Hello, students and families. I am Mrs. Watts, the new special education resource teacher at Henry Dye Boggess Elementary. I am excited to begin my first year as a resource teacher, following a thirteen-year teaching career in the special education department at Garland ISD. I bring my wealth of experience and a deep commitment to teaching at Boggess Elementary.

I have been married to my best friend Robert, second from left, for 27 years. We have two daughters and three fur babies, grew up in Dallas, and live in Rowlett. Jasmine, front right, is 25, a graduate of Steven F. Austin, and works in Dallas. Elizabeth, second from right, is 19 and works at a child care center while pursuing an associate of applied science in radiologic technology at Dallas College.

I will receive my Bachelor's in the Science of Teaching from Dallas College in December 2024. I am also the first president of Kappa Delta Pi, Chapter Alpha Lambda Delta, at Dallas College 2021-2024.

With your support, I am confident we can achieve a successful academic year for all Bengal students. I am here to ensure that each student receives the support they need to thrive and succeed.

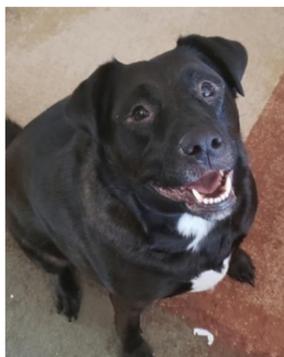

Cheers to a Great Year,
