

Hughston Elementary School
2601 Cross Bend Rd Plano, TX 75023

October 19, 2017

To Whom It May Concern:

It is with great honor that I highly recommend Ashley Thompson to receive Plano Principal's Association scholarship for aspiring educators. I have worked with Ashley as her supervisor at Hughston Elementary.

Ashley is a highly effective communicator and develops positive relationships with teachers, students and parents. She never fails to exhibit a professional demeanor. Her dedication and committed to team work is evident on a daily basis. As a loyal team player, she will do anything and everything asked of her. She is very well thought of and liked by her colleagues.

Ashley performs all her duties in a professional manner. She has excellent organizational skills and is always willing to go the extra mile for her team and the school staff as a whole. She is always willing to try new things to help students engage in learning.

Ashley works as a paraprofessional in a CSC classroom. While working during the day at Hughston, she has been attending school learning more about student behaviors and how to help special needs students be more successful in the classroom.

I hope you have a chance to get to know this outstanding candidate. She is a great asset to our district and continues to be a high achiever at Hughston.

Sincerely,

Carrie D' Argo Principal
