Letter to the Board of Trustees

PLANO INDEPENDENT SCHOOL DISTRICT

2700 W. 15TH STREET ● PLANO, TEXAS 75075 ● (469)752-8100

June 22, 2021

The Board of Education Plano Independent School District 2700 W. 15th Street Plano, Texas 75075

Dear Board Members:

We are proud to publish and disseminate information to the Board of Trustees and to the community. This document, as a whole, and the year-end Comprehensive Annual Financial Report are the primary vehicles used to present the financial plan and the results of operations of the District.

The primary purpose of this budget document is to provide timely and useful information concerning the past, current and projected financial status of the District, in order to facilitate financial decisions that support the educational goals of the District.

The Plano Independent School District (the "District") is committed to sound financial management through integrity, prudent stewardship, planning, accountability, full disclosure and open communication. The following document represents the financial plan for the Plano Independent School District for the 2021-2022 fiscal year.

This document culminates an intensive process involving input from campus and administrative staff, the Superintendent and the Board of Trustees. The process involves targeted strategies and action steps designed to meet specified objectives.

This report is comprised of four sections:

- ❖ Executive Summary Introduces the reader to the document as a whole. It highlights important information contained in the budget. Users rely on this section to get an overview of the information found in the remainder of the document.
- ❖ Organizational Section Provides the context and framework within which the budget is developed and managed. This framework includes the District's organizational and financial structure, as well as the financial policies and procedures that regulate the development and administration of the budget.

- ❖ Financial Section Presents what most consider to be the core of the budget documents. These schedules present the adopted budgets for the District compared to the previous year. This section also includes additional explanation and analyses of significant changes that may have occurred.
- ❖ Informational Section Contains information related to past and future budgets and influencing factors on the current budget. This puts the adopted budget into context, explaining budget decisions.

The information included in the budget documentation is structured to meet the requirements of the Meritorious Budget Award (MBA) of the Associated of School Business Officials International (ASBO). To receive these awards, a school entity must publish a budget document as a policy document, as an operations guide, as a financial plan, and as a communications medium. We believe our current budget conforms to the requirement of this program, and we are submitting this document to ASBO to determine its eligibility for this award.

This award represents the highest level of recognition in budgeting for school entities. This attainment represents a significant accomplishment by a school entity and its management. The award is made after comprehensive review by a panel of independent budget professionals. Using extensive criteria, the reviewers not only evaluate the effectiveness of the budget in meeting program criteria, but also provide commentary and feedback to the submitting entity as a basis for improving the presentation of the District's financial and operational plan.

However, our most important concern in the presentation of the budget data is to improve the quality of information provided to our community about the District's financial plan for the educational programs and services for the 2021-2022 fiscal year.

OVERVIEW

As we continue to address the declining student enrollment, the District has strategically continued the zero-based budgeting process for departments by evaluating expenditures to determine cost benefit analysis and to ensure efficient use of resources. This strategy consisted of meeting with department heads and conducting a line by line review of each budget under their direction. This resulted in a level of thoroughness which gave way to obtaining detailed explanations and a cost savings since its implementation three years ago

of approximately \$4.5 million dollars in expenditures. In response to declining enrollment and inflationary cost when revenue is declining, the District will reduce staff by 165 (150 Professionals and 15 Support Staff) through attrition. This plan will result in a reduction of approximately \$10.1 million dollars. The District will continue to perform comprehensive monitoring of the budget to ensure cost-effective financial performance.

In 2020 and 2021, Congress passed three stimulus bills known as Elementary and Secondary School Emergency Relief (ESSER) that provided relief of the impact of COVID-19 pandemic on school districts. ESSER I was funded under the Coronavirus Aid, Relief and Economic Security Act (CARES Act); passed in March 2020, PISD is expected to receive \$4.03 million. ESSER II was funded under the Coronavirus Response and Relief Supplement Appropriations Act (CRRSA Act); passed December 2020, PISD is expected to receive \$19.3 million. The American Rescue Plan Elementary and Secondary School Emergency Relief – ARP ESSER or ESSER III passed March 2021, PISD is expected to receive \$43.2 million. The focus of ESSER I was for preventing and preparing for COVID-19 pandemic, whereas ESSER II and ESSER III will focus on aiding in reopening school districts and address the learning loss impact the COVID-19 pandemic has had on students. Each of these stimulus bills have different program requirements that the District must adhere to. Opportunity in the form of a survey has been given to engage stakeholders to provide input in the development of a plan regarding the use of funds. The District will continue to devote, plan and review allowable costs closely to assure strategies are in place to fully maximize these funds.

The 87th Regular Session of the Texas Legislature began January 12th 2021 and adjourned on May 31st 2021. A total of 9,966 bills were introduced. Of those bills, HB 1525 is the focus for public school finance and public education. HB 1525 provides HB-3 cleanup to correct technical errors from the 86th Legislative Session, as well as a variety of impactful provisions. To summarize:

- HB-3 cleanup restores to a weight of 0.07 for each identified gifted and talented students served, limited to a 5% cap on ADA
- Modifies the Career & Technical Education (CTE) funding from one weight of 1.35
 per FTE to a system of tiered weights related to courses
- Entitles districts to the highest possible compensatory education weight for each enrolled student who is homeless. Allows use of compensatory education funds to pay for an instructional coach to help disadvantaged students, duties performed by attendance officers and programs to build skills related to social emotional wellness
- Limits the Formula Transition Grant not to exceed \$400 million

- Creates new grant programs for districts from both state and federal funds
- Allows Instructional Materials Allotment (IMA) to be used for distance learning cost
- Allows districts to net their recapture payments against state aid
- Reduces the Maximum Compressed Tier 1 Tax Rate (MCR) to .9164

To view the entire bill, please refer to the Texas Legislature Online – https://capitol.texas.gov.

Acknowledgments

We appreciate the continuing support of the Plano Independent School District Board of Trustees and the Community for continuing to make resources available to the District to facilitate the success of each student. Our pledge is to be good stewards of the resources entrusted to us as we develop, implement and maintain excellent educational opportunities to meet the unique needs of all students of the Plano Independent School District.

Sara Bonser, Superintendent

Sura M. Bonser

Randy McDowell, Chief Financial Officer

Director of Budget and Compliance

EXECUTIVE SUMMARY

Organization of Plano Independent School District

Plano ISD was established in 1891 and serves the residents of approximately 100 square miles in southwest Colling County. The District is governed by a seven-member Board of Trustees that serve overlapping terms of four years each. Elections are held on the first Saturday in May of odd numbered years. While candidates run for specific places, they do not represent specific geographical areas. Rather, each represents Plano ISD at large. The board annually elects a president, vice president and a secretary at the organizational meeting for the election of officers. Operating within the legal parameters of the state and federal constitutions, statutes, courts and administrative agencies, the board is charged with the responsibility of providing the finest educational program possible for the students in the district. School trustees make all final decisions regarding school district priorities, policies, personnel, textbooks, expenditures and growth management. Trustees adopt a budget which is necessary to maintain and operate the schools, levy taxes to support the budget and submit bond issues to the citizens of the district to finance construction projects. The district also established committees and task forces to study issues involving the education of Plano ISD students and to make recommendations to the board of trustee and the district-based improvement committee.

The District is a public school system whose adopted mission is:

"Our Plano ISD learning community will educate, inspire and empower every student to activate their unique potential in a dynamic world."

To accomplish its mission, the District provides a full range of educational services appropriate to grade levels ranging from pre-kindergarten through grade 12. These include regular and enriched academic education, special education for special needs children, career education and special programs for those with limited English proficiency. These programs are supplemented by a wide variety of co-curricular offerings, including those in fine arts and athletics. The District's curriculum is well-defined for the purpose of preparing students early for college readiness. The participation rate of PISD students in Advanced Placement/International Baccalaureate ranks among the highest in the state and nation. PISD students' performance on these exams gives them a competitive edge for college admission and college success. As reflected in the District's mission statement, activities of the District focus on learning opportunities for students. The District is providing educational services to approximately 50,159 students in state of the art facilities that include three early childhood schools for pre-kindergarten age students, 44 elementary schools with eleven offering pre-kindergarten classes, 23 secondary school programs and two special program

centers. Included in the secondary schools are three academy programs — Health Science Academy as part of Williams High School and Plano East Senior High, International Baccalaureate World School as part of Plano East Senior High and the Academy High School an innovative 9th-12th grade learning community with an emphasis on science, technology, engineering, arts and mathematics. The District has long maintained the philosophy of renovating and refurbishing its schools to ensure that all facilities continue to meet new building standards as well as curriculum and technology requirements.

Patrick Tanner – Assistant Superintendent for Technology Services

Dr. Dash Weerasinghe – Senior Executive Director for Assessment, Research & Program Evaluation

Lesley Range-Stanton – Senior Executive Director for Communications

BUDGET PROCESS

Legal Requirements

Federal, state and local guidelines govern the budget development process. The annually adopted budget includes the General Fund, Debt Service Fund and Food and Nutritional Services Fund.

Sections 44.002 through 44.006 of the Texas Education Code establish the legal basis for the budget development in school districts. These codes require that the District prepare a budget by the date set by the state board of education, currently June 19th for districts with a June 30th fiscal year end. The code further requires that the president of the Board of Trustee call a public meeting, giving ten days public notice in a newspaper for the adoption of the district budget and posting a comparative proposed budget to the District's website.

The Board of Trustees must adopt the prepared budget no later than June 30th. The officially adopted District budget must be filed with the Texas Education Agency (TEA) through the Public Education Information Management System (PEIMS) by the date prescribed annually by TEA.

Budget Definition

- A process of allocating resources to prioritized needs of a campus and/or district
- A product of the campus and district planning process
- A valuable tool in the planning and evaluation process
- The link between instruction and financial planning

Legal Requirements

State Law – Texas Education Code 44.002 through 44.006

- Superintendent (or designee) shall prepare budget
- President of Board must call public hearing
- Notice of the public hearing must be published in a daily, weekly or bi-weekly newspaper published in the district (not earlier than 30th day or later than the 10th day before the date of the hearing)
- No funds must be expended until adoption of the budget
- Budget must be prepared in accordance with GAAP (Generally Accepted Accounting Principles)
- Budget must be adopted before the tax rate is adopted

- Public funds of a district may not be spent in any manner other than as provided for in the budget adopted by the board, but the board may amend a budget or adopt a supplementary emergency budget to cover necessary unforeseen expenses.
- The district's mission statement and goals should be the foundation to budget planning, preparation and evaluations.

State Law – TEC 29.081(b-1)

- A district that is required to provide accelerated instruction under TEC 29.081(b-1) shall separately budget sufficient funds, including funds under the Education Code for that purpose.
- A district may not budget funds received under the Education Code for any other purpose until the district adopts a budget to support additional accelerated instruction. Education Code 29.081(b-2).

State Law – TEC 44.0041

• The district shall post a summary of the proposed budget on the school district's Internet website or, if the district has no Internet website, in the district's central administrative office.

State Law – TEC 44.0051

 On final approval of the budget by the Board, the district shall post on the district's Internet website a copy of the budget adopted by the Board. (Note. The budget must remain posted on the website until the 3rd anniversary of the date the budget was adopted.

State Law – Local Government Code 140.0045

The proposed budget of a district must include a line item indicating expenditures
for notices required by law to be published in a newspaper by the district or a
representative of the district that allows as clear a comparison as practicable
between those expenditures in the proposed budget and actual expenditures for the
same purpose in the preceding year.

TEA Requirements

- Budget must be adopted by Board by June 30th
- Minutes must reflect all Budget Amendments
- At a minimum, the General Fund, Food Service Fund and Debt Service Fund must be adopted
- Budget must be filed with TEA through PEIMS
- Budget must be amended before exceeding any function

Type of Budget Method used at Plano ISD for Departments

Zero-based budgeting

Budget starts from zero each year. There is no reference to the previous year's budget, and each budget inclusion must be justified. Budgets will be priority-driven, meaning only the most essential items needed to efficiently support the department.

Type of Budget Method used for Campus Budgets

Campus budgets are calculated allocation based on cost drivers of projected campus enrollment, student demographics, instructional settings and programs and state compliance factors.

The initial allocation represents 90% of the campus funding allocation. The remaining amount will be distributed at a later designated date based on the campus enrollment as of the PEIMS Snapshot Date on the last Friday in October.

Budget Planning

The budget planning is a seven-month process that started in November 2020. The District builds its budget priorities around its vision and mission. During the budget process, the goal of the District was to evaluate expenditures to determine cost benefit, administer the needs of the students and adhere to state and federal guidelines. While following those priorities, the District's charge is to monitor spending in a way that results in the most efficient use of resources, within the limitations and mandates placed upon public schools by statute and regulations. A tight alignment is maintained between the overall budget and the planning that helps the District be more efficient in meeting established priorities.

The budget process is coordinated so that major strategic issues are identified prior to the budget approval date. This will allow the Board of Trustees adequate time for consideration of appropriate decisions and analysis of the associated financial impacts.

The critical needs of the district are programs that directly serve students; the employees of the district who administer and deliver those programs and the facilities required to support students. Within those categories the District relies on input from the campus administrators, teachers, department directors and staff, district administrators, the Board of Trustees and the community to address how best to meet those critical needs in the budget process. In addition, parents and community members can make comments in public budget hearings at Board meetings.

Personnel is a critical need and resource. Personnel total expenditure accounts for a majority (85%) of the overall district budget in Plano ISD as is the case in all school districts. Decisions regarding staffing and hiring are made carefully. In order to assure that compensation levels are appropriate for various positions, Plano ISD annually arranges for TASB (Texas Association of School Boards) consultants to study all salaries.

Staffing ratios (students to staff) are in place and followed at every campus; these account for all personnel needed to operate a campus and provide additional direction beyond classroom ratios established by the state. Serving students' needs always remains the top priority in staffing decisions.

Reporting

Budget evaluation is a continuous process and part of each month's activities. Monthly financial reports will be presented to the Board of Trustees in a format appropriate to enable the Board to understand the overall budget and financial status of the District.

Control and Accountability

Each campus and departmental administrator is responsible for the administration and oversight of his or her budget which is controlled on an organizational basis. This includes accomplishing the targets adopted as part of the budget and monitoring each department budget for compliance with spending limitations. Campus and departmental administrators may transfer allocations within function code with prior approval of the appropriate administrator and the Chief Financial Officer. Transfers between function codes and certain other District level allocations may not be transferred without the prior approval of the Board of Trustees.

Budget Amendments

The District budget shall be amended as necessary based on financial and economic factors. The budget must be amended prior to exceeding a functional expenditure category in the total district budget. The Board of Trustees may authorize an amendment to the budget for those items not included in the originally approved budget due to unforeseen circumstances.

Financial Status

Plano ISD consistently receives strong ratings under financial accountability systems. The District proudly carries one of the highest stand-alone credit ratings of any school district in the State of Texas. Debt issued by the District is currently rated AAA/AA+ by Moody's Investor Service and Standard & Poor's Rating Services, respectively, One of 4 districts in Texas. PISD received the highest rating of "Superior" under the 2020 School FIRST (Financial Integrity Rating System of Texas) rating released by the TEA and has received nearly perfect scores and the highest possible rating of Superior every year the rating has been released.

The District has received the "Certificate of Achievement for Excellence in Financial Reporting" awarded by the Government Finance Officers Association for 37 consecutive years. This award encourages and assists state and local governments to go beyond the minimum requirements of generally accepted accounting principles to prepare comprehensive annual financial reports that evidence the spirit of transparency and full disclosure and then to recognize individual governments that succeed in achieving that goal.

The District continues its legacy of high achievement by completing a year-long strategic planning process for years 2019-2023 with high aspirations for all students from pre-kindergarten through graduation and beyond. This in-depth, self-examination process concluded with the creation of Beliefs, Vision, Mission and five pillars of focus. During the development of the District's financial plan, the District culminated each area of the strategic plan to help ensure the success of these plans for the District's future.

Drawing on the collective experiences and knowledge of a diverse and representative group of district stakeholders was an important part of the in-depth self-examination process. The strategic planning process started with the Board of Trustees in Spring 2018. Board members worked together to develop beliefs, a vision and pillars. A 75-member strategic planning committee, comprising of educators, parents, students, trustees and community members, worked to develop the plan's mission, objectives and strategies. Additionally, 124 stakeholders serving on 11 action teams developed action plans in order to operationalize the strategic plan. After board approval on April 9th, the plan was unveiled to the community at Plano ISD's first-ever State of the District Address on April 25, 2019.

As we continue to address declining student enrollment, the District has strategically continued the zero-based budgeting process for departments by evaluating expenditures to determine cost benefit analysis and to ensure efficient use of resources. This strategy consisted of meeting with department heads and conducting a line by line review of each budget under their direction. This resulted in a level of thoroughness which gave way to obtaining detailed explanations and a cost savings since its implementation three years ago of approximately \$4.5 million dollars in expenditures. In response to declining enrollment and inflationary cost when revenue is declining, the District will reduce staff by 165 (150 Professionals and 15 Support Staff) through attrition. This plan will result in a reduction of approximately \$10.1 million dollars. The District will continue to perform comprehensive monitoring of the budget to ensure cost-effective financial performance.

