Vision and Mission Statements for District and Campus

Plano ISD Vision Statement

Plano ISD schools empower students to be able to adapt to new learning and career opportunities throughout their lives, collaborate with, and contribute to, the global community and to be disciplined and creative in their thinking.

Plano ISD Mission Statement

The mission of the Plano Independent School District is to provide an excellent education for each student.

District Goals

Plano ISD has two major ongoing district goals:

- Ensure continued improvement in student learning.
- Ensure efficient use of resources.

Campus Mission Statement

Wells Elementary provides challenging opportunities in a nurturing community allowing children to reach their potential.

Campus Information

Administration Team

Principal, Sara Meyer

Assistant Principal, Chris Lillie

About Us

Wells is named for William Henry Lafayette Wells (1840-1939), a Virginia-born farmer and musician who came to Texas in 1871 after serving in the Civil War. Three years later, he and his brother bought the homeplace that is still in the Wells family. A mainstay of the Plano Old Settlers Picnic Association, Wells died at the age of 98. His grandson served on the Plano ISD board from 1952-58.

Site-Based Improvement Committee Meeting Dates

Meeting 1: SBIC approves the improvement plan – 08/28/2018 03:30 pm

Meeting 2: Progress monitoring and review of strategic plan - 02/05/2019 03:00 pm

Meeting 3: Evaluate effectiveness of implementation of strategic plan and meeting of goals - 05/21/2019 03:00 pm

State Goals and Objectives

The State of Texas Public Education Mission

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and the future in the social, economic, and education opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family; and that parental involvement in the school is essential for the maximum educational achievement of a child.

The State of Texas Public Education Objectives

Objective #1 - Parents will be full partners with educators in the education of their children.

Objective #2 - Students will be encouraged and challenged to meet their full educational potential.

Objective #3 - Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma.

Objective #4 - A well-balanced and appropriate curriculum will be provided to all students.

Objective #5 - Qualified and highly effective personnel will be recruited, developed, and retained.

Objective #6 - The state's students will demonstrate exemplary performance in the comparison to national and international standards.

Objective #7 - School campuses will maintain a safe and disciplined environment conducive to student learning.

Objective #8 - Educators will keep abreast of the development of creative and innovative techniques as appropriate to improve student learning.

Objective #9 - Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration.

TEA Strategic Priorities

Goal #1 - Recruit, support, and retain Teachers and Principals. Goal #2 - Build a foundation of reading and mathematics.

Goal #3 - Connect high school to <u>career</u> and <u>college</u>. Goal #4 - <u>Improve</u> low-performing schools.

Information regarding the TEA Strategic Plan may be accessed here: http://tea.texas.gov/About_TEA/Welcome_and_Overview/TEA_Strategic_Plan/

State Compensatory Education Program Information

Compensatory education is defined in law as programs and/or services designed to supplement the regular education program for students identified as at risk of dropping out of school. The purpose of the PISD State Compensatory Education (SCE) program is to supplement the regular or basic education program with compensatory, intensive, and/or accelerated instruction. The goal of Plano ISD's compensatory education program is to reduce any disparity in performance on assessments or in rates of high school completion between students at risk of dropping out of school and all other district students. Funding allocated for compensatory education programs and/or services is based on the number of educationally disadvantaged students in a district. The number of educationally disadvantaged students is determined by averaging the highest six months of student enrollment in the National School Lunch Program (NSLP) for free or reduced-price lunches or in the School Breakfast Program (SBP) for the prior federal fiscal year. The state's eligibility criteria for identifying students at risk of dropping out of school include a student who is under the 21 years of age and who:

- 1. is in prekindergarten, kindergarten or grade 1, 2, or 3 and did not perform satisfactorily on a readiness test or assessment instrument administered during the current school year;
- 2. is in grade 7, 8, 9, 10, 11, or 12 and did not maintain an average equivalent to 70 on a scale of 100 in two or more subjects in the foundation curriculum during a semester in the preceding or current school year or is not maintaining such an average in two or more subjects in the foundation curriculum in the current semester;
- 3. was not advanced from one grade level to the next for one or more school years;
- 4. did not perform satisfactorily on an assessment instrument administered to the student under Subchapter B, Chapter 39, and who has not in the previous or current school year subsequently performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument;
- 5. is pregnant or is a parent;
- 6. has been placed in an alternative education program in accordance with Section 37.006 during the preceding or current school year;
- 7. has been expelled in accordance with Section 37.007 during the preceding or current school year;
- 8. is currently on parole, probation, deferred prosecution, or other conditional release;
- 9. was previously reported through the Public Education Information Management System (PEIMS) to have dropped out of school;
- 10. is a student of limited English proficiency, as defined by Section 29.052;
- 11. is in the custody or care of the Department of Protective and Regulatory Services or has, during the current school year, been referred to the department by a school official, officer of the juvenile court, or law enforcement official;
- 12. is homeless, as defined by 42 U.S.C. Section 11302, and its subsequent amendments; or
- 13. resided in the preceding school year or resides in the current school year in a residential placement facility in the district, including a detention facility, substance abuse treatment facility, emergency shelter, psychiatric hospital, halfway house, or foster group home.

