The following programs are av	ailable for both operating sy	stem deployment and software d	listribution:		
Program Name 🛛 🛆	Next Run Time	Last Run Time	Last Status	Туре	-
GIMP - Install				Software Distribution	
Google Sketchup 8 - In				Software Distribution	
GrabberDriver - Install				Software Distribution	
🔲 HEAT 8.04.1 - Install		9/2/2011 11:27:45 AM	Successful	Software Distribution	Ε
					1

- 3. The USB 2.0 ATV install wizard will open. Click the Install button.
- 4. A windows security message will appear. Click Install this driver software anyway.

- 5. Click Finish.
- 6. You must restart your computer. Click Finish again to restart your computer.
- 7. To complete the installation, log back into your computer and reconnect the video grabber.

## Additional Troubleshooting Tips

- 1. Open **Device Manager** on your computer. (*Start Enter "Device Manager" in the search box Click* on Device Manager from the search results).
- 2. Under **Other devices** you will see **Unknown device**.
- 3. Right-click Unknown Device and click Update Driver Software...
- 4. Select Search Automatically for updated driver software.