In response to the COVID-19 pandemic, the State of Texas received approx. \$1.2B of Elementary and Secondary School Emergency Relief Funds (ESSER) stimulus funds from the US Government for school districts under the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The below chart summarizes:

	ocations

	ESSER I (CARES)	ESSER II (CRRSA)	ESSER III (ARP)
Date passed	March 2020	December 2020	March 2021
Total Nationwide K-12	\$13.2B	\$54.3B	\$122.0B
Total Allocated to Texas	\$1.285B	\$5.530B	\$12.419 B
Total Allocated to PISD	\$4.033M	\$19.250M	\$43.233M
Spending Timeline	3/13/20 - 9/30/22	3/13/20 - 9/30/23	3/13/20 - 9/30/24
Allocation to School Districts	2019-20 Supplanted State Aid PISD = \$0	2020-21 Reduced by District's Hold Harmless PISD = TBD	2020-21 Supplemental PISD = \$43.233M

Note: ESSER Funds are one-time non-recurring dollars. District must plan accordingly.

DETERMINATION OF RATING

A.	Did the district answer 'No' to Indicators 1, 3, 4, or 2.A? If so, the school district's rating is F for Substandard Achievement regardless of points earned.		
В.	Determine the rating by the applicable number of points. (Indicators 6-15)		
	A = Superior	90-100	
	B = Above Standard	80-89	
	C = Meets Standard	60-79	
	F = Substandard Achievement	<60	

No Rating = A school district receiving territory that annexes with a school district ordered by the commissioner under TEC 13.054, or consolidation under Subchapter H, Chapter 41. No rating will be issued for the school district receiving territory until the third year after the annexation/consolidation.

https://tealprod.tea.state.tx.us/First/forms/District.aspx?year=2018&district=043910

Strategic Plan 2019-2023

Pillar 1: Learning & Teaching

Pillar 2: Life Ready

Pillar 3: Talent Acquisition, Support & Growth

Pillar 4: Culture of Community

Pillar 5: Strategic Resource Management

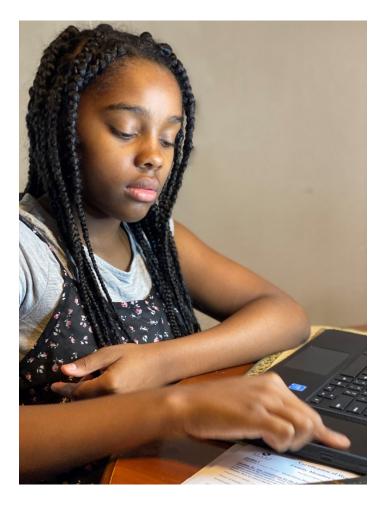

Objective: All students will have access to a culture of high expectations coupled with an engaging, innovative, personalized and supportive learning environment.

Strategy 1.1: Empower educators to design learning experiences that meet the individual needs of each student.

Strategy 1.2: Equip educators to continually assess learning using a variety of methods to determine next steps in the learning progression.

Action Plan 1.1.1

Specific Result: Provide a comprehensive and systematic professional learning plan focused on building capacity, so teachers are able to provide engaging, innovative, and differentiated instruction.

- 1. Form a district-level committee, made up of district-level and campus-level leaders, to define a clear vision for a supportive learning environment and develop common language addressing engaging, innovative and differentiated instructional practices that promotes a culture of high expectations.
- 2. Evaluate what practices are in place across the district, previous learning opportunities and resources shared in order to analyze our current state and to identify professional learning needs for our future state.
- 3. Design a comprehensive and systematic professional learning plan that includes a variety of pathways for learning and building capacity based on strategic objectives and identified teacher/staff professional learning needs.
- 4. Provide training and ongoing coaching opportunities for district and campus leadership to ensure effective implementation of research-based practices for engaging, innovative, and differentiated instructional strategies.
- 5. Develop and provide a variety of professional learning opportunities for campus leaders to build capacity with teachers on the campus. Campus leaders will leverage these opportunities to create a campus-based professional learning plan.
- 6. Support teachers to continually enhance their engaging and differentiated instructional practices through individualized and job-embedded professional learning, observations and reflection.
- 7. Monitor the effectiveness of engaging, innovative and differentiated instructional practices through the use of a variety of identified methods such as walk-throughs, achievement data, etc.

Action Plan 1.1.2

Specific Result: Provide research-based resources and tools so teachers are able to successfully facilitate engaging and innovative differentiated instruction.

- 1. Review the vision regarding a supportive and differentiated learning environment in order to evaluate resources and tools.
- Evaluate what resources and tools are available in the district and how those tools are being used effectively in order to identify our current state and determine needs for future state.
- Evaluate current schedule models and related staffing models to ensure time is allocated to teachers in order to collaboratively grow and plan for differentiated instruction (engaging, supportive and innovative instructional practices and programming).
- 4. Evaluate current EC-12 master schedules to define and align practices with district vision for high expectations and a safe and collaborative culture, so student needs are met through differentiated instruction (i.e. design schedules to include language, content support and tiered interventions).
- 5. Use research-based tools to identify and meet student academic needs for remediation, advancement, and enrichment (i.e. assessing reading levels and instructing to student needs).
- Create systems to support teachers in monitoring classroom instruction to ensure that students are benefiting from the differentiated strategies and instructional programming.
- 7. Monitor the effectiveness of differentiated instructional practices with a predetermined rubric/form, using a variety of identified methods such as walkthroughs, achievement data, etc.

Action Plan 1.2.1

Specific Result: Design and provide a comprehensive and systematic professional learning plan focused on building a district-wide common understanding of assessment practices.

- 1. Establish a district-level committee which includes district leaders, campus administrators and teachers to research effective assessment practices and the tools and resources to facilitate measuring student learning.
- 2. Evaluate current assessment practices across the district.
- 3. Provide learning for district and campus leaders to establish common language and understanding of research-based assessment practices for implementation across all campuses.
- 4. Identify district assessment tools and resources that align with the new common understanding.
- 5. Provide learning for teachers to establish and implement a district-wide common language and understanding of research-based assessment practices.
- 6. Establish a system to continuously evaluate assessment practices for equity and effectiveness.

Action Plan 1.2.2

Specific Result: Design and provide professional learning that equips educators to analyze, reflect on and respond to evidence of student learning.

- 1. Design and provide professional learning that equips educators to be responsive to evidence of student learning.
- 2. Identify or create specific tools, resources and protocols for data analysis.
- 3. Develop equitable competency district-wide (district/campus administrators and teachers) in data analysis and utilizing results to drive instructional decisions.
- 4. Develop equitable competency in teachers and campus/district leaders utilizing the results of the data analysis to drive instructional decisions.
- 5. Campuses evaluate the effectiveness of assessment practices through the use of a variety of methods (i.e. walk-through data, collaborative team agendas and discussions, student work, etc.).
- 6. Evaluate current schedule models and related staffing models to ensure time is allocated to teacher analysis of assessment data.

Objective: Plano ISD Graduates will possess the skills and knowledge that enable them to be future-ready citizens and leaders in the global workforce.

Strategy 2.1: Engage our learning community to define student success in terms of life readiness traits and competencies.

Strategy 2.2: Integrate and authentically embed life readiness skills/standards alongside state standards.

Action Plan 2.1.1

Specific Result: Design a Portrait of a Graduate framework, with defined grade level learner profiles, that articulates student success, life ready skills and competencies important for student success.

- 1. Research, evaluate, identify and define specific "life readiness skills and competencies" that contribute to Plano ISD's definition of student success:
 - Research current literature on life readiness skills
 - Solicit business leaders for input on life ready skills necessary for future success
- 2. Engage diverse, representative communities and organizations to develop a Portrait of a Graduate (graduate profile) that reflects business and industry needs, as well as community interests and values.
- 3. Aligned with our Portrait of a Graduate (graduate profile), develop and implement life ready and career-connected learning programs with integrated experiences that expose students to careers and the pathways to attain success in them.
- 4. Install cyclical and/or ongoing opportunities for strategic partners to contribute meaningfully to PISD's life-ready programming.
- 5. Establish the ways and means to systematically develop, integrate, recognize, honor and promote student successes that reflect the following core Portrait of a Graduate elements: Critical Thinkers & Problem Solvers; Effective Communicators & Collaborators; Social & Emotional Pathfinders; Aware & Adept Digital Citizens; Inquisitive & Adaptable Learners; and Financially, Creatively and Civically Literate
- 6. Graphically design and communicate the Plano ISD Portrait of a Graduate framework and grade-level learner profiles that reflect life readiness skills.
- 7. Evaluate plan annually according to the new Plano ISD community definition of student success and make changes as needed.

Action Plan 2.2.1

Specific Result: Develop the Plano ISD Portrait of Graduate Framework - Learner Profiles to build authentic learning experiences and a life ready learning culture and environment.

- 1. Review current district frameworks: Portrait of a Graduate, Plano ISD Social Emotional Learning competencies and standards, CTE, curriculum resources to outline skills and competencies necessary for success by each grade level and age appropriateness.
- 2. Develop vertically articulated life readiness experiences from Pre K-12 to incorporate into learner profiles and embed throughout content areas.
- 3. Partner with area universities and businesses to help create meaningful learning experiences to prepare students for life readiness.
- 4. Articulate universal life readiness language and communicate learner profiles within the school community.
- 5. Leverage collaborative teams to further incorporate life readiness skills on each campus to drive implementation and support of Portrait of a Graduate and learner profiles.
- 6. Create a life readiness professional library of evidence-based resources for all district members to access both physically and virtually.
- 7. Evaluate plan annually according to the new Plano ISD community definition of student success and make changes as needed.

Action Plan 2.2.2

Specific Result: Build staff capacity and engage community to teach and model life readiness skills through daily interactions and instructional strategies in order to help students achieve success in life.

- 1. Review current curriculum and identified areas for life readiness skills integration to determine professional learning plan needs.
- 2. Develop and incorporate professional learning on tools and strategies that builds teacher capacity to grow and support the life ready skills identified in the learner profiles across all content areas and grade levels.
- 3. Expand connections with community/business partners/PTA that supports students' opportunities in authentic life readiness learning experiences.
- 4. Expand internships and programming that supports, promotes and develops life readiness skills and preparedness.
- 5. Communicate and model life readiness skills/SEL expectations for all Plano ISD students to build self-advocacy and efficacy.
- 6. Evaluate plan annually according to the new Plano ISD community definition of student success and make changes as needed.

Talent
Acquisition,
Support,
and Growth

Objective: To ensure a quality school system, Plano ISD will hire, train and retain the most effective and talented workforce.

Strategy 3.1: Develop innovative recruitment and onboarding practices that reimagine roles and resources to meet diverse district needs.

Strategy 3.2: Cultivate a culture that empowers and supports the development of all employees through innovative thinking, individual learning pathways, collaborative experiences and reflective practice.

Strategy 3.3: Create a multi-tiered system of care and support, that values, retains and grows high-quality staff.

Action Plan 3.1.1

Specific Result: Develop a focused and intentional talent acquisition plan that attracts the highest quality candidates in a competitive market.

- 1. Survey employees hired in the previous school year on our existing efforts to solicit feedback regarding their initial interest in the district, their decision to accept the offer of employment, and their reason(s) for remaining in the district.
- 2. Establish a budget that supports the talent acquisition plan by creating a recruiter position(s) that exclusively focuses on sourcing top talent.
- 3. Examine the effectiveness of the current applicant tracking system with regard to searching for qualified applicants and posting location-specific jobs.
- 4. Examine competitive pay structures for current and future employees (i.e. stipends, longevity pay etc...).
- 5. Examine innovative methods to recruit hard to fill areas (i.e. auxiliary, special education, bilingual education).
- 6. Collaborate with the communications and technology departments to re-tool our online recruitment presence, utilizing information from our current employees.
- 7. Enhance current recruitment practices by developing diverse recruitment teams that represent our employees and the roles for which they are recruited.
- 8. Annually evaluate the effectiveness of the talent acquisition plan and make changes as needed.

Action Plan 3.1.2

Specific Result: Develop a process to successfully assimilate new employees into their roles, and into the culture of Plano ISD, through pre-planned efforts.

- 1. Create and implement an engaging onboarding process in Plano ISD that is supported by the district and all hiring managers.
- 2. Survey new employees to solicit feedback regarding the onboarding experience, current needs and remaining questions they may have.
- 3. Develop guidelines, resources and expectations for hiring managers to assist with onboarding new employees.
- 4. Implement district expectations for hiring managers to assist in regular monitoring of retention by campus/department by evaluating exit survey and turnover data annually.
- 5. Annually adjust the onboarding process to ensure employees are successfully assimilated into their roles and into the culture of Plano ISD.

Action Plan 3.2.1

Specific Result: Provide personalized learning opportunities that promote ownership of professional growth and ensure relevant support for employees.

- 1. Determine professional learning needs utilizing available data, participant feedback, district/campus/professional goals and researched best practice.
- 2. Identify innovative, relevant and meaningful professional learning designs and align campus and department practices.
- 3. Provide a "catalog" of available learning opportunities for all employees to search, register and track progress of personalized learning goals.
- 4. Expand use of technology (i.e. micro-learning, online courses, blended learning options, video) for self-directed growth, enhanced collaboration and increased flexibility of professional learning.
- 5. Identify, design and implement multiple learning pathways that are relevant to individual groups of employees.
- 6. Create a structure that enables employees to develop and implement an individual learning plan, including, but not limited to, potential funding sources, professional learning credit and certification programs.
- 7. Identify and leverage internal and external learning partnerships (i.e. experts in the field, mentors, cadres, coaches, externships, shadowing experiences) to provide specialized training.
- 8. Develop a system and process for implementation and evaluation of professional learning activities.
- 9. Evaluate and improve professional learning activities based on developed evaluation methods, participant feedback and intended results.

Action Plan 3.2.2

Specific Result: Create a system of accessible professional learning that is application-focused, reflection-rich and results-oriented.

- 1. Create district guidelines for design and facilitation of professional learning that is results-oriented and ensures opportunities for participant application and reflection.
- 2. Develop and provide training that builds leadership capacity for the design and facilitation of professional learning activities that align with district guidelines.
- 3. Evaluate existing professional learning offerings to determine effectiveness based on established district guidelines.
- 4. Create tools to support designers and participants in identifying the desired results, apply learning to current practice and track progress towards identified goals.
- 5. Create a process for communicating and marketing professional learning opportunities to increase awareness, participation and access.
- 6. Develop a budget that supports job-embedded, practice-focused, professional learning opportunities, such as increased time in collaborative teams, increased availability of instructional coaches and innovative staffing solutions.
- 7. Develop a process that ensures reflection and feedback enhances the learning of participants and shapes future experiences.

Action Plan 3.3.1

Specific Result: Create a multifaceted wellness program that helps employees balance and navigate challenges in life and work, including physical, mental, emotional and financial health.

- 1. Gather input from employees across Plano ISD regarding their perception of the district as an employer related to existing support for physical, mental, emotional and financial health.
- 2. Perform a gap analysis to identify what employee wellness supports are offered and reasonable accessible in Plano ISD.
- 3. Develop a leadership position that is charged with the creation and sustained implementation of a multifaceted wellness program.
- 4. Develop a menu of various wellness programs including, but not limited to an employee clinic, mental health support services, financial planning and counseling, Employee Assistance Program and wellness education.
- 5. Create external partnerships to provide a comprehensive suite of wellness resources and supports.
- 6. Establish a proactive marketing plan to promote wellness initiatives and services, including the wide range of benefits for employees and their families.
- 7. Facilitate multidirectional communication for all Plano ISD employees to understand professional wellness, how it relates to them and district-provided supports.

Action Plan 3.3.2

Specific Result: Create systems and a culture that builds employee capacity for career growth.

- 1. Collect feedback from current employees who have grown within Plano ISD to identify factors that made their growth possible and contributed to retention.
- 2. Survey Plano ISD employees to identify those who strive for career growth to determine their needs.
- 3. Implement career coaching and development programs for identified employees.
- 4. Create innovative cross-function staffing solutions to capitalize on leadership potential.
- 5. Establish a process and budget for growing all employees by advancing employee education, including but not limited to state and national certifications, post-secondary education and workforce certification programs.
- 6. Evaluate and enhance Plano ISD's current transfer system and practices related to indistrict job opportunities and the selection process.

Action Plan 3.3.3

Specific Result: Create systems and a culture that supports ethical decision making for all employees through collaboration and use of the Model Code of Educator Ethics (MCEE).