SCE Program Funding

| | 450554.00 | |
|-----------|------------|---|
| SCE Total | \$69664.00 | State Compensatory Ed funds allocated for allowable supplemental resources and 1 staff. |

Comprehensive Needs Assessment Summary

| Area Reviewed | Summary of Strengths What were the identified strengths? | Summary of Needs What were the identified needs? | Priorities What are the priorities for the campus, including how federal and state program funds will be used? |
|---|--|--|--|
| Demographics | Great diversity of cultures, Growing population- 527 to 562 | Increased enrollment in At Risk - 504, ELL, Special Education; Asian sub pop heavily B/I ELL | Building capacity in ELL, dyslexia, SpEd (differentiated) strategies for teachers |
| Student Achievement | Lower level students grew (PES data). SPED subpop scores are much higher | Higher achieving students (Q1-Q2) students did not grow as much compared to previous year or to last years averages | Growing STAAR Master's students, Growing Q1-Q2 students, Increasing writing scores of meets and masters |
| School Culture and Climate | Members feel safe, SEL focus has been received positively (only 2 ISS/OSS all year), there has been a value placed on feedback | Whole group consequences, school wide common area expectations, other leaders speak for the school | Decrease whole group consequences, some are unaware of schools communication forms |
| Staff Quality/ Professional Development | No discipline write ups or growth plans. BOY/MOY/EOY TTESS conferences well done | Review expectations of team leaders going over notes with team, with an emphasis on support for new teachers on campus | Increase communication out amongst staff |
| Curriculum, Instruction, Assessment | Introduction of extended planning. Technology 1 to 1 roll out went well | Time to collaborate. Common assessments. Adjust master schedule so teachers can teach effectively & efficiently | Time to foster collaboration and plan, increased productivity and focus during this time on differentiated instruction |
| Family and Community Involvement | Very active PTA that is supportive. Numerous free family events throughout the year | More visibility with community. Offer school events at various times throughout the day. Calendar of events published early. Increase diversity on PTA | Streamlined communication system. Various times offered for various meetings. Continue to focus on inclusiveness. |

| Area Reviewed | Summary of Strengths What were the identified strengths? | Summary of Needs What were the identified needs? | Priorities What are the priorities for the campus, including how federal and state program funds will be used? |
|---------------------------------|---|--|--|
| School Context and Organization | Master schedule committee formed to adjust master schedule. Google feedback forms sent throughout the year. Makerspace committee for our new makerspace adventure.Paraprofessional group established for next year. Parent feedback through survey. | Overtly review feedback and discuss the why behind decisions more frequently. | Feedback requested on progress of CIP goals to help keep focus and support as needed based on feedback |
| Technology | Roll out of 1 to 1 chromebooks and effectively integrated them into instruction. Open philosophy of trying new things/ideas. Tech Ed camps. Technology monthly meetings. PISD tech team came out bimonthly to support teams | Technology used for creation/collaboration/higher level thinking. Time to learn new ways to integrate into lesson plans. | Higher level technology integration focus (SMAR model) |

Critical Action #1

| Problem Statement | Our recent STAAR results in reading/math demonstrated that 12% of students regressed from masters to meets, 3% of students regressed from masters to approaches, and 6% from meets to approaches. |
|-------------------------|--|
| Root Cause and Strategy | a: We will address our teachers lack of differentiated training by incorporating new and additional training pertaining to classroom differentiation and vertical alignment. b: We will address our teachers lack of focus on our high achieving students by focusing on the 4 questions that drive a PLC and collaborative team. c: We will address the lack of rigorous opportunities for our high achieving students by ensuring there are adequate structures in class for appropriate differentiation and extension activities. |
| Goal | Increase the percentage of students at the masters grade level standard on the reading and math STAAR in grades 3-5. |

Critical Action #2

| Problem Statement | Our collaborative teams are operating at varying levels of autonomy compared to the collaborative teams that transform the PLC process (policies and practices). |
|-------------------------|--|
| Root Cause and Strategy | We will address our campuses needs of fostering collaboration by ensuring that there are adequate structures and systems in place to implement planning and instruction with fidelity |
| Goal | Increase the capacity of our teachers through the collaborative team process, therefore, increasing our students academic performances by implementing planning and instructional protocols with fidelity. |
