

<u>Agriculture, Food & Natural Resources</u>
Agricultural Mechanics & Metal Technologies
Equine Science
Horticulture Science
Landscape Design & Management
Livestock Production
Principles of Agriculture, Food & Natural Resources
Floral Design (Fine Arts credit)
Floral Design II (Advanced Floral Design)
Professional Standards in Agribusiness
Small Animal Management
Turf Grass Management
Wildlife, Fisheries & Ecology Management
Veterinary Medical Applications
Practicum in Ag Sci (Veterinary Medical Assistant II)
Practicum in Ag Sci (Floral Design)
<u>Architecture & Construction</u>
Architectural Design I
Architectural Design II
Interior Design I
<u>Arts, A/V Technology & Communications</u>
Audio Video Production I
Audio Video Production II and Lab
Fashion Design I
Fashion Design II and Lab
Graphic Design & Illustration I and Lab
Graphic Design & Illustration II and Lab
Professional Communications
Video Game Design
<u>Business, Management & Administration</u>
Touch System Data Entry (Keyboarding)
Principles of Business, Marketing & Finance
Business Information Management
Business Law
Global Business
Virtual Business
<u>Education & Training</u>
Instructional Practices
Practicum in Education & Training
<u>Finance</u>
Principles of Business, Marketing & Finance
Accounting I
Accounting II (Math credit)
<u>Health Science</u>
Medical Terminology
Principles of Health Science (includes Health requirement)
Pharmacology
Health Science Theory and Clinical (Clinical Rotation I)
Practicum in Health Science I (Clinical Rotation II)
World Health Research
Anatomy & Physiology (Science credit)
<u>Chapter 127. CTE - High School</u>
Career Preparation I
Career Preparation II
Problems and Solutions

<u>Hospitality & Tourism</u>
Principles of Hospitality & Tourism
Food Science (Science credit)
Introduction to Culinary Arts
Culinary Arts
Practicum in Culinary Arts
<u>Human Services</u>
Principles of Human Services
Child Development
Dollars and Sense
Family and Community Services (Begun Fall 2018)
Interpersonal Studies
Lifetime Nutrition and Wellness
<u>Information Technology</u>
Digital Media
Internetworking Technologies I (Cisco I & II)
Internetworking Technologies II (Cisco III & IV)
Principles of Information Technology
<u>Law, Public Safety, Corrections & Security</u>
Principles of Law, Public Safety, Corrections & Security
Law Enforcement I
Forensic Science (Science credit)
<u>Marketing, Sales & Service</u>
Principles of Business, Marketing & Finance
Entrepreneurship
Fashion Marketing
Sports and Entertainment Marketing
Social Media Marketing
Practicum in Marketing/Extended Practicum in Marketing
<u>Manufacturing</u>
Welding
<u>Science, Technology, Engineering & Mathematics</u>
Gateway To Technology (PLTW) (Middle School 8th only, HS credit)
Introduction to Engineering Design (PLTW)
Engineering Science (PLTW) (formerly POE)(Science credit)
Digital Electronics (PLTW) (Math credit)
Aerospace Engineering (PLTW)
Engineering Design & Development (PLTW)
Engineering Design & Presentation I (Drafting)
Engineering Design & Problem Solving (Science credit)
Scientific Research and Design (Honors) (Science credit)
<u>Transportation, Distribution & Logistics</u>
Automotive Technology I: Maintenance and Light Repair
Automotive Technology II: Automotive Service
Collision Repair
Paint & Refinishing
<u>Chapter 127. CTE - Middle School</u>
Life and College Readiness (7 th /8 th)
Skills and Career Readiness (7 th /8 th)
Exploring Information & Computer Technology (7 th /8 th)
Investigating AV, Arts & Communications (7 th /8 th)

Courses may not be offered on all campuses. Check with campus counseling department.