- 1. Publish the MCEE in the Plano ISD Employee Handbook.
- 2. Create and implement a differentiated ethics training plan for all employees that includes best practices, expert input and customized focus for diverse learners.
- 3. Build leadership capacity to understand and utilize the framework.
- 4. Continually gather input from various Plano ISD stakeholders about authentic ethical dilemmas, MCEE and training plans.
- 5. Provide ongoing opportunities for all employees to interact with the framework and build skills for collaborative conversations.
- 6. Evaluate the impact of this specific result, as it relates to employee retention, employee investigations and amend MCEE as needed.
- 7. Consider board adoption of the MCEE with any necessary amendments after one year of use.
- 8. Systematically gather feedback from all stakeholders to evaluate effectiveness and provide ongoing support for identified needs.

Objective: Plano ISD embraces the diverse community in which we live and work and will foster partnerships that are beneficial to the education of our students and meet the needs of our families.

Strategy 4.1: Identify and engage stakeholders to foster meaningful, committed relationships that embrace the community as partners in student success.

Strategy 4.2: Develop and nurture a culture of empathy, caring and advocacy for our diverse learning community where individuals feel connected.

Action Plan 4.1.1

Specific Result: Foster equitable engagement experiences across the district for all stakeholders.

- 1. Assess current communications and engagement practices districtwide to determine opportunities, gaps, risks and the district's current framework for engagement.
- 2. Develop standards and guidelines for communications and engagement for each campus and department.
- 3. Identify and implement a district-wide volunteer management solution that allows schools and district programs to easily advertise engagement or partnership opportunities, and where stakeholders can find, join and track engagement and participation.
- 4. Research and employ an accessible online tool to filter and track questions, concerns, suggestions or other feedback from stakeholders in order to ensure efficient, accurate and timely responses, which could be shared with broader audiences as needed.
- 5. Improve telephone navigation for campuses and departments in order to provide a more concise and user-friendly experience.
- 6. Develop and implement a professional learning plan for campuses and departments that reinforces district-established guidelines and best practices for communications and engagement.
- 7. Evaluate the plan annually and update as needed.

Action Plan 4.1.2

Specific Result: Build a cohesive, positive culture of trust and inclusion that engages all stakeholders.

- 1. Analyze stakeholder perceptions of Plano ISD through surveys, focus groups, etc., to better understand the district's internal and external audiences and to inform the development of a consistent and cohesive brand identity.
- 2. Research branding and communications strategies, including conducting competitive analyses of other organizations and school systems, in order to gain insight and establish best practices for defining and presenting the Plano ISD brand.
- 3. Determine if Plano ISD should undergo a comprehensive rebranding effort based on analysis and research conducted as part of this Action Plan.
- 4. Assess the effectiveness of current communications channels and research and implement new channels, as needed, that will reach and encompass all Plano ISD stakeholders.
- 5. Develop a clear and concise "elevator pitch" for Plano ISD that resonates with all audiences and influences a unified perspective of who and what Plano ISD represents.
- 6. Outline and implement an inbound marketing strategy that draws audiences to Plano ISD's content-rich resources, such as the website and mobile app., and allows the district to keep track of user experiences.
- 7. Evaluate the plan annually and update as needed.

Action Plan 4.2.1

Specific Result: Create, foster and maintain a systematic/streamlined/integrated process to identify, communicate and provide services for the whole child and family through strong collaborative relationships within Plano ISD and with outside community partners.

- Conduct a needs assessment.
- Assess needs of students and families
- Define what a community partner is and levels of partnership engagement
- Identify community partners (existing/potential)
- Evaluate current systems/practices (i.e., evaluate systems— internal or external—that ensure up-to-date district and community resources)
- 2. Explore providers outside of Plano (city limits) especially for campuses located on county/city borders.
- 3. Explore nontraditional means to access services (hubs, telemedicine, transportation)
- 4. Research and compare other systems and districts (community-based schools).
- 5. Define roles for internal/external services providers.
- 6. Determine communication protocols (students, parents, community, teachers, staff).
- 7. Explore legal/ethical responsibilities.
- 8. Research and develop a unified, all-inclusive platform for awareness and streamlined access to needed services (possibly virtual).
- 9. Develop, build, enhance and maintain collaborative structures with internal and external service providers (i.e., host town hall meetings of service providers for awareness, collaboration, establishing relationships and identifying needs).
- 10. Begin documentation of developed system.
- 11. Begin training/capacity building on the developed system.
- 12. Maintain engagement with identified partners.
- 13. Evaluate plan annually and make changes as needed.

Action Plan 4.2.2

Specific Result: Simplify and maintain ways for students, families and the community to contribute to the school/district which utilize their talents and resources and lift up their own unique value.

- 1. Understand and identify current systems and processes to connect and contribute.
- 2. Determine strengths and challenges in current processes.
 - Define and identify stakeholders.
 - Input/feedback from stakeholders (ex: survey to find what families have to offer, students, teachers, families community).
- 3. Identify community talents, resources and ways they can connect to district/campus needs.
- 4. Explore nontraditional ways to contribute (time, place, skills).
- 5. Enhance, expand or develop systems/processes that allow increased stakeholder connection and contribution.
- 6. Develop systems to measure stakeholder engagement.
- 7. Evaluate and maintain developed systems/processes.

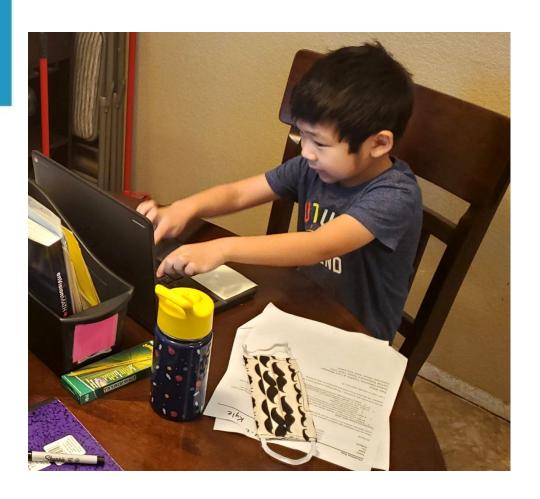

Management

Objective: As good stewards, we will strategically and equitably manage our resources to meet identified student needs and align resource allocation with district goals.

Strategy 5.1: Increase investment in our learning community through advocacy, partnerships and increased enrollment.

Strategy 5.2: Design and manage a system that allocates resources in alignment with our district's strategic objectives.

Action Plan 5.1.1

Specific Result: Grow and sustain the district's portfolio of partnerships to include community and corporate financial sponsorships along with in-kind, volunteer, mentorship, internship, externship, job-shadowing and student opportunities.

- 1. Examine methods to increase our capacity to develop and deepen long-term community and corporate relationships and recognize that this function is separate from the solicitation of more marketing-driven annual sponsorships.
- Create a list of priorities agreed upon by district and foundation leadership that can be easily and widely communicated to both district staff and the community. These priorities will guide decisions on which community or business entities on which to focus.
- 3. Target communication efforts with current and potential long-term partners including regular updates on programs supported, student achievement, PR efforts, social media posts, etc.
- 4. Create a system for district staff to use when asking for or receiving donations or volunteer hours that will allow the district to collect data to accurately gauge current engagement activity.
- 5. Create a clearinghouse to efficiently match community resources with student and campus needs, including but not limited to traditional volunteers, guest speakers, mentorships, externships, internships, job-shadowing opportunities, expertise/talents, etc.
- 6. Evaluate plan annually and make changes as needed.

Action Plan 5.1.2

Specific Result: Explore additional possibilities for schools and programs of choice while overtly marketing our existing programs in order to provide greater accessibility and meet more individualized student needs.

Action Steps:

- 1. Examine existing programs of study and actively market those pathways to students.
- 2. Examine tuition-based entrance to our existing programs/schools from students outside of the district's boundaries.
- 3. Explore other types of schools and programs or enhancements to existing campuses which fit student needs and interests that are not currently offered.
- 4. Evaluate plan annually and make changes as needed.

Action Plan 5.2.1

Specific Result: Create strategic allocation model that brings adequacy and equity to all students and programs.

- 5. Develop data-driven allocation formulas for campuses and implement zero-based budgets for departments.
- 6. Distribute allocations and provide informational sessions on how allocations are formulated.
- 7. Assemble a FOCUS group to gather feedback on processes once completed and refine/enhance future processes.
- 8. Offer training sessions to demonstrate best practices and provide assistance.
- 9. Evaluate plan annually and make changes as needed.

Action Plan 5.2.2

Specific Result: Evaluate desired outcomes against resource allocations to ensure effectiveness and to allow reassessment of resource distributions.

- 1. Prior to developing next year allocations, review formulas and revise as needed.
- 2. Track student growth, campus improvement and department effectiveness in relation to funds allocated.
- 3. Develop expected outcomes prior to adding FTEs and/or resources.
- 4. Evaluate results obtained from additional resources provided.
- 5. Analyze progress in Campus Improvement Plans based on resource allocations.
- 6. Utilize new tools (Forecast 5, Plan to Learn) to provide historical and dashboard data to campuses and departments and to evaluate effectiveness of resources provided.
- 7. Evaluate plan annually and make changes as needed.

District Regulations

Preparation

A proposed budget shall be prepared by the Superintendent and Chief Financial Officer with participation of campus and department stakeholders within the provision of the Strategic Plan and state mandated guidelines for programs.

The budget shall include four basic segments for review and evaluation:

- Revenues
- Personnel Costs
- Operational Costs
- Capital and other non-project costs

The budget process will include Board of Trustee budget workshops for the development of each segment, which provide for community feedback regarding the process and will allow for sufficient time for the Board of Trustees to address the strategic plan and fiscal issues.

The proposed budget and all preliminary budgetary information will be available on the District's website for public view.

Tax Rate Adoption

The District may not adopt a tax rate until after the District receives the certified appraisal roll as required by Section 26.01 of the Property Tax Code between July-August of each year. In the event that the tax rate exceeds the rate proposed in the District's notice prepared for the budget hearing or the District's Voter Approval Tax rate as determined under Section 26.08 of the Property Tax Code, the District must publish a revised notice and hold another public meeting before adopting the tax rate. The District shall adopt its tax rate no later than September 30th.

Analysis of Adopted Budget

General Fund – This fund, budgeted at \$685,330,304 is established to account for resources financing the fundamental operations of the District, in partnership with the community, in enabling and motivating students to reach their full potential. This is a budgeted fund and any fund balance are considered resources available for current operations. Fund balances may be appropriated by the Board of Trustees to implement its responsibilities.

Local Revenues are driven by property taxes and State Program revenues are driven by the Texas Education Agency (TEA) calculated Foundation School Program. General Fund current expenditures increased by \$1,417,011 from 2020-2021 amended budget, reflecting a projected decrease in enrollment of 1,477 students from 52,274 in 2020-2021 to an estimated of 50,797 in 2021-2022.

The District's approach to coping with the combination of declining enrollment and a restricted funding environment, while still maintaining an excellence in academic standards, has ensured that the budget process is instructionally driven and guided by the Strategic Plan. During the budget development process, the Administration reviewed all revenue and expenditures and focused on aligning the allocation of resources, both personnel and financial, with the accomplishment of the goals and objectives of the District.

Debt Service – This fund, budgeted at \$27,153,747 is established to account for payment of principal and interest on long-term general obligation debt and other long-term debts for which a tax has been dedicated.

As of June 30, 2020, the District had total bonded debt outstanding of \$823.6 million. The ratio of net general bonded debt to assessed valuation and the amount of net bonded debt per capita are useful indicators of the District's debt position. Both of these indicators increased due to the issuance of \$23,370,000 of Series 2019 Unlimited Tax School Building & Refunding Bonds in November 2019. Net bonded debt per student was \$2,223 and the ratio of net bonded debt to assessed value was 1.34 percent.

The District has authorized unissued bonds as of June 30, 2020 in the amount of \$49,875,000. The District issued \$23,370,000 of Series 2019 Unlimited Tax School Building & Refunding Bonds. The bonds were issued with a \$630,255 premium. The District continues to enjoy excellent bond ratings. Rating agency reviews were conducted in the fall of 2019 in conjunction with the issuance of the Series 2019 Unlimited Tax School Building & Refunding Bonds issued on November 12, 2019. Moody's Investors Service, Inc. assigned an underlying rating of AAA while Standard and Poor's Corporation assigned an underlying rating of AA+ with a stable outlook to the district's debt obligations.

Capital Projects – The District have several active construction projects. Projects include additions to buildings and renovations of existing facilities. Expenses and estimated future expenditures for capital projects are funded from operating capital project funds, unexpended bond proceeds and additional general obligation bonds.

In 2017 the district purchased property for a new Fine Arts facility. As of fiscal year ending June 2021 construction for this project was not completed. The building is named Robbie and Lynore Robinson Fine Arts Center and is set to open in fiscal year 2021-2022.

Capital Projects do not require annual school board adoption but are included in this document for informational purposes.

Food and Nutritional Services – This fund, budgeted at \$162,981,131 in total are established to account for programs using federal reimbursement revenues originating from the United States Department of Agriculture (USDA). User fees are charged to supplement reimbursements from the National School Breakfast, Lunch and Dinner Programs.

Food and Nutrition Service (FNS) recognizes that state agencies and school food authorities need additional support and flexibility to continue serving free meals to all children while maintaining appropriate safety measures and managing the impacts of COVID–19. This will be especially important during school year 2021-2022 when communities are reopening but all school children are not yet vaccinated; social distancing will be particularly important while communities balance reopening schools and safety for students.

Pursuant to the authority in Section 2202(a) of the Families First Coronavirus Response Act (the FFCRA) (PL 116-127), as extended by the Continuing Appropriations Act 2021 and Other Extensions Act (PL 116-159) and based on the exceptional circumstances of this public health emergency, the Food and Nutrition Service (FNS) is establishing a waiver to allow the National School Lunch Program Seamless Summer Option (SSO) to operate when school is open during the regular school year, through June 30, 2022.

Federal Funds – The Federal Funds are used to account for federal grants awarded to the District with the purpose of accomplishing specific educational goals. These purposes must supplement basic education services delivered by local and state revenues in the General Fund. They are not intended to replace the original funding of these basic education services. These funds utilize the modified accrual basis of accountings.

Federal Funds do not require annual school board adoption but are included in this document for informational purposes.

Combined Funds

The combined budget of Plano ISD includes – The General Fund, Debt Service Fund, Capital Projects Fund, Food and Nutritional Fund and Federal Funds. A summary of the total budget funds for 2021-2022 is shown below.

PLANO INDEPENDENT SCHOOL DISTRICT SUMMARY

For the Year Ended June 30, 2022

All Governmental Funds

Revenues By Source and Expenditures By Object

	General Fund 2022	Debt Serivce 2022	Capital Projects 2022	Food and Nutritional 2022	Federal Funds 2022	Total 2022

Additional Information

Economic Factors – The local economy continues to be favorable. Certified taxable property values reported in the summer of 2020 grew by \$1.7 billion (2.91%) from 2019 and now totals \$60.4 billion. Of this growth, \$931.9 million was for new construction. The balance reflects increases in value of existing property. In the last three years, Plano has created a new central business district in North Texas with the \$3.2 billion, 255- acre Legacy West development. Several large companies have recently opened corporate headquarters in Plano. Those companies included Toyota, Liberty Mutual Insurance, JPMorgan Chase & Company and FedEx. According to the Plano Economic Development Board, daytime workforce is approaching 100,000 jobs.

In the South central section of the district, the \$1.5 billion, 186-acre CityLine mixed-use development is home to State Farm Insurance; the key corporate anchor of the development Raytheon now fully occupies its new regional office within the development. CityLine has six million square feet of office space, almost 4,000 apartments, two hotels and 300,000 square feet of retail space. Also, demolition and construction began in 2020 on the Collin Creek development, formerly known as Collin Creek Mall. The development will include a hotel, 400 single family homes, 200 multifamily units, and retail spaces designed to sustain the community.

The District will adopt its 2021-22 budget on June 22, 2021. The 2021-22 General Fund budget has revenues and other sources of \$666.5 million, appropriations and other uses of \$686.2 million, thus resulting in a \$19.1 million deficit budget. The General fund revenue budget decreased \$6.8 million compared to 2020-21 final amended budget.

Appropriations and other uses reflect an increase of \$1.4 million when compared to the 2020-21 final amended budget.

- Decrease in salary and benefits of \$10.1 million due reduction in staff by attrition
- Recapture payments to TEA were increased from \$179.8 million for FY 2021 to \$187.9 million in FY 2022

By September 30th, 2021 the District will adopt a maintenance and operations tax rate of \$1.05475 per \$100 of taxable assessed value and adopted a debt service tax rate of 26.9 cents. Due to the favorable interest rates and increase in property values, the District is able to maintain the same debt service tax rate adopted in 2020-21. Debt payments due in 2021-22 consist of \$129.3 million.

COVID-19 Impact – The District made the decision in March 2020 to move to full virtual learning, and this continued for the remainder of the 2019-20 school year to reduce the spread of COVID-19. This change in instructional delivery cost the district a significant amount in technology cost, including additional devices, internet connectivity and software programs. The District did however realize savings in other areas, such as, personnel costs, supplies and materials, fuel and utilities. School districts were held harmless for the last two six week periods on state funding as the State used the first four six-week periods for attendance calculations.

