Plano ISD Students Advance to Nationals in FBLA and DECA Career Ed Competitions

Several Plano ISD students competed in early March at state business education competitions, FBLA (Future Business Leaders of America) and DECA (Distributive Education Clubs of America). FBLA first and second place winners advance to nationals, and some third place winners advance. DECA first place winners advance to nationals, and second place winners are alternates...Congratulations, students!

Pictured are Plano West Senior High School students who competed at the FBLA state competition held in March. Seven of the students advance to the national event to be held in late June in Chicago... "All of our students who competed at state were very professional," reported Merrilee Kick, who teaches business law, international business and BCIS at Plano West Senior High School.
