# Comprehensive Needs Assessment

## Demographics

### Demographics Summary

384 students with an attendance rate of 96.7% for 18/19 school year. Our enrollment by race/ethnicity is 65% White, 12.1% Hispanic, 10.6% Asian, 7.6% African American and 4.6% Two or More Races. Enrollment by student group is 16.3% Economically Disadvantaged 2018/19 and 17% 2019/20, 11.9% English Learners and 13.9% Special Education. Our mobility rate is 7.4%. Class size average is 19:1 and 40% of staff have a Master's Degree or higher. ELL 0 population is increasing over 3 year time period by a small percentage each year.

### Demographics Strengths

Student population reflects a low mobility and a high attendance rate. We have a high percentage of teachers with Master's or higher degree. We have a high GT population. HRS 1 Survey indicates high engagement of staff, students and community. PTA is very active and supportive of Campus needs.

### Problem Statements Identifying Demographics Needs

**Problem Statement 1 (Prioritized):** The percentage of students who meet the STAAR Component Score standard is below the state target for some students, specifically African American, and special education populations. **Root Cause:** Lack of in-depth analysis of MAP and Reading Inventory data to target skill deficits, identify interventions and extension of learning for all students is not a consistent practice .

# Student Learning

## Student Learning Summary

**Saigling Elementary Goals Including HB3 Goals:** (see tables in addendum): Individual goals are set for each student group with the expectation of high standards as well as to narrow the gap between each group and the All Students group. If the student group is below the All Students group, that student group's goal for 2024 is to narrow the performance gap by half as well as meet the overall percentage increase in the STAAR Meets Grade Level performance required for the All Students group.

## Student Learning Strengths

We received an A rating; 92 out of 100 for 18/19 school year. 44% Master Grade Level compared to District 39%. Meets Grade Level is 68% compared to District at 65%. Approaches Grade Level is 88% as compared to District of 86%. Closing the Gap 18/19 was an A score with 98%. Distinction earned for STAAR 5th GR Science for 53% of students at Masters level.

## Problem Statements Identifying Student Learning Needs

**Problem Statement 1 (Prioritized):** MAP Growth data shows that we are not meeting suggested growth rates for all students. **Root Cause:** Interventions need to be targeted and specific for individual student needs.

# School Processes & Programs

## School Processes & Programs Summary

Teachers plan collaboratively during an extended school day every week. Special Education, Pace, Instructional Specialist, Counselor and Administration Team support these plan times. We have developed a PLC reflection sheet based on 4 reflective questions for PLCs for teachers to use during collaborative planning to focus on what students need to know and how we will differentiate and track growth and mastery of TEKS. As a leadership team we have developed a common instructional model for learning expectations and teacher content delivery to be implemented this school year, 19/2020. Administration created a walk through form that will focus on the 5 areas (differentiated instruction, small group instruction, formative assessments, student articulation of learning goals, and SEL time every day) to track implementation, provide feedback to teachers and identify needed professional development. Teachers on our campus responded to a site survey that they prefer professional development training on our campus led by peers. We are switching our collaborative plan day from Wednesday to Monday this year to better support instruction through out the week. We will meet together in the library so teams can collaborative with other teams and have all resources available. As a general statement, CNA committee observed some teams planning more collaboratively than others- goal is for grade levels to create a unit plan together. and create common formative to guide all instruction. Teams will focus on examine student work to identify strengths and decipher errors. Teams will agree on what mastery should look like for each essential standard.

Mentor will work with new teachers to provide needed resources and support. Administration team will provide accountability to campus and district instructional model and teams will develop a SMART goal aligned with one criteria of the model. T-TESS will document individual progress towards a goal. Hiring practices will focus on selecting staff who fit with our instructional model.

## School Processes & Programs Strengths

HRS 1 survey results show processes are in place that support a safe and collaborative environment. PTA is extremely supportive and has 100% teacher participation. Collaborative planning is embedded into every week with specific days and processes to follow. Campus instructional model is aligned to District Instructional model, grade level team and teacher T-TESS TPG/SLO goals and campus walkthroughs.

## Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1 (Prioritized):** Data tracking needs to be more consistently across grade levels to guide student learning. **Root Cause:** More defined system of accountability and data tracking would assist student growth and PLC process.

# Perceptions

## Perceptions Summary

The school operates as a family. Staff, students and parents work together so that everyone is engaged and feels safe in our school community.