The State of Texas did receive approx. \$1.2B of Elementary and Secondary School Emergency Relief (ESSER) stimulus funds from the US Government for school districts under the Coronavirus Aid, Relief and Economic Security (CARES Act). Plano ISD was allotted \$4.03M of these ESSER funds and while these were additional funds to the District, the State reduced the District's average daily attendance by 534 students to reduce the same \$4.03M out of state funding and increased recapture to negate the additional funding. The District did receive other stimulus funds through the Corona Relief Fund (CRF) in late 2020 fiscal year and early 2021 fiscal year. The District also incurred significant additional costs in early fiscal year 2021 related to additional technology, software and personal protective equipment.

ORGANIZATIONAL SECTION

GOVERNANCE

The governance of the District is overseen by a seven-member Board of Trustees (Board) that are elected by the citizens. Each member is elected to a four-year term with the elections being staggered in odd years so that not all positions are voted on during the same year. In this section a listing of the present members of the Board along with the administrative officials who are appointed by the Board.

Regular action meetings are generally scheduled the first Tuesday of the month and regular work sessions the third Tuesday of the month. Both the action meetings and the work sessions are held in the District's Administration Building. Special meetings are scheduled as needed and announced in compliance with public notice requirements.

The School Board has final control over local school matters limited only by the state legislature, by the courts and the will of the people as expressed in School Board elections. Board decisions are based on a majority vote of a quorum of the Board.

In general, the Board adopts policies, sets direction for curriculum, employs the Superintendent and oversees the operations of the District and its schools. Besides general Board business, trustees are charged with numerous statutory regulations, calling Trustee and other school elections and canvassing the results, organizing the Board and electing its officers. The Board is also responsible for setting the tax rate, setting salary schedules, acting as a board of appeals in personnel and student matters, confirming recommendations for textbook adoptions and adopting and amending the annual budget.

The Board has responsibilities and control over all activities related to the public school education within its geographic boundaries. Even though there is considerable association between such other entities as the Collin County Tax Office and the Collin County Central Appraisal District, this report is restricted only to the actual activities of the District.

The Board solicits and evaluates community input and support concerning school policies.

LEGAL REQUIREMENT

Statement of Texas Law

Sections 44.002 through 44.006 of the Texas Education Code establish the legal basis for budget development in school districts. The following items summarize the legal requirement from the code:

- 1. The Superintendent is the budget officer for the District and prepares or causes the budget to be prepared.
- 2. The District budget must be prepared by a date set by the State Board of Education, currently June 19th.
- 3. The President of the Board of Trustees must call a public meeting of the Board of Trustees, giving ten (10) days public notice in a newspaper, for the adoption of the District budget. Any taxpayer in the District may be present and participate in the meeting. Concurrently with the publication of notice of the budget above, a school district must post a summary of the proposed budget on the school district's Internet website or in the district's central administrative office if the school district has no Internet website. The budget summary must include a comparison to the previous year's actual spending and information relating to per-student and aggregate spending on instruction, instructional support, central administration, district operations, debt service and any other category designated by the commissioner.

Education Code 44.0041

The summary of the budget should be presented in the following areas:

- (A) Instruction
- (B) Instructional Support
- (C) Central Administration
- (D) District Operations
- (E) Debt Service and
- (F) Any other category designated by the commissioner
- 4. No funds may be expended in any manner other than as provided for in the adopted budget. The Board does have the authority to amend the budget or adopt a supplementary emergency budget to cover unforeseen expenditures.
- 5. The budget must be prepared in accordance with GAAP (Generally Accepted Accounting Principles) and state guideline.
- 6. The budget must be legally adopted before the adoption of the tax rate unless the district elects to adopt a tax rate before receiving the certified appraisal

- roll for the district as provided by Section 26.05(g), Tax Code (see the following point if the district elects to adopt the tax rate first). Additionally, a school district must publish a revised notice and hold another public meeting before the district may adopt a tax rate that exceeds the following: (1) The rate proposed in the notice prepared using the estimate; or (2) The district's rollback rate determined under Section 26.08, Tax Code, using the certified appraisal roll.
- 7. If a school district elects to adopt a tax rate before adopting a budget, the district must publish notice and hold a meeting for the purpose of discussing the proposed tax rate as provided by TEC 44.004. Following adoption of the tax rate, the district must publish notice and hold another public meeting before the district may adopt a budget. The comptroller shall prescribe the language and format to be used in the notices. The school district may use the certified estimate of taxable value in preparing a notice.
- 8. HB 3, 81st Regular Session, added TEC 39.084 which requires that on final approval of the budget by the school board, the school district shall post on the District's internet website a copy of the adopted budget. The website must prominently display the electronic link to the adopted budget until the third anniversary of the date the budget was adopted.

Plano ISD 043910

ANNUAL OPERATING BUDGET

CE (LOCAL)

Fiscal Year

The District shall operate on a fiscal year beginning July 1 and ending June 30.

Budget Planning

Budget planning shall be an integral part of overall program planning so that the budget effectively reflects the District's programs and activities and provides the resources to implement them. In the budget planning process, general educational goals, specific program goals, and alternatives for achieving program goals shall be considered, as well as input from the District- and campus-level planning and decision-making committees. Budget planning and evaluation are continuous processes and shall be a part of each committee's activities.

Budget Meeting

The annual public meeting to discuss the proposed budget and tax rate shall be conducted as follows:

- 1. The Board President shall request at the beginning of the meeting that all persons who desire to speak on the proposed budget and/or tax rate sign up on the sheet provided.
- 2. Prior to the beginning of the meeting, the Board may establish time limits for speakers.
- 3. Speakers shall confine their remarks to the appropriation of funds as contained in the proposed budget and/or the tax rate.
- 4. No officer or employee of the District shall be required to respond to questions from speakers at the meeting.

Authorized Expenditures

The adopted budget provides authority to expend funds for the purposes indicated and in accordance with state law, Board policy, and the District's approved purchasing procedures. The expenditure of funds shall be under the direction of the Superintendent or designee who shall ensure that funds are expended in accordance with the adopted budget.

Budget Amendments

The Board shall amend the budget when a change is made increasing any one of the functional spending categories or increasing revenue object accounts and other resources.

DATE ISSUED: 10/2/2015

UPDATE 103 CE(LOCAL)-X

ANNUAL OPERATING BUDGET-Continue

CE (LOCAL)

Financial Policy and Objectives

In order to meet its mission, the District depends on its property tax collections for the majority of its funding. Additionally, the District receives limited state aid and grant revenues. The District receives its revenues at various intervals during the year, and the majority of its revenue is received through tax collections in late December through early February of each year.

The District recognizes the importance of maintaining its financial integrity; therefore, it has developed this policy to support its mission, goals, and objectives.

Financial Stability

In seeking to fulfill its mission, the District shall maintain a high level of financial stability and shall not compromise long-term financial integrity to achieve short-term benefits.

In an effort to provide adequate cash flow for its operations, maintain a strong credit rating, and plan for unanticipated extraordinary costs, the District shall attempt to maintain a fund balance in the general operating fund that is approximately 20 percent of general operating expenditures, excluding any nonspendable fund balance and a fund balance in the interest and sinking fund that is approximately 20 percent of the current annual debt service requirement.

Funds from Operation

The District's general operating fund shall provide adequate funding to support the following:

- 1. Cash flow needs;
- 2. Quality instructional programs;
- 3. Bond ratings;
- Unfunded state-mandated costs;
- 5. Changes in state funding formulas that impact cash flow; and
- 6. Unanticipated extraordinary costs.

DATE ISSUED: 10/2/2015

UPDATE 103 CE(LOCAL)-X

ANNUAL OPERATING BUDGET-Continue

CE (LOCAL)

Revenue

The District's revenue levels shall be evaluated annually with the administration's recommendations giving consideration to the following:

- Cash flow needs;
- Bond ratings;
- Operating requirements;
- Current business conditions, including the local economy;
- Economic projections, including property values, the state's economy, legislative issues, and the like;
- Student growth assumptions; and
- The projected level of expenditures.

General Operating Fund Expenditures

All expenditures from the general operating fund shall maintain the following priorities of obligation:

- 1. Payments of all legal and reasonable expenditures relating to maintenance and operations of the District's general fund.
- 2. Payments to special revenue funds that require a matching amount for federal or state grants, including the child nutrition fund and the construction fund.

Reporting

The District shall prepare financial operations reports in accordance with the following:

- An annual financial plan (budget) detailing revenues and expenditures shall be provided for the Board's approval prior to July 1 of each fiscal year.
- An annual audit shall be conducted by an external professional auditing firm that includes the necessary details to reconcile the District's financial operations for the year. The audit report shall be submitted for review and approval by the Board after the end of the fiscal year.

DATE ISSUED: 10/2/2015

ANNUAL OPERATING BUDGET-Continue

CE (LOCAL)

Order of Expenditure

The order of spending and availability shall be to reduce funds from the listed areas in the following order: restricted, committed, assigned, and unassigned. Negative amounts shall not be reported for restricted, committed, or assigned funds.

Fund Balance

Fund balance shall mean the gross difference between governmental fund assets and liabilities reflected on the balance sheet.

- The District shall maintain fund balances that
- Are adequate for sound fiscal management;
- Provide for the stewardship of public funds; and
- Are in keeping with state or federal legal requirements.

Fund Balance of the General Fund

The fund balance of the general fund, one of the governmental fund types, is of primary significance because the general fund is the primary fund, which finances most functions in the District. The fund balance of the general fund shall mean the gross difference between general fund assets and liabilities reflected on the balance sheet.

The five classifications of fund balance of the governmental types are as follows:

Nonspendable Fund Balance

1. "Nonspendable fund balance" shall mean the portion of the gross fund balance that is not in spendable form (such as inventories) or that is legally or contractually required to be maintained intact.

Examples of fund balance reserves for which fund balance shall not be available for financing general operating expenditures include:

- Inventories;
- Prepaid items;
- Deferred expenditures; and
- Long-term receivables.

Restricted Fund Balance

2. "Restricted fund balance" shall include amounts constrained to a specific purpose by the provider, such as a grantor.

Examples include:

- Child nutrition programs;
- Retirement of long-term debt;

DATE ISSUED: 10/2/2015

Plano ISD 043910

ANNUAL OPERATING BUDGET-Continue

CE (LOCAL)

- Construction programs; and
- Other federal and state grants.

Committed Fund Balance

3. "Committed fund balance" shall mean the portion of the fund balance that is constrained to a specific purpose by the Board.

Examples could include items such as:

- Potential litigation, claims, and judgments;
- Campus activity funds; and
- Local special revenue funds.

Assigned Fund Balance

4. "Assigned fund balance" shall mean the portion of the fund balance that is spendable or available for appropriation but has been tentatively allocated for some specific purpose by the Board, the Superintendent, or the chief financial officer.

In practice, such plans or intent may change and never be budgeted or result in expenditures in future periods of time.

Examples include:

- Insurance deductibles;
- Encumbrances;
- Program start-up costs;
- Projected budget deficit for the subsequent year; and
- Other legal uses.

Unassigned Fund Balance

5. "Unassigned fund balance" shall include amounts available for any legal purpose. This portion of the total fund balance in the general fund shall be available to finance operating expenditures.

The unassigned fund balance shall be the difference between the total fund balance and the total of the nonspendable fund balance, restricted fund balance, committed fund balance, and assigned fund balance.

DATE ISSUED: 10/2/2015

ANNUAL OPERATING BUDGET-Continue

CE (LOCAL)

Operating Fund and Interest and Sinking Fund

The Board shall attempt to maintain a fund balance in the general operating fund that is approximately 20 percent of general operating expenditures, excluding any nonspendable fund balance and a fund balance in the interest and sinking fund that is approximately 20 percent of the current annual debt service requirement.

The Board shall review annually the District's fund balances in these funds during the planning and preparation of the budget. The purpose shall be to determine amounts that can be used to finance the operating and debt service budgets for the next year. In this review, consideration shall be given to the following factors:

- 1. Projected population and financial growth of the District.
- 2. Projected state funds.
- 3. Tax collections, delinquent taxes, and tax litigations.
- 4. Operating expenditure requirements for the period until a major portion of current year property taxes are collected.
- 5. Property insurance and other liabilities.
- 6. Cash management and fund investments.
- 7. Impact of fund balances on the District's bond rating.

Designated Purpose Funds

According to legal requirements for federal programs, excess fund balances at the close of a project, interest income earned as a result of the investment of program funds, and the proceeds from the sale or disposal of unreplaced program property shall revert to TEA.

GENERAL INFORMATION

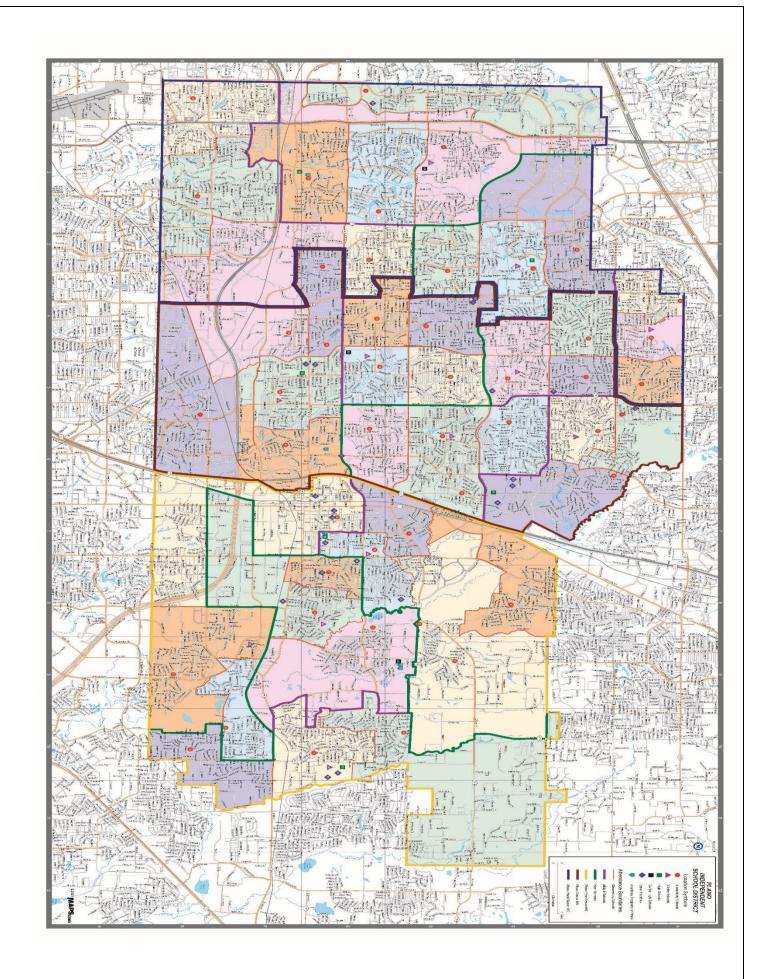

The District provides a well-rounded program of public education from prekindergarten through grade twelve. All schools within the District are fully accredited by the Texas Education Agency. The District consist of 72 school system facilities.

Grade Levels	# of Campuses
Pre-Schools	3
Elementary School (K-5 & PreK-5)	44
Middle Schools (6-8)	13
High Schools (9-10)	6
Senior High Schools (11-12)	3
Academy High School (9-12)	1
Special Program Centers (K-8 & 9-12)	2
TOTAL	72
Other Programs	
Plano Family Literacy School	1
Head Start	1
Special Education Adult Transition Center	· <u> </u>
TOTAL	3

In order to service the estimated enrollment of 50,797 students, the District provides regular, special education, vocational, gifted/talented and bilingual/ESL curriculums. The District also has a variety of academic choices:

- ❖ IB World School at Huffman Elementary (grades PreK-5) International education program that focuses on the whole child and explores globally significant ideas and issues.
- ❖ IB World School at Plano East (grades 9-12) Academically challenging and balanced program preparing students for success at university and beyond.
- ❖ Industries Academy at the Collin College Technical Campus Dual workforce credit instruction focusing on high-demand and high-wage career fields. Students receive career-specific training and industry certifications while still in high school. Open in August 2020 to 10th grade student's applicants.
- Academy High School (grades 9-12) Interdisciplinary project based learning with a focus on science, technology, engineering, art and math.
- Health Sciences Academy (grades 9-12) Preparing students for the workforce or a four-year, premedical program, offering college credit, technical certificates and hands-on experience with healthcare professionals.

