

Plano Senior High School as well as Clark/Vines High School volleyball tryouts will take place at the **Vines High School campus (1401 Highedge Dr. Plano, TX)**. The PSHS coaching staff is not trying to discourage anyone from playing volleyball. However, in order to build a successful program and be competitive, tryouts must be performed.

Each girl will be evaluated over two days. They will be performing volleyball related skills and participating in competitive team drills. Everyone will be evaluated on her skill level, attitude, and overall ability to perform. It is the coaches' final decision about who makes what team.

It is important that every player attend both sessions. If there is an emergency or a COVID concern please contact Head Coach Lindsey Petzold asap at lindsey.petzold@pisd.edu.
