### Plano Independent School District

2020-2021 Official Budget

#### Overview

This budget document and the comprehensive annual financial report are the primary vehicles used to present the financial plan and the results of operations of the District. The primary purpose of this budget document is to provide timely and useful information concerning the past, current, and projected financial status of the District, in order to facilitate financial decisions that support the educational goals of the District.

The Plano Independent School District (the "District") is committed to sound financial management through integrity, prudent stewardship, planning, accountability, full disclosure and open communication. The following document represents the financial plan for the Plano Independent School District for the 2020-2021 fiscal year.

This document culminates an intensive process involving input from campus and administrative staff, the Superintendent, and the Board of Trustees. The process involves targeted strategies and action steps designed to meet specified objectives.

To address the declining enrollment, the District enhanced the zero-based budgeting process for departments by evaluating expenditures to determine cost benefit analysis and to ensure efficient use of resources. This strategy consisted of meeting with department heads and conducting a line by line review of each budget under their direction. This resulted in a level of thoroughness which gave way to obtaining detailed

#### Highlights

- Projected student enrollment of 52,274
- Expansion of Zero-BasedBudgeting
- Implementation of HB3

explanations and a cost savings of approximately \$1.6 million dollars in expenditures. In addition, a staffing plan was used to identify not only FTE additions and reductions but also analyzing skill sets and knowledge base that will be utilized in a more efficient capacity. This plan resulted in reductions and reassignments of approximately \$3.1 million dollars. The District will continue to perform comprehensive monitoring of the budget to ensure cost-effective financial performance.

#### **Financial Status**

Plano ISD consistently receives strong ratings under financial accountability systems. The District proudly carries one of the highest stand-alone credit ratings of any school district in the State of Texas. Debt issued by the District is currently rated AAA/AA+ by Moody's Investor Service and Standard & Poor's Rating Services, respectively. PISD received the highest rating of "Superior" under the 2019 School FIRST (Financial Integrity Rating System of Texas) rating released by the Texas Education Agency (TEA) and has received nearly perfect scores and the highest possible rating of Superior every year the rating has been released.

The District has received the "Certificate of Achievement for Excellence in Financial Reporting" awarded by the Government Finance Officers Association for 36 consecutive years. This award encourages and assists state and local governments to go beyond the minimum requirements of generally accepted accounting principles to prepare comprehensive annual financial reports that evidence the spirit of transparency and full disclosure and then to recognize individual governments that succeed in achieving that goal.

The District continues its legacy of high achievement by completing a year-long strategic planning process for 2019-2023. This in-depth, self-examination process concluded with the creation of Beliefs/Vision/Mission and 5 pillars of focus. During the development of the District's financial plan, it culminated each area of the strategic plan to help ensure the success of these plans for the District's future.

#### Legal Requirements

Federal, state, and local guidelines govern the budget development process. The annually adopted budget includes the General Fund, Debt Service Fund, and Food and Nutritional Services Fund.

Sections 44.002 through 44.006 of the Texas Education Code establish the legal basis for the budget development in school districts. These codes require that the District prepare a budget by the date set by the state board of education, currently June 19<sup>th</sup> for districts with a June 30<sup>th</sup> fiscal year end. The code further requires that the president of the Board of

Trustees call a public meeting, giving ten days' public notice in a newspaper for the adoption of the district budget and posting a comparative proposed budget to the District's website.

The Board of Trustees must adopt the prepared budget no later than June 30<sup>th</sup>. The officially adopted District budget must be filed with the Texas Education Agency (TEA) through the Public Education Information Management System (PEIMS) by the date prescribed annually by TEA.

#### District Regulations

#### Preparation

A proposed budget shall be prepared by the Superintendent and Chief Financial Officer with participation of campus and department stakeholders within the provision of the Strategic Plan and state mandated guidelines for programs.

The budget shall include four basic segments for review and evaluation:

- Revenues
- Personnel Needs/Costs
- Operational Costs
- Capital and other non-project costs

The budget process will include Board of Trustee budget workshops for the development of each segment, which provide for citizen feedback regarding the process, and will allow for sufficient time for the Board of Trustees to address the strategic plan and fiscal issues.

The proposed budget and all preliminary budgetary information will be available on the District's website for public view.

#### Tax Rate Adoption

The District may not adopt a tax rate until after the District receives the certified appraisal roll as required by Section 26.01 of the Property Tax Code on July 25<sup>th</sup> of each year. In the event that the tax rate exceeds the rate proposed in the District's notice prepared for the budget hearing or the District's rollback rate as determined under Section 26.08 of the Property Tax Code, the District must publish a revised notice and hold another public meeting before adopting the tax rate. The District shall adopt its tax rate no later than September 30<sup>th</sup>.

#### **Budget Planning**

The budget planning was a seven-month process that started in November 2019. The District builds its budget priorities around its vision and mission. During the budget process, the goal of the District was to evaluate expenditures to determine cost benefit, implement a zero-based budget process for departments, provide campuses allocations that meet the

needs of the students and adhere to state and federal guidelines. While following those priorities, the district's charge is to monitor spending in a way that results in the most efficient use of resources, within the limitations and mandates placed upon public schools by statute and regulations. A tight alignment is maintained between the overall budget and the district/school planning that helps the District be more efficient in meeting established priorities.