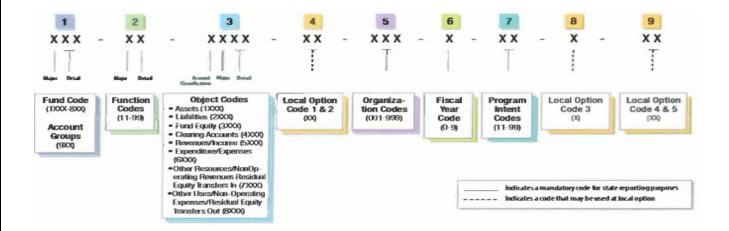

Accounting Code Structure

A major purpose of the following accounting code structure is to establish the standard school district fiscal accounting system required by law. All school finance accounting systems must meet the minimum requirements prescribed by the State Board of Education (SBOE). Although certain codes may be used as local options, the sequence of the codes within the structure, and the funds and chart of accounts, are to be uniformly used by all school districts in accordance with generally accepted accounting principles (GAAP).

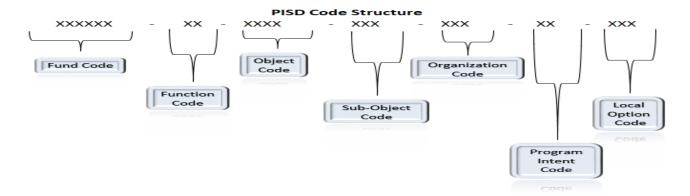

Texas Education Agency has released and adopted *The Financial Accountability System Resource Guide (FASRG)*. This guide describes the rules of financial accounting for school districts. This resource guide has several modules. The FAR (Financial Accounting and Reporting) Module contains all account codes and account code matrices.

Financial Accountability System Resource Guide, or FASRG

- Created by TEA
- Several Modules: FAR, Budgeting, Purchasing, Auditing, Accountability, Data Collection, Management, State Compensatory Ed
- > FAR Module- Contains all account codes and account code matrices.
- Account codes are uniform throughout the state, except for locally defined codes

PISD uses 6-digit fund code, 3-digit sub-object and does not use the fiscal year code.

Fund Code – A mandatory 3 digit (Plano uses 6 digits) code is used for all financial transactions to identify the fund group and specific funds. The first digit refers to the fund group, and the second and third digits specify the fund. Funds listed below are unique to Plano ISD.

BASIS OF ACCOUNTING

Fund Financial Statements the District uses fund accounting to monitor specific sources of funding and spending for particular purposes. The fund financial statements provide more detailed information about the District's most significant funds—not the District as a whole.

- Some funds are required by State law and by bond covenants.
- The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

All of the funds of the District can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the District's activities are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year end that are available. However, unlike the government-wide financial statements, governmental fund financial statements provide a detailed short-term view that helps determine what level of financial resources can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information in subsequent pages that explains the relationship (or differences) between them. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Debt Service Fund and the Capital Projects Fund, which are considered to be major funds. Data from all other Special Revenue Funds is in the Other Funds column and is presented as a non-major governmental fund on the same statements.

Proprietary funds are used to account for operations that are financed similar to those found in the private sector. These funds provide both long-term and short-term financial information. The District maintains two types of proprietary funds. Enterprise funds are used to report as business-type activities in the government-wide financial statements. The District uses enterprise funds to account for its concession service, after school care and employee childcare. Internal service funds report activities that provide services for the District's other programs and activities, i.e., health insurance, workers' compensation, property insurance, unemployment benefits and print shop. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities within the government-wide financial statements.

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations and/or other funds. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of fiduciary net assets. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

FUND BALANCE

The District classifies governmental fund balances as follows:

Nonspendable Includes amounts that cannot be spent because they are either not in spendable form or for legal or contractual reasons, must be kept intact. This classification includes inventories, prepaid items and long term receivables.

Restricted Includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts restricted due to constitutional provisions or enabling legislation. This classification includes the child nutrition program, retirement of long term debt, construction programs and other federal and state grants.

Committed Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the District through formal action of the highest level of decision making authority. Committed fund balance is reported pursuant to resolution passed by the District's Board of Trustees. This classification includes campus activity funds, local special revenue funds and potential litigation, claims and judgments.

Assigned Includes fund balance amounts that are self-imposed by the District to be used for a particular purpose. As defined by the Fiscal Management Goals and Objectives Policy, fund balance can be assigned by the District's Board, the Superintendent, or the Associate Superintendent of Business Services. This classification includes insurance deductibles, encumbrances, program start-up costs, projected budget deficit for subsequent years and other legal uses.

Unassigned Includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts

restricted, committed, or assigned for those specific purposes. When both restricted and unrestricted fund balances are available for use, it is the District's policy to use restricted fund balance first, then unrestricted fund balance. Furthermore, when expenditures are incurred, the order of reduction is committed fund balances are first, followed by assigned amounts then unassigned amounts.

Minimum Fund Balance Policy It is the policy of the Board to maintain a fund balance in the General Operating Fund that is 20 percent of general operating expenditures, excluding any nonspendable fund balance; and fund balance in the Interest and Sinking Fund that is 20 percent of the current annual debt services requirement.

OTHER REVENUE SOURCES

PASAR – PLANO AFTER SCHOOL CARE PROGRAM

PASAR is Plano ISD's after-school care program for students in grades Pre-Kindergarten through grade 5, located on all elementary campuses, Head Start, Beaty Early Child Services, Isaacs Early Child Services and Pearson Early Child Services.

PASAR MISSION STATEMENT - Plano ISD elementary after-school care program, will strive to provide a safe, positive environment for students enrolled in the program. Opportunities will be given for students to work on homework, participate in structured recreational and fine arts activities and enhance their overall skill development.

Plano ISD Board of Trustees policy promotes mutual respect, civility and orderly conduct among District employees, parents and the public. The District encourages positive communication and discourages volatile, hostile, or aggressive actions. The District seeks and encourages patrons to cooperate with this endeavor.

Due to the COVID-19 Pandemic shutdown, the PASAR enterprise revenues decreased \$2.4 million from the prior year. It is anticipated for the 2021-2022 fiscal year PASAR will have an operating income of \$33,834.

ECCC – EMPLOYEE CHILD CARE CENTERS

The Plano ISD ECCC were created to provide a service for our teachers. The exceptional centers have proven to be a valuable tool in the retention and recruitment of the best teachers in North Texas. We currently have three employee child care centers. The ECCC program serve children from six weeks of age to kindergarten age. The ECCC's are licensed through the Texas Department of Family and Protective Services. The mission of the Plano ISD ECCC's are to provide a fun, nurturing and safe learning environment committed to preparing lifelong learners.

Due to the COVID-19 Pandemic shutdown the ECCC were shut down. The enterprise fund had expenditures that exceeded revenues by \$520,954 at fiscal year ending 2020. It is anticipated for the 2021-2022 fiscal year to have an operating loss of \$98,784.

OTHER LOCAL REVENUES

Plano ISD has a variety of other local revenues:

Fiscal Year 2021

Cell Tower \$744,052
 JROTC \$268,223
 Fare Busing \$109,140

BUDGET PROCESS

Budget Definition

- A process of allocating resources to prioritized needs of a campus and/or district
- A product of the campus and district planning process
- A valuable tool in the planning and evaluation process
- The link between instruction and financial planning

TEA Requirements

- Budget must be adopted by Board by June 30th
- Minutes must reflect all Budget Amendments
- At a minimum, the General Fund, Food Service Fund and Debt Service Fund must be adopted
- Budget must be filed with TEA through PEIMS
- Budget must be amended before exceeding any function

Type of Budget Method used at Plano ISD for Departments

Zero-based budgeting

Budget starts from zero each year. There is no reference to the previous year's budget and each budget inclusion must be justified. Budgets will be priority-driven, meaning only the most essential items needed to efficiently support the department.

Type of Budget Method used for Campus Budgets

Campus budgets are calculated allocation based on cost drivers of projected campus enrollment, student demographics, instructional settings and programs and state compliance factors.

The initial allocation represents 90% of the campus funding allocation. The remaining amount will be distributed at a later designated date based on the campus enrollment as of the PEIMS Snapshot Date on the last Friday in October.

Budget Planning

The budget planning is a seven-month process that starts in November each year. The District builds its budget priorities around its vision and mission. During the budget process, the goal of the District was to evaluate expenditures to determine cost benefit, administer the needs of the students and adhere to state and federal guidelines. While following those

priorities, the District's charge is to monitor spending in a way that results in the most efficient use of resources, within the limitations and mandates placed upon public schools by statute and regulations. A tight alignment is maintained between the overall budget and the planning that helps the District be more efficient in meeting established priorities.

The budget process is coordinated so that major strategic issues are identified prior to the budget approval date. This will allow the Board of Trustees adequate time for consideration of appropriate decisions and analysis of the associated financial impacts.

The critical needs of the district are programs that directly serve students; the employees of the district who administer and deliver those programs and the facilities required to support students. Within those categories the District relies on input from the campus administrators, teachers, department directors and staff, district administrators, the Board of Trustees and the community to address how best to meet those critical needs in the budget process. In addition, parents and community members can make comments in public budget hearings at Board meetings.

Personnel is a critical need and resource. Personnel total expenditures account for a majority of the overall district budget in Plano ISD as is the case in all school districts. Decisions regarding staffing and hiring are made carefully. In order to assure that compensation levels are appropriate for various positions, Plano ISD annually arranges for TASB (Texas Association of School Boards) consultants to study all salaries.

Staffing ratios (students to staff) are in place and followed at every campus; these account for all personnel needed to operate a campus and provide additional direction beyond classroom ratios established by the state. Serving students always remains the top priority in staffing decisions.

Reporting

Budget evaluation is a continuous process and part of each month's activities. Monthly financial reports will be presented to the Board of Trustees in a format appropriate to enable the Board to understand the overall budget and financial status of the District.

Control and Accountability

Each campus and departmental administrator is responsible for the administration and oversight of his or her budget which is controlled on an organizational basis. This includes accomplishing the targets adopted as part of the budget and monitoring each department budget for compliance with spending limitations. Campus and departmental administrators

may transfer allocations within function code with prior approval of the appropriate administrator and the Chief Financial Officer. Transfers of personnel budgets, transfers between function codes and certain other District level allocations may not be transferred without the prior approval of the Board of Trustees.

Budget Amendments

The District budget shall be amended as necessary based on financial and economic factors. The budget must be amended prior to exceeding a functional expenditure category in the total district budget. The Board of Trustees may authorize an amendment to the budget for those items not included in the originally approved budget due to unforeseen circumstances.

STRATEGIC PLANNING PROCESS

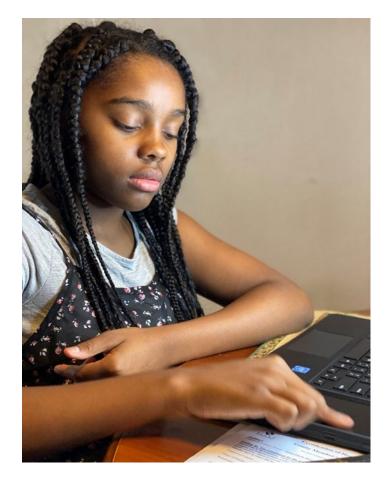

To continue the legacy of excellence in Plano ISD, with high aspirations for all students, from Pre-Kindergarten, through graduation and beyond. Plano ISD began a year-long strategic planning process that started with the Board of Trustees in Spring 2018. Drawing on the collective experiences and knowledge of a diverse and representative group of district stakeholders, the Board members worked together to develop beliefs, a vision and pillars. The 75-member strategic planning committee comprised of educators, parents, students, trustees and community members, that worked to develop the plan's mission, objectives and strategies. Additionally, 124 stakeholders serving on 11 action teams developed action plans in order to operationalize the strategic plan. It was important to have an in-depth, self-examination process. After board approval on April 9, 2019 the plan was unveiled to the community at Plano ISD's first-ever State of the District Address on April 25, 2019. Details of this plan are state in the executive summary section of this document.

Objective: All students will have access to a culture of high expectations coupled with an engaging, innovative, personalized and supportive learning environment.

Strategy 1.1: Empower educators to design learning experiences that meet the individual needs of each student.

Strategy 1.2: Equip educators to continually assess learning using a variety of methods to determine next steps in the learning progression.

Objective: Plano ISD Graduates will possess the skills and knowledge that enable them to be future-ready citizens and leaders in the global workforce.

Strategy 2.1: Engage our learning community to define student success in terms of life readiness traits and competencies.

Strategy 2.2: Integrate and authentically embed life readiness skills/standards alongside state standards.

Talent
Acquisition,
Support,
and Growth

Objective: To ensure a quality school system, Plano ISD will hire, train and retain the most effective and talented workforce.

Strategy 3.1: Develop innovative recruitment and onboarding practices that reimagine roles and resources to meet diverse district needs.

Strategy 3.2: Cultivate a culture that empowers and supports the development of all employees through innovative thinking, individual learning pathways, collaborative experiences and reflective practice.

Strategy 3.3: Create a multi-tiered system of care and support, that values, retains and grows high-quality staff.

Objective: Plano ISD embraces the diverse community in which we live and work and will foster partnerships that are beneficial to the education of our students and meet the needs of our families.

Strategy 4.1: Identify and engage stakeholders to foster meaningful, committed relationships that embrace the community as partners in student success.

Strategy 4.2: Develop and nurture a culture of empathy, caring and advocacy for our diverse learning community where individuals feel connected.

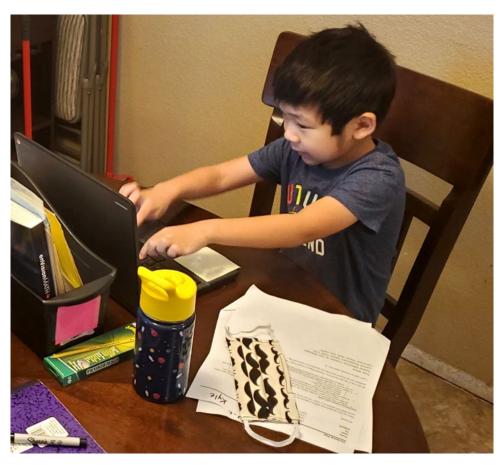

Objective: As good stewards, we will strategically and equitably manage our resources to meet identified student needs and align resource allocation with district goals.

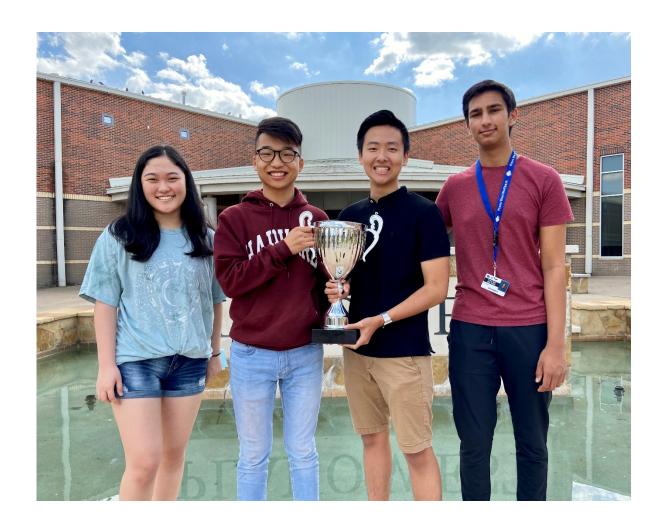

Strategy 5.1: Increase investment in our learning community through advocacy, partnerships and increased enrollment.

Strategy 5.2: Design and manage a system that allocates resources in alignment with our district's strategic objectives.

FINANCIAL SECTION

INTRODUCTION

The Financial Section provides specific fiscal information regarding the various funds of the District. By law, the Board of Trustees must approve annual budgets for the General Fund, Food and Nutritional Services and Debt Service Fund. Also included for information only, are Federal Funds, Capital Projects and Special Revenue Funds.

Budgets are prepared on the same basis of accounting as that used in the financial statements. The basis of budgeting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Governmental fund types are budgeted using the current financial resources measurement focus and the modified accrual basis of accounting.

The primary purpose of this budget document is to provide timely and useful information concerning the past, current and projected financial status of the District, in order to facilitate financial decisions that support the educational goals of the District.

MAJOR REVENUE SOURCES

Local Property Taxes

A major source of local funding for the District is local property tax revenues. Property taxes are levied by October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to the property to secure the payment of all taxes, penalties and interest ultimately imposed.

The following schedule is the property values and estimated tax revenues. Note, total assessed values are based on April certified estimates from Collin Central Appraisal District.

Plano Independent School District Property Values and Estimated Tax Revenues

	General Operating		 Debt Service	
Total Market Value Less Exemptions/Transfers Less Incompletes Estimated Taxable Values Frozen Values	\$	72,111,139,010 (8,496,014,824) (2,415,124,186) 61,200,000,000 (8,147,076,926)	\$ 72,111,139,010 (8,496,014,824) (2,415,124,186) 61,200,000,000 (8,147,076,926)	
Net Estimated Taxable Value	\$	53,052,923,074	\$ 53,052,923,074	
Tax Rate	\$	1.05475	\$ 0.2690	
Tax Revenues	\$	559,575,706	\$ 142,712,363	
Levy on Frozen Values		60,667,930	 20,331,810	
Net Tax Levy	\$	620,243,636	\$ 163,044,173	
Collection Rate		98.5%	98.5%	
Estimated Tax Revenues	\$	611,850,000	\$ 160,903,488	
Delinquent Taxes		1,700,000	400,000	
Penalty and Interest		1,600,000	 300,000	
Estimated Tax Revenues	\$	615,150,000	\$ 161,603,488	

Total assessed values are based on April Certified Estimates from Collin Central Appraisal District.

