

October 16, 2017

Dear PPA Scholarship Committee:

John Lowrance has begun the 2017-2018 school year at Huffman while completing his certification to become a school administrator. John has been diligent in completing his assignments to meet requirements as well as earning internship hours through various leadership opportunities on campus.

He has made himself available to learn administrative information at the elementary level. As Huffman begins its journey as an IB PYP school, John has been involved in writing curriculum for the PE department at Huffman. He has also attended over 20 hours of training regarding the implementation of the IB PYP.

As John begins his journey as a school administrator, he is eager to learn and ask questions that facilitate his learning and coursework. I recommend John for the PYP administrative scholarship.

Jamey J. Allen

Principal, Huffman Elementary School
