to maintain pay equity or fair pay for each job in the system of jobs.

Employees should be assigned to a pay range and paid a salary rate between the minimum and maximum (inclusive). Minimum and maximum pay rates are valid for only one year. No general pay action is intended to extend an employee's pay above the pay range or add pay to an employee's pay already paid above the assigned range maximum.

Initial Employment

Employment, assignment, and salary placement should be in accordance with the job requirements as specified in the job description. **Where job requirements include transcripts, certificates, or licenses, these must be official and on file with the district. A Texas educator service record or chronology of prior work history (if previously employed full time) including the last current salary or wage is required.**

Salary placement will be at the direction of the Superintendent or his designees, which shall be the Associate Superintendent District Services and the Executive Director of Human Resources. Human Resource Services shall determine hiring rates based upon job-related qualifications, salary history, and salaries of other employees in same position. Advertisements for positions typically will identify the range minimum up to the control rate as the possible starting salary range. Salary placement strategies may be different for each employee family consistent with objectives of district goals.

Administrators/Non-teaching Professional Employees – The Superintendent or his designees, which shall be the Associate Superintendent District Services and the Executive Director of Human Resources, shall individually set hiring rates for the new administrators/non-teaching professional employees under the following guidelines:

1. Persons with previous job experience or special skills may be hired at a rate up to but not exceeding the control rate of the pay range.
2. New administrators/non-teaching professional employees shall normally not be started at a rate above the salary of other district employees with more experience in the job.
3. New administrators may be started at a salary above the control rate if a pay decrease would otherwise occur.

4. A new employee in a hard to fill position or with special qualifications may be placed above the control rate with consideration given for current employees in that specific pay range.

Clerical and Manual Trades – The Superintendent or his designees, which shall be the Associate Superintendent District Services and the Executive Director of Human Resources, shall individually set hiring rates for the new auxiliary employees under the following guidelines:

1. A new employee with no direct experience in the job will be placed at the minimum pay range rate.
2. A new employee hired from outside the district will not be placed above the pay range control rate.
3. A new employee with prior experience may be placed above the minimum rate as determined from the documented salary/wage history but shall normally not be started at a rate above the salary of other district employees with more experience in the position.
4. A new employee in a hard to fill position or with special qualifications may be placed above the control rate with consideration given for current employees in that specific pay range.

Classroom Teachers – The Superintendent or his designees, which shall be the Associate Superintendent District Services and the Executive Director of Human Resources, shall annually establish a starting salary for all new hire teachers with zero years teaching experience. The starting salary will reflect the hiring objectives of the district. Starting salaries for all other new hire teachers will be based upon consideration for experience and area of teaching specialty. New teachers to the district will not be placed above salary levels of continuing teachers with similar training and teaching experience.

The Superintendent or his designees, which shall be the Associate Superintendent District Services and the Executive Director of Human Resources, may approve hiring rates up to or above the control rate of the range when an applicant has exceptional job qualifications or the position cannot otherwise be filled.

Promotion

For compensation purposes, a promotion occurs when an employee is placed in a higher pay range except for general structure changes or position reclassification. The effective date of the promotion is determined by the Superintendent or his designees, which shall be the Associate Superintendent District Services and the Executive Director of Human Resources.

The new salary rate shall be equal to or greater than the minimum rate for the new range, but in no case shall it exceed the maximum rate for the new range. Promotion increases shall normally follow these guidelines:

1. The basis for computing a promotion increase shall be the employee's previous base pay rate, exclusive of stipends or supplements, and the control rate of the new range.
2. If current pay rate is above the control rate of the new range, **may give up to 3.0** percent of new range control rate for a promotion increase.
3. If current pay rate is below new range control rate, **may give up to 7.0** percent of new range control rate for a promotion increase.
4. If a promotion increase advances employee's pay above new range control rate, adjust promotion increase to a rate not to exceed new range control rate.
5. If promotion increase does not advance employee to new range minimum, adjust promoted employee's pay to new range minimum.
6. If the promotion adjustment is applied when new raises are effective, an employee may receive the general pay increase from his or her current pay range; and the promotion increase will then be computed.
7. The district can, if necessary, exceed the promotion increase in order to keep at the current market value.
- 8. The adjusted salary for newly promoted employees shall normally not be started at a rate above the salary of other district employees with more experience in the job.**

Increases are calculated on daily or hourly rates of pay. Increases over 30 percent in total pay must be approved by the Superintendent or his designees, which shall be the Associate Superintendent District Services and the Executive Director of Human Resources.

Reclassification

On a periodic basis jobs may be reclassified into a different pay range or salaries may be adjusted within pay ranges in order to maintain the internal/external equity to other jobs of similar worth in the district. Reclassification of a job is not a promotion or demotion. Reclassification changes result when there has been a significant modification of job duties or qualifications as determined by the school district. If an employee's job is reclassified, no special increase will be given unless the employee is below the minimum for the new pay range or the current job incumbent's pay rate is in an inequitable position in comparison to comparable jobs. These job reclassifications and salary adjustments may be conducted at the direction and approval of the Superintendent or his designees, which shall be the Associate Superintendent District Services and the Executive Director of Human Resources.

