STANDARD RESPONSE PROTOCOL™

Dear Parents:

At Plano ISD, the safety and well-being of our students is always a top priority. Complementing our long-established safety and security measures, our district has adopted the **Standard Response Protocol (SRP)**, which your child learned about today in school. Below is a summary of what students learned about the four specific actions that should be performed during an emergency.

STUDENT SAFETY

A critical ingredient in the safe school recipe is the classroom response to an incident at school. Weather events, fire, accidents, intruders and other threats to student safety are scenarios that are planned and trained for by students, teachers, staff and administration.

STANDARD RESPONSE PROTOCOL

Our school is expanding the safety program to include the Standard Response Protocol (SRP). The SRP is based on these four actions: 1) Lockout; 2) Lockdown; 3) Evacuate and 4) Shelter. In the event of an emergency, the action and appropriate direction will be announced or signaled at your child's campus.

TRAINING

Please take a moment to review these actions. Students and staff will be trained and the school will drill these actions over the course of the school year. More information can be found at <http://iloveguys.org>.