Other Local Revenue Sources

Other local revenue sources include interest earnings, rental income, athletic gate and concessions, gifts and bequest, tuition based programs.

State Revenue Source

The Texas Education Agency, through its application of state law, allocates state revenues by formula allocation. The District receives two allocations, a per capita allocation and a foundation program allocation. The legislature meets every odd-number year (biennium) to address and write new law and to find solutions to issues the state is facing.

The 87th Regular Session of the Texas Legislature began January 12th 2021 and adjourned on May 31st 2021. A total of 9,966 bills were introduced. Of those bills, HB 1525 is the focus for public school finance and public education. HB 1525 provides HB3 Cleanup to correct technical errors from the 86th Legislative Session, as well as a variety of impactful provisions. To summarize:

- Restores to a weight of 0.07 for each identified gifted and talented students served, limited to a 5% cap on ADA
- Modifies the Career & Technical Education (CTE) funding from one weight of 1.35
 per FTE to a system of tired weights related to courses
- Entitles districts to the highest possible compensatory education weight for each enrolled student who is homeless. Allows use of compensatory education funds to pay for an instructional coach to help disadvantaged students, duties performed by attendance officers and programs to build skilled related to social emotional wellness
- Limits the Formula Transition Grant not to exceed limit of \$400 million
- Creates new grant programs for districts from both state and federal funds
- Allows IMA to be used for distance learning cost
- Allows districts to net their recapture payments against state aid
- Reduces the Maximum Compressed Tier 1 Tax Rate (MCR) to .9164

To view the entire bill, please refer to the Texas Legislature Online – https://capitol.texas.gov.

Federal/Special Revenue Source

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies.

In 2020 and 2021, Congress passed three stimulus bills known as Elementary and Secondary School Emergency Relief (ESSER) that provided relief of the impact of COVID on school districts. ESSER I was funded under the CARES Act; passed in March 2020, PISD is expected to receive \$4.03 million. ESSER II was funded under the CRRSA Act; passed December 2020, PISD is expected to receive \$19.3 million. The American Rescue Plan Elementary and Secondary School Emergency Relief – ARP ESSER or ESSER III passed March 2021, PISD is expected to receive \$43.2 million. The main focus of ESSER I was for preventing and preparing for COVID-19, whereas ESSER II and ESSER III will focus on aiding in reopening school districts and address the learning loss impact the COVID-19 pandemic has had on students. Each of these bills have differences in program requirements that the District must adhere to. Opportunity in the form of a survey has been given to engage stakeholders to provide input in the development of a plan regarding the use of funds. The District will continue to devote, plan and review allowable costs closely to assure strategies are in place to fully maximize these funds. The following schedule is anticipated revenue funds for the

Plano Independent School District Special Revenue Funds 2021-2022 School Year

Grant Program	Preliminary ntitlements
ESSER I Cares Act Funding-2020-2022-Year Two	\$ 1,970,335
ESSER II Coronavirus Response and Relief (CRRSA)	19,250,168
ESSER III American Rescue Plan (2020-2024)	43,233,143
IDEA B Formula	8,710,432
IDEA B Preschool	25,208
IDEA Discretionary Deaf	190,155
Regional Day School for the Deaf *	2,058,815

ESEA Title I, Part A School Transformation	-
ESEA Title II, Part A TPTR	1,258,467
ESEA Title III, Part A ELA	958,712
ESEA Title III, Immigrant	-
ESEA Title IV	416,396
Head Start (Includes COVID and ARP Funding)	1,387,768
Career and Technology Education for 21st Century	442,952
Other Miscellaneous Grants	
Total Grant Funds	\$ 85,528,871

Planning estimates from Texas Education Agency or Administration for Children and Families.

Final entitlements are typically received in the spring.

^{*}Entitlement not available yet. Used prior year amount.

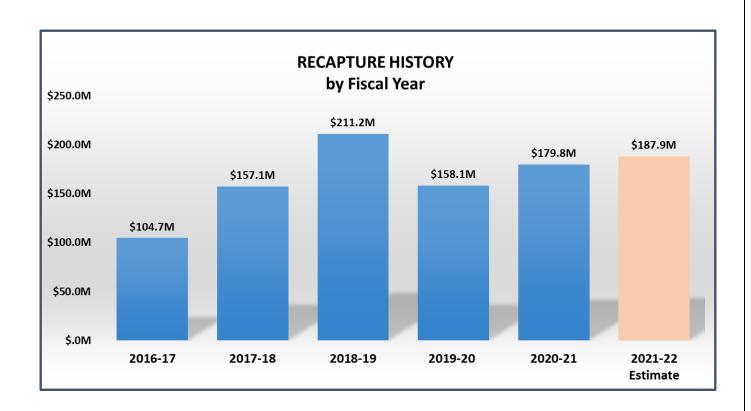

MAJOR EXPENDITURES

Texas Education Code (TEC) makes provisions for certain school districts to share their local tax revenue with other school districts. These provisions are sometimes referred to as "share the wealth" or "Robin Hood" plan because recaptured funds are redistributed by the school finance system to assist with the financing of public education for all school districts.

Plano ISD is defined as a Recapture district through the Chapter 49 provision under the Texas Education Code. Recapture attempts to equalize school district spending by recapturing local tax dollars from "property-rich" districts and trustees who believed property owners have the right to know where and how their school redistributing funds to "property-poor" districts.

Plano ISD partnered with other school districts in an effort called "Taxparency" during the 85th legislative session to collaborate with school board taxes are being spent. Since that time, PISD has continued to disclose historical information showing the amount of property taxes being returned to the State through recapture.

The following shows the recapture history for the District.

2021-2022 SIGNIFICANT EXPENDITURE CHANGES:

T-Mobile/Verizon Hotspots – online learning	\$ 304,000
HVAC Filters (MERV 9 to MERV 11)	159,800
New Customer Service/Engagement Platform – Let's Talk	100,000
Increased Property/Casualty Insurance (estimated)	850,138
Reduction Custodial/Aux. Services – New Custodial Contract	(718,135)
Reduction Technology – One-time Program Costs for Time Clocks	(300,000)
Reduction – Catering expenses at ATC (FANS will serve campus)	(132,119)

Plano ISD's promise to students is that they will leave the district college ready, career ready and life ready

COVID-19

The District made the decision in March to move to full virtual learning, and this continued for the remainder of the 2019-20 school year to reduce the spread of COVID-19. This change in instructional delivery did cost the district a significant amount in technology cost, including additional devices, internet connectivity, and software programs. The District did however realize savings in other areas, such as, personnel costs, supplies and materials, fuel and utilities. School districts were held harmless for the last two six week periods on state funding as the State used the first four six-week periods for attendance calculations. The State of Texas did receive approx. \$1.2B of Elementary and Secondary School Emergency Relief Funds (ESSER) stimulus funds from the US Government for school districts under the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Plano ISD was allotted \$4.03M of these ESSER funds and while these were additional funds to the District, the State reduced the District's average daily attendance by 534 students to reduce the same \$4.03M out of state funding and increased recapture to negate the additional funding. The District did receive other stimulus funds through the Corona Relief Fund (CRF) in late 2020 fiscal year and early 2021 fiscal year. The District did incur significant additional costs in early fiscal year 2021 related to additional technology, software, and personal protective equipment.

OUTLOOK AND ASSUMPTIONS

As we continue to address the declining enrollment, the District has strategically continued the zero-based budgeting process for departments by evaluating expenditures to determine cost benefit analysis and to ensure efficient use of resources. This strategy consisted of meeting with department heads and conducting a line by line review of each budget under their direction. This resulted in a level of thoroughness which gave way to obtaining detailed explanations and a cost savings since its implementation three years ago of approximately \$4.5 million dollars in expenditures. The fund balance deficit is a result of declining student enrollment, increase in recapture and inflationary cost. The response of the District will be to reduce staff by 165 (150 Professionals and 15 Support Staff) through attrition. This plan will result in a reduction of approximately \$10.1 million dollars. The District will continue to perform comprehensive monitoring and forecasting of the budget to ensure cost-effective financial performance.

FINANCIAL STATEMENTS

The District's accounting records for general governmental operations are maintained on a modified accrual basis as prescribed by the *Financial Accountability System Resource Guide*, Texas Education Agency, with the revenues being recorded when available and measurable to finance expenditures of the fiscal period. Expenditures are recorded when services or goods are received and the fund liabilities are incurred. The unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of a fiscal year.

Presented below are financial statements representing all funds combined.

GENERAL FUND

The General Fund accounts for the financial resources of the District and includes transactions as a result of revenues received from local maintenance taxes, interest income, foundation entitlements from the state and other miscellaneous local state and federal revenues. The General Fund uses budgetary control and shows transactions resulting from the daily operations of the District. Local Revenues are driven by property taxes and State Program revenues are driven by the Texas Education Agency (TEA) calculated Foundation School Program. State revenue decreased \$12.2 million and current expenditures increased \$1.4 million from 2020-2021 amended budget. Fund balance is controlled by and retained for the use of the District. This fund is preparing for a \$19.7 million deficit for the 2021-2022 fiscal year. This deficit is a result decreasing student enrollment, increase in recapture and inflationary cost.

PLANO INDEPENDENT SCHOOL DISTRICT For the Year Ended June 30, 2022

DEBT SERVICE FUND

The Debt Service Fund accounts for the payment of general long-term debt principal and interest for debt issues and other long-term debts for which a tax has been dedicated by the District. A school district is authorized to issue bonds and levy taxes for payment of bonds subject to voter approver of a proposition submitted to the voters under Texas Education Code (TEC) 45.003(b)(1), as amended, which provides for a tax unlimited as to rate or amount for support of school district bonded indebtedness. A debt service fund is a governmental fund, with budgetary control, that is used to account for general long-term debt principal and interest for debt issues and other long-term debts for which a tax is dedicated. This fund utilizes the modified accrual basis of accounting. Principal and interest payments for operating indebtedness, including warrants, notes, and short-term lease-purchase agreements, are made from the fund for which the debt was incurred.

Chapter 45 of the Texas Education Code, as amended, requires a district to demonstrate to the Texas Attorney General that it has the prospective ability to pay debt service on proposed issue of bonds, together with debt service on other outstanding "new debt" of the district from a tax levied at a rate of \$0.50 per \$100 of assessed valuation before bonds may be issued. In demonstrating the ability to pay debt service at a rate of \$0.50 a district may take into account State allotments to the district which effectively reduce the district's local share of debt service. Once the prospective ability to pay such tax has been shown and the bonds are issued, a district must levy an unlimited tax to pay debt service.

Debt service is a major area of cost due to the District's building program, primarily financed by the sale of general obligation bonds issued as 5-30 year current interest bonds, and term bonds. Principal and interest payments are due in February or August each year, which permits the collection of a large majority of taxes levied before the long-term debt payments are due. The District voted its maintenance tax under former Article 2784e-1, which provided that the net bonded indebtedness of the District shall not exceed 10% of all assessed real and personal property in the District.

Plano ISD consistently receives strong ratings under financial accountability systems. The District proudly carries one of the highest stand-alone credit ratings of any school district in the State of Texas. Debt issued by the District is currently rated AAA/AA+ by Moody's Investor Service and Standard & Poor's Rating Services, respectively.

PLANO INDEPENDENT SCHOOL DISTRICT For the Year Ended June 30, 2022

2021 Bond Redemption Plan

Planning for the District's current and future needs is one of the fundamental duties of a school board and district administrators. In adhereing to this duty, the District will be moving forward with a plan to redeem some of its outstanding bonds before maturity. This plan is set to go before the Board of Trustees in the September 2021 meeting.

FOOD AND NUTRITIONAL SERVICES FUND

The Food and Nutritional Services Fund accounts for programs using federal reimbursement revenues originating from the United States Department of Agriculture (USDA). User fees are charged to supplement reimbursements from the National School Breakfast, Lunch and Dinner Program.

Food and Nutrition Service (FNS) recognizes that state agencies and school food authorities need additional support and flexibility to continue serving free meals to all children while maintaining appropriate safety measures and managing the impacts of COVID—19. This will be especially important during school year 2021-2022 when communities are reopening but school children are not yet vaccinated; social distancing will be particularly important while communities balance reopening schools and safety for students.

Pursuant to the authority in Section 2202(a) of the Families First Coronavirus Response Act (the FFCRA) (PL 116-127), as extended by the Continuing Appropriations Act 2021 and Other Extensions Act (PL 116-159), and based on the exceptional circumstances of this public health emergency, the Food and Nutrition Service (FNS) is establishing a waiver to allow the National School Lunch Program Seamless Summer Option (SSO) to operate when school is open during the regular school year, through June 30, 2022.

FEDERAL FUNDS

Federal and State awards are resources restricted to, or designated for, specific purposes by a grantor. Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grand, and accordingly when such funds are received, they are recorded as deferred revenues until earned.

Major Changes

In 2020 and 2021, Congress passed three stimulus bills known as Elementary and Secondary School Emergency Relief (ESSER) that provided relief of the impact of COVID-19 on school districts. ESSER I was funded under the CARES Act; passed in March 2020, PISD is expected to receive \$4.03 million. ESSER II was funded under the CRRSA Act; passed December 2020, PISD is expected to receive \$19.3 million. The American Rescue Plan Elementary and Secondary School Emergency Relief — ARP ESSER or ESSER III passed March 2021, PISD is expected to receive \$43.2 million. The main focus of ESSER I was for preventing and preparing for COVID-19, whereas ESSER II and ESSER III will focus on aiding in reopening school districts and address the learning loss impact the COVID-19 pandemic has had on students. Each of these bills have differences in program requirements that the District must adhere to. Opportunity in the form of a survey has been given to engage stakeholders to provide input in the development of a plan regarding the use of funds. The District will continue to devote, plan and review allowable costs closely to assure strategies are in place to fully maximize these funds.

CAPITAL PROJECTS

The Capital Projects Fund is used to account for financial resources to be used for the acquisition, renovation, construction of capital facilities, as well as furnishing and equipping those facilities. Proceeds are received through long-term debt financing and other Board authorized sources. The Capital Projects Fund is set up to account for funds on a project basis and utilizes the modified accrual basis of accounting. Capital expenditure funds are spent for the acquisition of long-term assets.

The budget process for the Capital Projects Fund is established at the point in time that the Board approves the sale of authorized bonds for specific projects. Projects assigned to each sale are detailed in the Schedule of Estimated Expenditures. Capital Projects typically have multi-year budgets that encompass the entire construction period of each separate project. Capital Projects have a separate six-digit fund number that begins with 600 and unique two or three-digit code that completes the fund number which is used to track specific projects and are created to account for each respective bond sale. Budgets are appropriated each year for the life of the project, while cumulative expenditures are also rolled forward until the project is completed. This method ensures an accurate accounting of the total cost over multiple fiscal years. Revisions to the Schedules of Estimated Expenditures are presented to the Board for approval.

The following is a description of the District's capital improvement plan objectives.

a. Formulate a multiyear capital improvement plan in conjunction with its financial adviser, demographer, facilities planner, architect, and bond committee, as applicable. The administration will review the capital improvement plan on an annual basis.

The capital improvement plan will include:

- A timeline of the anticipated capital improvements needed and the projected cost thereof, given projected student enrollments and existing school facilities;
- (2) A prioritization of such projects; and
- (3) A preliminary financing plan that demonstrates the parameters for which such capital needs may be completed.

The following schedule show's a list of current projects in development or final stages of near completion. This includes the purchase of property in 2017 for a new Fine Arts facility. This Fine Arts facility, a project approved by the community as part of Plano ISD's 2016 bond election, is designed to showcase music, dance, theater and the visual arts. The building

is approximately 82,200 square feet spread across two levels. The main theater has 1,500 seats and one balcony level. The building also has a flexible 200-seat studio theater, large rehearsal room and gallery component for exhibitions. As of fiscal year ending June 2021 construction for this project was not completed, however, it is set to be completed during the current fiscal year 2021-2022 as indicated. On June 24, 2020 the Plano ISD Board of Trustees voted to approve naming the Fine Arts Center, the Robbie and Lynore Robinson Fine Arts Center. Robbie and Lynore Robinson are names that are synonymous with the arts in this community and throughout Collin County. They focused their efforts in cultivating, growing and endowing the arts.

Most Recent Bond

On May 7, 2016, Plano ISD voters passed a \$481 million bond proposal to fund initiatives recommended by the Plano ISD Facilities and Technology Task Force. Appointed in August, 2015 by the Plano ISD Board of Trustees, the task force was comprised of citizens, business leaders, teachers and parents. During several meetings conducted this school year, the task force reviewed enrollment trends and projections, established construction and renovation needs and validated costs before making recommendations to the school board.

