

**Hey Wolves!** Are you interested in learning about which CAREERS might be a great fit for you? What MAJOR to study in college, or even what JOBS and training are available through service in the military? If you are wanting to learn more about what is possible for life after High School, register to take the ASVAB.

**Tuesday, April 4, 2023**

**Location: A1117 & A1118, 8:45 AM, testing will begin at 9 am.**

**Deadline to register is March 31, 2023**

The ASVAB is a career assessment and aptitude battery. You are **not** joining the military; there is **no** other obligation beyond being on time and doing your best. There will even be a score report later to let you know what your scores mean and to give you more resources as you consider your future career! Taking the ASVAB can provide you with great information about potential careers that may be right for you to pursue after high school and which major(s) might be good options to pursue! The **ASVAB** is a timed multi-aptitude test, which is given at over 14,000 schools and Military Entrance Processing Stations (MEPS) nationwide and is developed and maintained by the Department of Defense. **It is a FREE assessment!**

Use the QR Code (via camera or QR reader) to register or
