Student Learning Summary

District Elementary Goals Including HB3 Goals: ([see tables in addendum](#)): Individual goals are set for each student group with the expectation of high standards as well as to narrow the gap between each group and the All Students group. If the student group is below the All Students group, that student group's goal for 2024 is to narrow the performance gap by half as well as meet the overall percentage increase in the STAAR Meets Grade Level performance required for the All Students group.

District Middle Goals: ([see tables in addendum](#)): Individual goals are set for each student group with the expectation of high standards as well as to narrow the gap between each group and the All Students group.
