The SAT score is calculated by combining the highest evidence-based Reading, Writing, and Math score. The ACT is the composite score, which includes the English, Reading, Math, and Science sections. UTA does not require an essay.

Please be advised that UTA is test score optional for admission into the spring, summer and fall 2021 semesters. Students have the option to provide ACT and/or SAT scores as part of the admission application process. If you apply for admission without these test scores your application will be evaluated based on high school records such as GPA, class rank, courses taken and other relevant criteria.