The budget process will be coordinated so that major strategic issues are identified prior to the budget approval date. This will allow the Board of Trustees adequate time for consideration of appropriate decisions and analysis of the associated financial impacts.

The critical needs of the district are programs that directly serve students; the employees of the district who administer and deliver those programs and the facilities required to support students. Within those categories the District relies on input from the campus administrators, teachers, department directors and staff, district administrators, the Board of Trustees, and the community to address how best to meet those critical needs in the budget process. In addition, parents and community members can make comments in public budget hearings at Board meetings.

Personnel is a critical need and a critical resource, and as a total expenditure accounts for a majority of the overall district budget in Plano ISD as is the case in all school districts. Decisions regarding staffing and hiring are made carefully. In order to assure that compensation levels are appropriate for various positions, Plano ISD annually arranges for TASB (Texas Association of School Boards) consultants to study all salaries.

Staffing ratios (students to staff) are in place and followed at every campus; these account for all personnel needed to operate a campus and provide additional direction beyond classroom ratios established by the state. Serving students always remains the top priority in staffing decisions.

#### Reporting

Budget evaluation is a continuous process and part of each month's activities. Monthly financial reports will be presented to the Board of Trustees in a format appropriate to enable the Board to understand the overall budget and financial status of the District.

#### Control and Accountability

Each campus and departmental administrator will be responsible for the administration and oversight of his or her budget which is controlled on an organizational basis. This includes accomplishing the targets adopted as part of the budget and monitoring each department budget for compliance with spending limitations. Campus and departmental administrators may transfer allocations within function code with prior approval of the appropriate administrator and the Chief Financial Officer. Transfers of personnel budgets, transfers

between function codes, and certain other District level allocations may not be transferred without the prior approval of the Board of Trustees.

#### **Budget Amendments**

The District budget shall be amended as necessary, based on financial and economic factors. The budget must be amended prior to exceeding a functional expenditure category in the total District budget. The Board of Trustees may authorize an amendment to the budget for those items not included in the originally approved budget due to unforeseen circumstances.

#### Acknowledgments

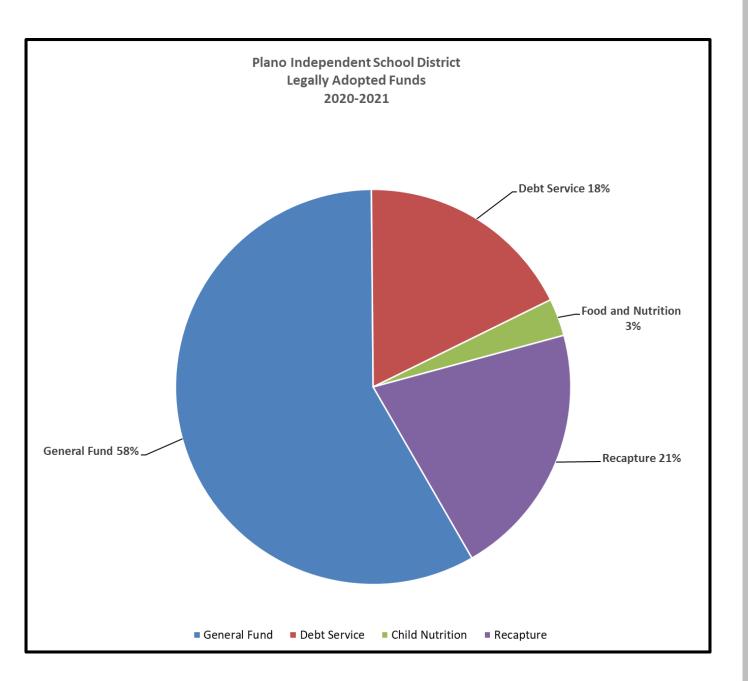

We appreciate the continuing support of the Plano Independent School District Board of Trustees and the Community for continuing to make resources available to the District to facilitate the success of each student. Our pledge is to be good stewards of the resources entrusted to us as we develop, implement and maintain excellent educational opportunities to meet the unique needs of all students of the Plano Independent School District.

