## **Frequently Asked Questions**

#### What do I do with this form?

Keep the form with your tax records. You do not need to send the form to the IRS.

### Why did I receive a 1095-C form if I didn't have health insurance?

The form indicates that health insurance was offered to you, regardless of whether you were actually enrolled.

#### Why is there a dollar amount listed for some months?

This amount is not connected with any actual premium you may or may not have paid. If you were enrolled, you may see a different premium than what you paid, or no premium at all. On the other hand, if you were not enrolled, you may see a dollar amount even though you didn't actually pay any premiums.

The amount shown is simply the premium for employee-only coverage on the lowest-cost plan that was available.

A dollar amount may not be listed for every month. IRS guidance indicates which months require an amount to be shown.

## How can I get another copy of my 1095-C form?

You can view and print another copy of your 1095-C form through the TEAMS Employee Service Center.
