### **Plano ISD Mission Statement:**

The mission of the Plano Independent School District is to provide an excellent education for each student.

### **General Expectations:**

At **The IB World School at Huffman Elementary**, we believe that student academic achievement requires that all stakeholders have a solid understand of educational components including curriculum; grade level standards; assessments; and district/school policies and procedures.

Just as our district partners with campus staff, families and community to strengthen student growth, Huffman is committed to providing opportunities to support at-risk students and partner with families to support student success. Our goal is to implement the following actions:

- Provide programs and activities to encourage the involvement of parents of our **Huffman** scholars.
- Share parent involvement policies to meet federal requirements, including a school-parent compact. Information and school reports will be shared in a variety of ways that is understandable and, when practical, in a language parents understand.
- Provide opportunities for participation of parents with limited English ability; economic disadvantages; disabilities; limited literacy skills; any racial or ethnic background; or are migratory families.

### **Implementation of District Parent Involvement Components:**

*IB World School at Huffman Elementary shall work in partnership with parents and guardians and shall actively support the parents to increase involvement by:*

Students needing extra assistance are invited to participate in programs that support academic success.