Collin County voters residing within the Plano ISD attendance zone were asked to consider a single proposition to provide \$481 million toward eight major project areas with no increase to the tax rate. All Plano ISD campuses will be impacted by district-wide security updates, renovations and facility upgrades, as well as technology improvements. Reroofing projects and construction of permanent classroom space to replace portables will be funded from a combination of surplus funds generated through the 2013 Tax Ratification Election (TRE) and unissued bond funds from the 2008 bond program.

It had been eight years since the previous bond issue and the Plano ISD Board of Trustees is committed to providing state-of-the-art facilities and leading edge technology resources for all students, while remaining good stewards of taxpayer dollars. Due to the district's strong fiscal management practices, Plano ISD has been able to maintain the second-lowest property tax rate among Collin County school districts.

PROJECTED ALLOCATIONS

District-Wide Renovations and Upgrades

Major renovations at Shepton High School and Robinson Middle School. Refurbishments at Barksdale, Gulledge, Haggar, Haun, Miller and Skaggs Elementary Schools, Bowman and Wilson Middle Schools and Jasper and Williams High Schools. The bond proposal also addresses needs for schools and service facilities such as carpet and air-conditioning equipment, updating fire alarms or energy management systems and site improvements for parking or fire lanes.

Fine Arts

With more than 60% of Plano ISD secondary students participating in fine arts programs, funding includes an auditorium for large and acoustically appropriate performances. Currently, the district spends in excess of \$45,000 annually to rent space for district performances. The bond package would allow for construction of a Plano ISD performing arts and multipurpose facility to be used for performances by all fine arts programs in the school district. Other fine arts projects include additions to current campus-based fine arts facilities to increase classroom size, improve space functionality, increase storage capability and make dance floor improvements.

Technology

The district's current operating budget cannot support large technology purchases without taking dollars away from other instructional programs. This bond package includes district-wide improvements to technology infrastructure and additional equipment to support classroom technologies that help maintain the district's 2013-16 Technology Plan. The technology portion of the bonds is repaid over a shorter term (5 years) than the other projects.

Expanding Classroom and Program Capacity

Funding would include purchasing property and constructing new facilities that will increase classroom capacity across the school district and expand program offerings for students and teachers.

Early Childhood Education

As studies have shown that preschool education increases the academic success of students, the bond includes plans for a fourth early childhood school in conjunction with planned expansion of pre-k opportunities.

Safety and Security

District-wide upgrades and improvements would include access control systems, security camera systems; emergency communication equipment, campus panic alarms, security upgrades for senior high schools and safety upgrades for Clark Stadium.

New Buses

Funding would be allocated to replace 90 buses as they reach the end of their fifteen-year useful life cycles.

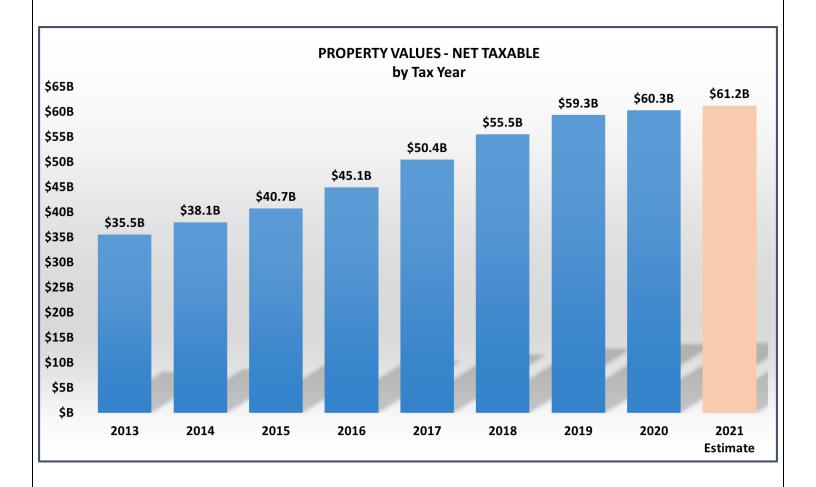

Athletics

Proposed upgrades to athletic facilities include replacing artificial turf at Clark Stadium and the three senior high school indoor practice facilities, adding artificial turf at the Clark Triple Fields, Williams High School Field and the three senior high school outdoor practice fields, replacing the scoreboard at Clark Stadium, adding locker rooms on the home and visitor sides of Clark East Field, a locker room renovation at Plano East Senior High School and softball and baseball bleacher enhancements/expansions.

SUPPLEMENTAL INFORMATION

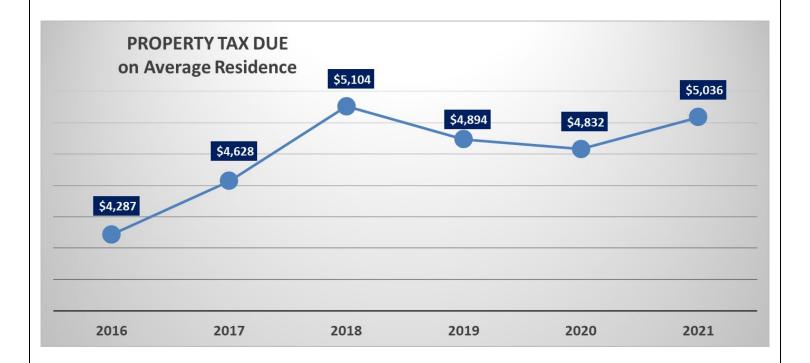

The following information is presented as supplementary information. This information has been influential on the budget preparation and process. The supplemental information includes tax values and tax rate data, Federal Funds, Capital Projects and postemployment information.

Plano Independent School District 2021-2022 Budget

Impact of Budget on Taxpayers

Tax year	 2016	 2017	 2018	 2019		2020		2021
Assessed/Market value of Residence	\$ 335,554	\$ 361,634	\$ 379,634	\$ 390,914	\$3	391,314	\$4	05,400

Proposed Rate	\$	1.05475	\$.269 *	\$	1.32375	\$	12,195	\$	208			

^{*} The Interest & Sinking Fund tax revenue is used to pay for bonded indebtedness on construction, equipment, or both. The bonds, and the tax rate necessary to pay those bonds, were approved by the voters of this district.

Comparison of Proposed Levy with Last Year's Levy on Average Residence

	Last	Year	This	s Year		
Average Market Value of Residences	\$	391,314	\$	405,400		
Average Taxable Value of Residences	\$	365,001	\$	380,400		
Last Year's Rate Versus Proposed Rate per \$100 Value	\$	1.32375	\$	1.32375		
Taxes Due on Average Residence	\$	4,832	\$	5,036		
Increase (Decrease) in Taxes			\$	204		

Under state law, the dollar amount of school taxes imposed on the residence homestead of a person 65 years of age or older or of the surviving spouse of such a person, if the surviving spouse was 55 years of age or older when the person died, may not be increased above the amount paid in the first year after the person turned 65, regardless of changes in tax rate or property value.

Notice of Voter-Approval Rate: The highest tax rate the district can adopt before requiring voter approval at an election is \$1.32375 . This election will be automatically held if the district adopts a rate in excess of the voter-approval rate of \$1.32375 .

Fund Balances

The following estimated balances will remain at the end of the current fiscal year and are not encumbered with or by a corresponding debt obligation, less estimated funds necessary for operating the district before receipt of the first state aid payment:

Maintenance and Operations Fund Balance(s) \$ 150,835,798 Interest & Sinking Fund Balance(s) \$ 18,877,349

A school district may not increase the district's maintenance and operations tax rate to create a surplus in maintenance and operations tax revenue for the purpose of paying the district's debt service.

Plano Independent School District No-New-Revenue and Voter-Approval Tax Rate Calculation 2021-2022 Budget

These numbers are illustrative only and do not constitute a legal opinion of the TEA. Districts should in all cases consult with their tax attorney before adopting a tax rate.

Note:

TEA requirement prepared and presented in accordance with Texas Tax Code §26.04 (c),(d-1),(e-5)

This calculation was prepared prior to the passage of HB 1525 which further reduced the Maximum Compressed Tier I Tax Rate to .9134.

OPEB (OTHER POST-EMPLOYMENT BENEFIT) LIABILITY

At June 30, 2020, the District reported a liability of \$198,353,587 for its proportionate share of the TRS's Net OPEM liability. This liability reflects a reduction for State OPEM support provided to the District. The amount recognized by the District as its proportionate share of the net OPEM liability, the related State support and the total portion of the net OPEM liability that was associated with the District were as follows:

District's proportionate share of the net OPEM liability \$ 198,353,587

State's proportionate share of the net OPEM liability associated with the District \$ 263,567,548

Total \$ 461,921,135

The Net OPEB Liability was measured as of August 31, 2018 and rolled forward to August 31, 2019 and the Total OPEM Liability used to calculate the Net OPEM Liability was determined by an actuarial employer's contributions to OPEB relative to the contributions of all employers to the plan for the period September 1, 2018 thru August 31, 2019.

At August 31, 2019 the employer's proportion of the collective Net OPEB Liability was 0.41943% which was decreased of 0.00006% from the same proportion measured as of August 31, 2018.

INFORMATIONAL SECTION

TAX RATE AND TAXATION

A major source of local funding for the District is local property tax revenues. Property taxes are levied by October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to the property to secure the payment of all taxes, penalties, and interest ultimately imposed.

House Bill 3 (HB3) required all school districts to reduce Tier I Maintenance and Operation (M&O) taxes to \$0.93 per \$100 of property value from \$1.00 per \$100 of property value. Future compression, Maximum Compressed Tax Rate (MCR) is based on the extent to which statewide property value growth estimates exceed 2.5%.

To further explain, when the State's average taxable values increase greater than 2.5%, the maximum Tier I rate is compressed.

Example:

- 2021 projected statewide growth 0.29%
- Tax year 2021 MCR = \$.9164 (no compression under projected statewide growth)

If a district's 2021 taxable values increase greater than 2.5%, then they must compress for the 2021-2022 tax rate. However, the limit on compression a district may have is 90% of the State MCR.

For the fiscal year 2021-2022 Plano ISD did not exceed the 2.5% statewide property value growth, therefore was not impacted with the compression.

Property Subject to Taxation

Except for certain exemptions provided by Texas law, all property in the District is subject to taxation by the District. Categories of exemptions applicable to the District include property owned by the State of Texas or its political subdivisions if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies and personal effects; farm products owned by the producers; certain property affiliated with charitable organizations, youth development associations, religious organizations and qualified schools; designated historic sites; solar and wind-powered energy devices, and most individually owned automobiles. In addition, owners of agricultural, timber and open space land my, under certain circumstances, request valuation of such land on the basis of productive capacity rather than market value.

Homestead Exemptions

Qualified homeowners can file for a homestead exemption from property taxes. An exemption can reduce the taxable value by 20%. Additional exemptions are available for homeowners over 65, disability exemptions and veteran exemptions, which can reduce the home's taxable value by another \$40,000. Additionally, homeowners 65 and older can also freeze the property taxes on the residence. This tax ceiling freezes the school district property taxes at the point in time of qualification. Due to these exemptions and tax ceilings, fluctuations will occur from year to year.

Alternative Tax Collections

Texas imposes a 6.25% state sales and use tax on the sales of most goods. Plano ISD collects a combined state and city sales tax of 8.25% on fundraisers and fees when applicable. Once these taxes are collected and reconciled, they are submitted monthly to the Texas State Comptroller using the reporting system required by the State. On average Plano ISD collects \$48.7 in sales tax. During 2021-2022 collections were significant lower due to the COVID-19 pandemic and school closures.

PLANO INDEPENDENT SCHOOL DISTRICT Alternative Tax Collections Sales Tax For the Year Ended June 30, 2022

PLANO ISD ENROLLMENT AND PERSONNEL

As we continue to address the declining enrollment, the District has strategically continued the zero-based budgeting process for departments by evaluating expenditures to determine cost benefit analysis and to ensure efficient use of resources. This strategy consisted of meeting with department heads and conducting a line by line review of each budget under their direction. This resulted in a level of thoroughness which gave way to obtaining detailed explanations and a cost savings since its implementation three years ago of approximately \$4.5 million dollars in expenditures. In response to declining enrollment and inflationary cost when revenue is declining, the District will reduce staff by 165 (150 Professionals and 15 Support Staff) through attrition. This plan will result in a reduction of approximately \$10.1 million dollars. The District will continue to perform comprehensive monitoring of the budget to ensure cost-effective financial performance.

Plano ISD relies on an annual demographer report to help with enrollment projections. This report takes into consideration socioeconomic information and an in-depth study of a targeted population. This strategy along with trend analysis and Plano Texas economic factors allows for administration to have a reliable strategic plan to forecast enrollment and average daily attendance.

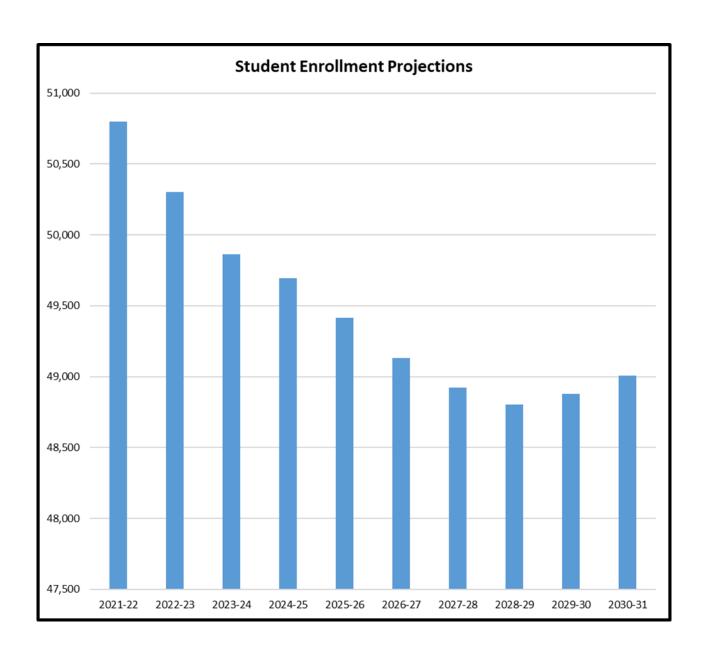

Plano ISD continues to be one of the principal employers with currently 6,795 employees. Ranked the best place to work in Plano, we are committed to attracting and retaining the finest caliber employees. Plano ISD teachers average more than 11.7 year of experience and 36.6 of teachers hold a master's degree or above.

2021 Bond Redemption Plan

Planning for the District's current and future needs is one of the fundamental duties of a school board and district administrators. In adhereing to this duty, the District will be moving forward with a plan to redeem some of its outstanding bonds before maturity. This plan is set to go before the Board of Trustees in the September 2021 meeting.

Percentage of Free or Reduced Price Meals		36.0%

PLANO ISD MISSION

ALL students are at the heart of our decisions.
High expectations lead to growth and achievement for each student and staff

member.

- Graduates must possess the skills and knowledge that prepare them to become responsible citizens and successful leaders.
- All students will utilize social, emotional and academic skills in order to become resilient and resourceful lifelong learners.
- The highest levels of learning occur when students are engaged in work that is relevant, authentic and challenging.
- Equity and access to equal opportunities are essential to reaching the highest levels of student achievement.
- As good stewards, we provide access to resources that enable each student to reach his/her aspirations.
- Our diverse, innovative and future-focused employees are the most valuable resource vital to the growth, care and success of each student.
- We embrace families, staff, students and our community in the shared responsibility of educating our children.
- Developing meaningful, collaborative relationships in a welcoming, safe and caring environment is essential for student success.
- Quality public education is the foundation of a thriving community.

Beliefs

The belief statements are the foundation for the vision of the district.

Glossary Terms and Acronyms

Accountability Ratings: The Accountability Ratings System rates campuses and districts as exemplary, recognized, acceptable, and low performing based on the percentage of students who pass the state assessment instruments and the dropout rate.

Accrue: To record revenues when earned or when levies are made, and to record expenditures as soon they result in liabilities, regardless of when the revenue is actually received or the payment is actually made. Sometimes, the term is used in a restricted sense to denote the recording of revenues earned but not yet due, such as accrued interest on investments and the recording of expenditures which result in liabilities that are payable in another accounting period, such as accrued interest on bonds.

Actual Tax Rate or Nominal Tax Rate: The tax rate adopted by school districts and used to calculate tax bills.

American Rescue Plan Elementary and Secondary School Emergence Relief (ARP ESSER): Enacted on March 11, 2021, this plan provides a total of nearly \$122 billion to States and school districts to help safely reopen and sustain the safe operations of schools and address the impact of the coronavirus pandemic on the nation's students.

Appropriation: An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

Assessed Valuation: A valuation is set upon real estate or other property by the County Appraisal District to be used as a basis for levying taxes.