Demotion

For compensation purposes, a demotion occurs when an employee is placed in a lower pay range except for general salary structure changes or position reclassification. At the direction of the Superintendent or his designees, which shall be the Associate Superintendent District Services and the Executive Director of Human Resources, an employee's pay rate may be reduced.

Reassignment

Placement in a lower pay range not resulting from a demotion may not immediately reduce salary. Programmatic, organizational, or funding changes are examples of such actions, which may create this condition.

Training Adjustments/Requirements

For the \$2,000 differential for teachers earning a Master's Degree and/or a \$500 differential for teachers earning a Doctorate Degree, the employee must provide an official transcript showing the date the Master/Doctorate degree was conferred/awarded.

Librarians must have completed a Master's degree in library science.

Clerical/technical employees who complete a Bachelor's degree from an accredited college or university will be eligible for a \$350 differential. An Associate's degree completed from an accredited community college will be eligible for a \$250 differential. The employee must provide an official transcript showing the date the Bachelor/Associate degree was conferred/awarded.

Plano Independent School District Compensation Package:

Unless otherwise specified, the district unilaterally designates that all employees will be paid on an annualized (12 month) basis in accordance with the district's payroll calendar.

In addition to salary, the total compensation package includes: annual health benefits for all employees (\$3,108 district contribution).

Not included in the package is any health benefit offset provided by the state.

Plano Independent School District
Human Resources

Salary Ranges

The district will continue to align its pay structure with the market data presented. The pay structure divides position titles into job families and within each job family are pay ranges that categorize/align those positions that have common skills, responsibilities, and expectations. Each pay range consists of a minimum rate, control rate and maximum rate.

The control rate is the market value of the position based on average salaries for similar positions in the twenty-two school districts that make up PISD's comparison/peer group.

The twenty-two comparison/peer districts are:

Allen	Cy-Fair	HEB	Mesquite
Arlington	Dallas	Irving	Northside
Birdville	Fort Bend	Katy	Richardson
Carrollton-Farmers Branch	Ft. Worth	Keller	Roundrock
Clear Creek	Frisco	Lewisville	
Coppell	Garland	McKinney	

To identify an employee's pay range, please refer to the three-digit pay range number located in the lower left portion of the 2011-2012 addendum to contract/salary letter. The three-digit number is an identifier used to locate an employee's specific pay range within their respective job family. Each job family and pay range is detailed in the **2011-2012 Compensation Plan**, which is accessible on the Plano ISD intranet.

- [Inside.pisd](#)
- [Human Resources](#)
- [Compensation & Records](#)
- [PISD Compensation Plan](#)
- [2011-2012 Compensation Plan](#)

PISD continues to be a market sensitive competitor for all positions in the district.

**Substitute Pay Rates
FY 2011 - 2012**

Cumulative days worked annually - Any Assignment		
Days	Teacher (Daily Rate)	Paraprofessional
0 - 30	\$ 81.04	\$ 7.40 / Hour
31 - 90	\$ 85.04	\$ 7.88 / Hour
91 +	\$ 95.04	\$ 8.75 / Hour

Consecutive days worked - Single Assignment		
Days	Teacher (Daily Rate)	Paraprofessional
0 - 10	\$ 81.04	\$ 7.40 / Hour
11 - 20	\$ 85.04	\$ 7.88 / Hour
21 +	\$ 228.32	\$ 9.78 / Hour

Note:

The pay rate for half-day (4 hour) Assignment is one-half the Daily Rate for Teachers and four (4) hours for Paraprofessionals.

Example: (Substitute working Any Assignment)

Substitutes for Teachers are currently paid \$ 81.04 per day while Substitutes for Paraprofessionals are paid \$ 7.40 / hour. Once a substitute has worked thirty (30) days, their rate of pay would increase to the next level (31-90 days) and their rate of pay would increase accordingly. Finally, any substitute having worked ninety (90) days would move to the final pay level for 91+ days and their rate of pay increases per schedule.

Example: (Substitute working a Single Assignment)

Substitutes working in a Single Assignment are paid from the Pay Scale described above, being based on **Consecutive** days worked in the Single Assignment.

Each Substitute is **encouraged** to keep a personal record of each job number and dates worked at each campus/building. If there are any discrepancies in the amount of your check and the number of days worked, the substitute should contact the appropriate campus in which they worked during the pay period to be sure the number of days/hours worked have been reported correctly.

Teacher as a Sub for another Teacher:

Elementary School	1 hour	\$ 13.50 per Hour
Middle School	1 period equals 1 hour	\$ 13.50 per Hour
High School	1 period equals 1 hour	\$ 13.50 per Hour
Senior High School	1 period equals 1 hour	\$ 13.50 per Hour
