

***D**uring your many years of teaching,
You have explored many places,
Seen many faces.*

*You climbed numerous mountains,
Walked miles across plains,
Crossing over rough and unfamiliar terrains.*

*You collected an abundance of souvenirs,
Gifts picked up along the way.
Your diary is full of what you learned that day.*

*Visiting nearly all the geography,
Which was time well spent,
Looking back now wondering where the time went.*

*The last stamp has been printed on your passport of teaching,
So make this next journey in life,
Relaxing and beaching.*