#### **GENERAL FUND**

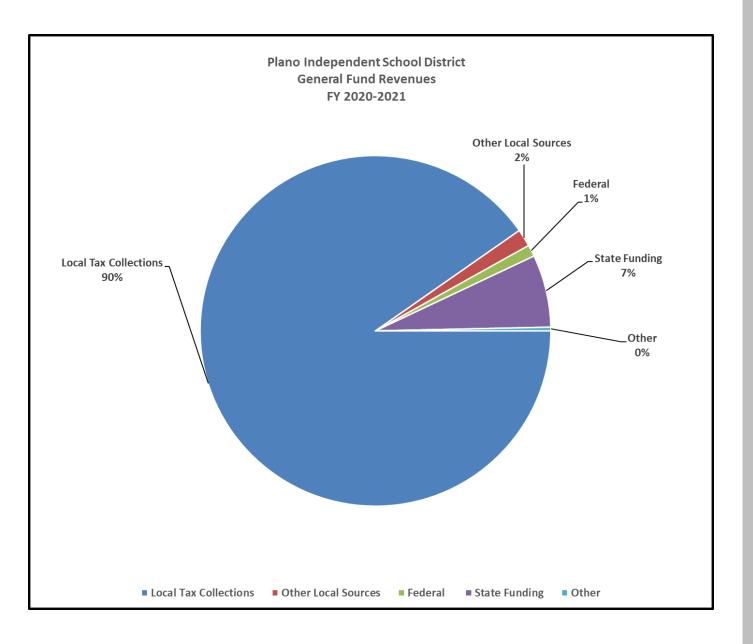

The General Fund accounts for the financial resources of the District and includes transactions as a result of revenues received from local maintenance taxes and foundation entitlements from the state. The General Fund uses budgetary control and shows transactions resulting from the daily operations of the District.

Plano ISD is defined as a Recapture district through the Chapter 41 provision under the Texas Education Code. Recapture attempts to equalize school district spending by recapturing local tax dollars from "property-rich" districts and

trustees who believed property owners have the right to know where and how their school redistributing funds to "property-poor" districts.

Plano ISD partnered with other school districts in an effort called "Taxparency" during the 85<sup>th</sup> legislative session to collaborate with school board taxes are being spent. Since that time, PISD has continued to disclose historical information showing the amount of property taxes being returned to the State through recapture.

50-280 (Rev. 8-19/5)

\* Outstanding principal.

<sup>\*</sup> The Interest & Sinking Fund tax revenue is used to pay for bonded indebtedness on construction, equipment, or both. The bonds, and the tax rate necessary to pay those bonds, were approved by the voters of this district.

#### Comparison of Proposed Levy with Last Year's Levy on Average Residence

|   | Last | t Year  | This | Year    |
|---|------|---------|------|---------|
| Average Market Value of Residences                    | \$   | 390,914 | \$   | 388,000 |
| Average Taxable Value of Residences                   | \$   | 365,914 | \$   | 363,000 |
| Last Year's Rate Versus Proposed Rate per \$100 Value | \$   | 1.33735 | \$   | 1.32375 |
| Taxes Due on Average Residence                        | \$   | 4,894   | \$   | 4,805   |
| Increase (Decrease) in Taxes                          |      |         | \$   | (88)    |

Under state law, the dollar amount of school taxes imposed on the residence homestead of a person 65 years of age or older or of the surviving spouse of such a person, if the surviving spouse was 55 years of age or older when the person died, may not be increased above the amount paid in the first year after the person turned 65, regardless of changes in tax rate or property value.

Notice of Voter-Approval Rate: The highest tax rate the district can adopt before requiring voter approval at an election is \$1.32385 . This election will be automatically held if the district adopts a rate in excess of the voter-approval rate of \$1.32385 .

#### **Fund Balances**

The following estimated balances will remain at the end of the current fiscal year and are not encumbered with or by a corresponding debt obligation, less estimated funds necessary for operating the district before receipt of the first state aid payment:

Maintenance and Operations Fund Balance(s) \$ 125,070,527 Interest & Sinking Fund Balance(s) \$ 18,231,552

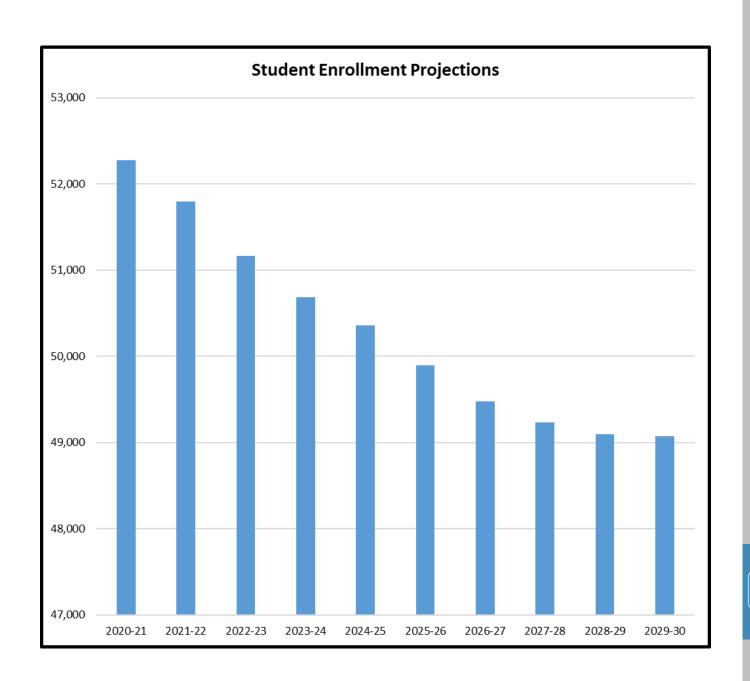

A school district may not increase the district's maintenance and operations tax rate to create a surplus in maintenance and operations tax revenue for the purpose of paying the district's debt service.
