

Schedule a Visit at PWSH:

We use SchoolLinks to set up table visits during lunchtimes, 11:46am – 1:43pm. You should find the link to set up a SchoolLinks account using the link below. There's a support number and a video that shows you the process.

Schedule a Visit at PWSH: We are using **SchoolLinks** for our college search and application process. We are also using SchoolLinks' Event Scheduler to coordinate the scheduling of college rep visits, events, and fairs. We have published our availability for each of our district's schools and are accepting bookings for lunchtime table visits! We would love to include you in our programming to ensure that our students can have a chance to learn more about your school.

Here is a quick video walkthrough of how to sign up and book an event with us:

<https://www.loom.com/share/7c88ae9c33af4e80956dadbe9edd7638>.

You can create your account here: <https://app.schoollinks.com/onboarding> and click the button to add an employer and search for the college you represent. Then you can start scheduling events. If you cannot find your college in the autocomplete, reach out to SchoolLinks and they'll get it set up for you.

If you have questions about SchoolLinks, the signup process, or booking events, you can reach the SchoolLinks team for help at support@schoollinks.com or the chat support widget on the bottom right corner of their site for real-time support.
