Mid Year DIP Formative Review

Strategic Plan Connection to District Improvement Plan

- 1.1 Empower educators to design learning experiences that meet the individual needs of each student
- 1.2 Equip educators to continually assess learning using a variety of methods to determine next steps in the learning progression

District Improvement Plan - Student Achievement Performance Objectives

Strategies Addressing Student Performance in All Content Areas and Grade Levels:

- Facilitate professional learning and provide tools for campus teams (1) to monitor student progress through PLCs to improve student performance and growth; (2) to respond to data to strengthen tier 1 instruction to improve student performance and growth.
- Equip campus teams to unpack content and process standards and to design and deliver instruction that improves student achievement and growth.

Professional Learning and Support for Teachers / Teams:

- Summer Professional Learning (Teacher Inspire)
- August Back to School C&I Days
- Embedded PL during instructional planning support
- Data analysis with teams to adjust instruction/intervention
- Modeling of high leverage strategies (PISD Instructional Model/Lead4Ward Strategies/GLAD strategies)
- Specially designed PL for campuses
- Additional resources provided to teachers and admin to support these strategies