Association of School Business Officials International (ASBO): The Association of School Business Officials International, founded in 1910, is a professional association that provides programs and services to promote the highest standards of school business management practices, professional growth, and the effective use of educational resources.

Available School Fund (ASF): The ASF is made up of earnings from the Permanent School Fund, constitutionally dedicated motor-fuel taxes, and other miscellaneous revenue sources. The bulk of ASF revenue is distributed on a per-capita basis to all school districts. A portion provides funding for textbooks and technology.

Average Daily Attendance (ADA): A method of counting students for the purpose of providing state aid to school districts. Currently, Texas counts students in attendance each day and averages the attendance count over the year.

Balanced Budget: A budget with revenues equal to expenditures, and neither a budget deficit nor a budget surplus.

Basic Allotment: The basic allotment is the initial or starting number that, after adjustment, is used to calculate foundation program costs and state aid to school districts.

Bonds: (See "General Obligation Bonds")

Budget: A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them.

Capital Assets (aka Fixed Assets): Capital assets are tangible in nature; long-lived (have a life of longer than one year); of a significant value at purchase or acquisition time; and are reasonably identified and controlled through a physical inventory system. They may include land, improvements to land, easements, and buildings, building improvements, vehicles, machinery, furniture and other equipment which are intended to be held or used over a long period of time. "Fixed" denotes probability or intent to continue use of an asset and does not indicate immobility.

Career & Technical Education (CTE): Provides students with the academic and technical skills, knowledge and training necessary to succeed in future careers and to become lifelong learners.

Compensatory Education: The state compensatory education allotment provides additional financial support to school districts to teach educationally disadvantaged pupils and underachieving students. A program of compensatory education should provide additional services and instructional support, beyond the regular program, to help students compensate for academic deficiencies and may include programs for at-risk students. The allotment is based upon the number of students participating in the federal free or reduced-price lunch program.

Comprehensive Annual Financial Report (CAFR): A financial report that encompasses all funds and component units of the government. The CAFR should contain (a) the basic financial statements and required supplementary information, (b) combining statements to support columns in the basic financial statements that aggregate information from more than one fund or component unit, and (c) individual fund statements as needed. The CAFR is the governmental unit's official annual report and also should contain introductory information, schedules necessary to demonstrate compliance with finance-related legal and contractual provisions, and statistical data.

Coronavirus Aid, Relief and Economic Security Act (CARES Act): Passed by Congress on March 27th 2020. This bill allotted \$2.2trillon to provide fast and direct economic aid to the American people negatively impacted by the COVID-19 pandemic. Of that money, approximately \$14 billion was given to the Office of Postsecondary Education as the Higher Education Emergency Relief Fund.

Coronavirus Response and Relief Supplemental Appropriations (CRRSA): Signed into law on December 27, 2020, the CRRSA authorizes \$88.88 billion in support for education to assistance to relief through the duration of the COVID-19 pandemic.

County Appraisal District (CAD): Each county (some multi-counties) has established an appraisal district office that is responsible for maintaining taxable real and personal property records and placing a value on all property for taxation purposes. A chief appraiser, an individual appointed by an appraisal district board of directors, heads the CAD office. The appraisal district board is, in turn, elected by certain taxing entities.

Debt Service: (See "Interest and Sinking Fund")

Disciplinary Alternative Education Programs (DAEP): The law requires school districts to set up an educational setting for students who engage in certain illegal conduct or for students who violate certain provisions of the school district's code of conduct. The DAEP must provide for students' educational and behavioral needs. Districts must allocate to a DAEP the same expenditure per student that would be allocated if the student were attending the regularly assigned program, including a special education program.

Dropout Rate (Annual): The annual dropout rate is the count of all students identified as a dropout after being absent without an approved excuse or document transfer and does not return to school by the fall of the following year; or completes the school year but fails to reenroll the following school year. The dropout rate is all official dropouts summed across all grades (7 through 12) divided by the number of students summed across all grades (7 through 12). The annual dropout rate is different than a longitudinal rate, which compares the number of students who began school together in the seventh grade and who eventually graduate.

Education Service Center (ESC): In 1967, twenty (20) state service centers were established by the Texas Legislature to provide school districts with professional development training and technical assistance that support statewide goals for school improvement.

Equity: In school finance, the term generally refers to fair or equal distribution of resources for schooling, taking into account student differences and school district characteristics. The standard used by the Texas Supreme Court is a taxpayer equity standard, which means similar revenue for similar tax effort. In other words, the school finance system is to be property wealth neutral: a district's property tax base should have little or no impact on its ability to generate funding from the Foundation School Program.

Elementary and Secondary School Emergency Relief Fund (ESSER): Authorized in Title VIII, Division B, of the Coronavirus Aid, Relief and Economic Security (CARES) Act, Signed into law in March 2020. Period of availability is March 13, 2020 (with pre-award), to September 30, 2022 (with carryover).

Existing Debt Allotment (EDA) Program: The Existing Debt Allotment (EDA) program. The EDA provides tax rate equalization for local debt service taxes, operates without applications, and has no award cycles. Each school district is guaranteed a specified amount per student in state and local funds for each cent of tax effort to pay the principal of and interest on general obligation bonds. The district must have made a payment on the bonds on or before August 31, 2013.

Families First Coronavirus Response Act (FFCRA): Requires certain employers to provide their employees with paid sick leave or expanded family and medical leave for specified reasons related to COVID-19 pandemic.

Financial Accounting and Reporting (FAR): Processing of accounting information within relevant regulatory and conceptual framework.

Financial Integrity Rating System of Texas (FIRST): The state's school financial accountability rating system that ensures that Texas public schools are held accountable for the quality of their financial management practices and that they improve these practices.

Food and Nutrition Service (FNS): State agencies to help fight hunger and obesity among school-age children by administering several year-round programs that provide health meals.

Foundation School Program (FSP): A program for the financial support of a basic instructional program for all Texas school children. Money to support the program comes from the Permanent School Fund, Available School Fund, Foundation School Fund, state general revenue, and local property taxes. The state establishes a foundation level and sets, for each district, a calculated contribution level called the local fund assignment (LFA). The greater a district's property wealth, the higher the LFA. State aid makes up the difference between the LFA and the foundation level. Currently, the FSP consists of three parts or tiers. The first tier provides funding for a basic program. The second tier provides a guaranteed-yield system so that school districts have substantially equal access to revenue sufficient to support an accredited program. The third tier equalizes debt service requirements for existing facilities debt.

Foundation School Program Tax Rate: This is the rate used in calculating state aid to school districts. It is calculated by dividing actual collections by the prior year's taxable value determined by the state property tax division of the state comptroller's office.

Full-Time Equivalent (FTE): Measures the extent to which one individual or student occupies a full-time position or provides instruction, e.g., a person who works four hours a day or a student that attends a half of a day represents a .5 FTE. When FTE counts are included in reports they represent the aggregate of all FTE percentages, e.g., if one teacher provides four hours of instruction and four others provide one hour, together they represent one FTE. **Fund:** A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance: Also known as "fund equity", is the difference between governmental fund assets and liabilities.

Fund Types: There are three types of funds. (1) *Governmental* funds are accounting segregations of financial resources; (2) *Proprietary* Fund reporting focuses on the determination of net income, changes in net assets (or cost recovery), financial position, and cash flows; and (3) *Fiduciary* fund reporting focuses on net assets and changes in net assets. **Generally Accepted Accounting Principles (GAAP):** A collection of commonly followed accounting rules and standards for financial reporting.

General Obligation Bonds: Negotiable coupon bonds for the construction, acquisition and equipping of school buildings; the acquisition of land; energy conservation measures; refinancing of property financed under a contract entered under Subchapter A, Chapter 271, Local Government Code that pledge the full faith and credit of the school district; and the purchase of new school buses. Such bonds may be issued in various series or issues with a maturity not to exceed 40 years (TEC 45.003). General obligation bonds are usually either term bonds or serial bonds.

Government Finance Officers Association (GFOA): An association of public finance professionals founded in 1906 as the Municipal Finance Officers Association. The GFOA has played a major role in the development and promotion of Generally Accepted Accounting Principles (GAAP) for state and local government since its inception, and has sponsored the Certificate of Achievement for Excellence in Financial Reporting Program since 1946 and the Distinguished Budget Presentation Award Program since 1984.

Grant: A contribution by one governmental unit to another. The contribution is usually made to aid in the support of a specified function (for example, special education), but it is sometimes also for general purposes.

Guaranteed Yield: Tier 2 in the Foundation School Program guarantees a specific revenue yield per student per penny of local tax effort. The state makes up the difference between the district tax levy per student and the guaranteed yield per student by enriching the local M&O tax effort. Current state aid formulas provide a Guaranteed Yield of \$61.86 per weighted student. Tier 3 funding provides a guaranteed yield of \$31.95 per weighted student. **Independent School District (ISD):** The Texas Constitution permits the state Legislature to create school districts. Each district operates its schools and assesses property taxes within the district to support, in part, the schools. The term independent refers to the fact that the school district is not a part of city or county government and has independent budgeting and taxing authority. ISDs are governed by locally elected boards of trustees.

Individual Education Plan (IEP): A document required by federal law that details the special education requirements for each disabled student and explains how the school intends to address the student's needs. An IEP is intended to help ensure that disabled students have equal access to public education in the least restrictive environment.

Individuals with Disabilities Education Act (IDEA): The purposes of the Individuals with Disabilities Education Act (IDEA) are to: (1) ensure that all children with disabilities have available to them a free appropriate public education which emphasizes special education and related services designed to meet their unique needs; (2) ensure that the rights of children with disabilities and their parents or guardians are protected; (3) assist States, localities, educational service agencies, and Federal agencies to provide for the education of all children with disabilities; and (4) assess and ensure the effectiveness of efforts to educate children with disabilities.

Instructional Facilities Allotment (IFA): Since 1997, the IFA has provided funds to school districts to help pay for debt service. The mechanism for computing the state and local share of the IFA payment is a guaranteed-yield formula. Low- wealth school districts and school districts not already participating in the IFA program have priority in receiving IFA funding for construction or lease purchase of new instructional facilities.

Instructional Materials Allotment (IMA): Legislation from the 82nd Texas Legislature created the IMA for the purchase of instructional materials, technological equipment and technology-related services. A school district is entitled to an annual allotment from the state instructional materials fund for each student enrolled in the district on a date during the preceding school year specified by the commissioner.

Interest and Sinking Fund (I&S) Tax: Also called the debt service tax. A tax levied by school districts to pay for bonded indebtedness, usually for construction of facilities and other capital needs.

Juvenile Justice Alternative Education Program (JJAEP): In counties with populations greater than 125,000, the juvenile board must develop a juvenile justice AEP approved by the Texas Juvenile Probation Commission. In these larger counties, students who engage in conduct requiring expulsion under Chapter 37 of the Texas Education Code must be placed in a JJAEP.

Limited English Proficient (LEP): An English Language Learner whose overall English proficiency in listening, speaking, reading, and writing is at the Intermediate or Advanced stages; students at this level are able to understand and be understood in many to most social communication situations, are gaining increased competence in the more cognitively demanding requirements of content areas, but are not yet ready to fully participate in academic content areas without linguistic support.

Local Fund Assignment (LFA): The portion of the foundation program allotment required to be paid by school districts using the local property tax. The greater the property wealth of the district, the higher the LFA and the lower the amount of state aid the district will receive. (See also Foundation School Program)

Maintenance and Operations (M&O) Tax: A local school district property tax rate that raises revenue to be used for any legal purpose to operate and maintain the district's schools.

Maximum Compressed Rate (MCR): The district's maximum compressed rate, which is the tax rate for the current tax year per \$100 of valuation of taxable property at which the district must levy a maintenance and operations tax to receive the full amount of the tier one allotment to which the district is entitled.

Meritorious Budget Award (MBA): The Meritorious Budget Award was designed by the Association of School Business Officials International and school business management professionals to enable school business administrators to achieve a standard of excellence in budget presentation. The program helps school systems build a solid foundation in the skills of developing, analyzing, and presenting a budget. The Meritorious Budget Award is only conferred to school systems that have met or exceeded the Meritorious Budget Award Program Criteria.

Model Code of Educator Ethics (MCEE): A framework utilized by educators to guide decision-making which includes professional dispositions, applicable laws, statutes and polices.

Modified Accrual Basis of Accounting: Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for un-matured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

National School Lunch Program (NSLP): A federally assisted meal program operating in more than 101,000 public and non-profit private schools across the nation. The program was established under the National School Lunch Act, signed by President Harry Truman in 1946. Non-disciplinary Alternative Education Program (AEP): Many school districts establish non-disciplinary alternative education programs for dropout prevention and to address the unique needs of the small percentage of students who do not "fit" the traditional secondary schools. Districts must allocate to an AEP the same expenditure per student that would be allocated if the student were attending the regularly assigned program, including a special education program.

Public Education Information Management System (PEIMS): A data management system that includes information on student demographics, performance, school district budgets, teacher salaries, etc. The information for PEIMS is transmitted from local school districts to the Texas Education Agency by the education service centers.

Refined Average Daily Attendance (ADA): Refined ADA is based on the number of days of instruction in the school year. The aggregate eligible day's attendance is divided by the number of days of instruction to compute the refined average daily attendance.

Rollback: Rollback is a taxpayer relief mechanism that allows local voters to contravene the school board's maintenance and operations (M&O) tax rate if it exceeds a certain level. If the school board adopts an M&O tax rate that exceeds the rollback tax rate, the district must call an election so voters can determine whether to ratify the adopted tax rate. The rollback rate is equal to the tax rate that would provide the same local taxes and state aid per weighted average daily attendance as was available the previous year plus \$0.04. A tax rate that exceeds the rollback tax rate will automatically trigger an election to limit school taxes on a date not less than 30 days or more than 90 days after the tax rate is adopted. If the election to limit school taxes is successful, the tax rate the district may impose for the current year is limited to the calculated rollback tax rate.

Seamless Summer Option (SSO): A federal and state funded program that encourages school food authorities participating in the National School Lunch Program or School Breakfast Program to provide meals in low-income areas during the summer.

School Board Authority: Statute gives local school boards the exclusive power and duty to govern and oversee the management of the public schools. Powers and duties not specifically delegated to the Texas Education Agency or the State Board of Education are reserved for local trustees.

State of Texas Assessments of Academic Readiness (STAAR): The State of Texas Assessments of Academic Readiness (STAAR) assessment replaced the Texas Assessment of Knowledge and Skills (TAKS), in the 2011-2012 school year. STAAR contains five (5) end-of-course exams required for graduation in addition to grade 3-8 assessments mandated by HB 3 in the 2009 legislative session. The tests are significantly more rigorous than previous tests and measure a child's performance as well as academic growth.

Teacher Retirement System (TRS): TRS delivers retirement and related benefits authorized by law for members and their beneficiaries.

Texas Academic Performance Reports (TAPR): Formerly known as the AEIS (Academic Excellence Indicator System) reports, pull together a wide range of information annually on the performance of students in each school and district in Texas. The reports also provide extensive information on staff, programs, and demographics for each school and district.

Texas Association of School Boards (TASB): A voluntary, nonprofit, statewide educational association that serves and represents Texas school districts.

Texas Education Agency (TEA): The administrative and regulatory unit for the Texas public education system managed by the commissioner of education. TEA is responsible for implementing public education policies as established by the Legislature, State Board of Education, and commissioner of education.

Texas Education Code (TEC): All laws and rules passed by the state legislature that apply to most educational institutions.

Tier One: State guaranteed basic funding allotments per student.

Tier Two: State guaranteed revenues per student per penny of local tax effort to provide operational funding for an "enriched" educational program.

Truth-in-Taxation: School districts are required to calculate two rates after receiving a certified appraisal roll from the chief appraiser – the effective tax rate and the rollback tax rate. School districts are not required to publish the effective tax rate, but must publish the rollback rate in a public meeting notice. The school board must determine the effective tax rate and the rollback tax rate; decide how much revenue it needs and calculate the rate required to raise that amount; concurrently post a budget summary on its web site and publish notice on the budget and proposed tax rate; hold a hearing on the budget and proposed tax rate; adopt a budget and then adopt the tax rate; and administer a rollback election if the adopted rate exceeds the rollback rate.

United States Department of Agriculture (USDA): A Federal department, founded in 1862, responsible for administering the National School Lunch Program and reimbursing participating schools' Student Nutrition departments for the meals served to students. The USDA administers over 300 programs worldwide, including the School Breakfast Program, Child and Adult Care Food Program, and the Summer Student Nutrition Program.

Wealth per Student: In school finance, Wealth per Student is measured by dividing the taxable value of property, as determined under Section 11.86, Texas Education Code, by the number of students in Weighted Average Daily Attendance (WADA).

Weighted Average Daily Attendance (WADA): In Texas, students with special educational needs are weighted for funding purposes to help recognize the additional costs of educating those students. Weighted programs include special education, career and technology, bilingual, gifted and talented, and compensatory education. A weighted student count is used to distribute guaranteed-yield funding and establish Chapter 41 thresholds.
