

**Plano Independent School District**  
**District Health Services**

January 2019

Dear 6<sup>th</sup> Grade Parent,

I want to make you aware of some additional immunizations that will be required in the 2019-2020 school year for 7<sup>th</sup> grade entry.

The changes will amend 25 Texas Administrative Code, Chapter 97, Subchapter B, §§97.61; 97.63-97.72. Following are the immunizations that will be affected:

- **Meningococcal Vaccine – One dose required on or after 11th birthday**
- **Tdap Vaccine (Tetanus and diphtheria toxoids and acellular pertussis) Booster dose required (within last 5 years)**

Proof of these immunizations will be required to begin school for the 2019-2020 school year. **Please check your child's immunization records now and provide your school nurse proof of immunization as soon as the vaccine is received as this will provide faster service for your student's schedule release.** To view a copy of your child's immunization record as currently on file with the school, please go to <https://parentviewer.pisd.edu/>

If you have questions or concerns, I recommend discussing these with your physician. The school nurse at your campus will be able to provide you with a list of locations where you can receive these immunizations.

For further assistance, please contact the school nurse at your campus or visit <http://www.dshs.state.tx.us/immunize/default.shtm> or more information.

Thank you,

Staci Antelo, BSN, RN, NCSN  
Director for District Health