Staff members are involved in PTA: Staff belong to our PTA and volunteer at many events such as fall carnival, Kindergarten Sneak Peek, Field Day, Multicultural Night, Dances, Graduation and Assemblies. Community members volunteer as guest readers, library aides, lunchroom volunteers, Watch Dogs, and office help. Communication is through a weekly Saigling Family S'more sent to all staff and parents by Principal Dunkle. Assistant Principal Schlosser sends out a weekly staff communication through S'more and teachers send home a weekly grade level S'more to their parents. Most grade levels operate a Facebook page along with Google classroom to engage students from school-home.

## Perceptions Strengths

HRS Level 1 Survey shows that staff and parents indicate that communication is effective. Active PTA. Students, staff and parents feel safe on our campus. SEL practices are recognized by students, staff and parents as important.

## Problem Statements Identifying Perceptions Needs

**Problem Statement 1:** At glance, students seem to be doing well and generally perform well on the STAAR test. **Root Cause:** Data is not examined deep enough to identify some underlying student concerns.

# Priority Problem Statements

**Problem Statement 1:** MAP Growth data shows that we are not meeting suggested growth rates for all students.

**Root Cause 1:** Interventions need to be targeted and specific for individual student needs.

**Problem Statement 1 Areas:** Student Learning

**Problem Statement 2:** The percentage of students who meet the STAAR Component Score standard is below the state target for some students, specifically African American and special education populations.

**Root Cause 2:** Lack of in-depth analysis of MAP and Reading Inventory data to target skill deficits, identify interventions and extension of learning for all students is not a consistent practice .

**Problem Statement 2 Areas:** Demographics

**Problem Statement 3:** Data tracking needs to be more consistently across grade levels to guide student learning.

**Root Cause 3:** More defined system of accountability and data tracking would assist student growth and PLC process.

**Problem Statement 3 Areas:** School Processes & Programs

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## **Improvement Planning Data**

- District goals

## **Accountability Data**

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

## **Student Data: Assessments**

- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Running Records results
- Istation Indicators of Progress (ISIP) reading assessment data for Grades PK-2
- Grades that measure student performance based on the TEKS

## **Student Data: Student Groups**

- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Dyslexia Data
- Response to Intervention (RtI) student achievement data

## **Student Data: Behavior and Other Indicators**

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

## **Employee Data**

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data

- Professional development needs assessment data
- TTESS data
- T-PESS data

**Parent/Community Data**

- Parent surveys and/or other feedback

**Support Systems and Other Data**

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

# Goals

Revised/Approved: September 22, 2020

**Goal 1:** DIP - Plano ISD will increase student learning as evidenced by an increase in the percentage of students performing at the Meets grade level standard on STAAR/EOC Reading and STAAR Writing from 2019 to 2021.

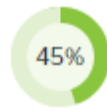

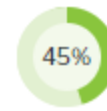

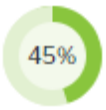

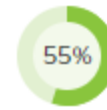

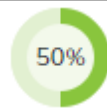

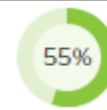

**Performance Objective 1:** HB3 - The percent of Saigling 3rd grade students that score meets grade level or above on STAAR Reading will increase from 66% in 2019 to 68% by June 2021. The Special Education student group performance will increase from 38% in 2019 to 41% in 2021. The Economically Disadvantaged student group performance will increase from 38% in 2019 to 43% in 2021.

### Performance Objective 1 Problem Statements:

Demographics
<b>Problem Statement 1:</b> The percentage of students who meet the STAAR Component Score standard is below the state target for some students, specifically African American and special education populations. <b>Root Cause:</b> Lack of in-depth analysis of MAP and Reading Inventory data to target skill deficits, identify interventions and extension of learning for all students is not a consistent practice .
Student Learning
<b>Problem Statement 1:</b> MAP Growth data shows that we are not meeting suggested growth rates for all students. <b>Root Cause:</b> Interventions need to be targeted and specific for individual student needs.
School Processes & Programs
<b>Problem Statement 1:</b> Data tracking needs to be more consistently across grade levels to guide student learning. <b>Root Cause:</b> More defined system of accountability and data tracking would assist student growth and PLC process.

**Goal 4: Life Ready:** Plano ISD graduates will possess the skills and knowledge that enable them to be future-ready citizens and leaders in the global workforce.

**Performance Objective 1:** SEL instruction will be integrated into daily lessons for all students K-5 in all learning environments.

**Evaluation Data Sources:** MTSS

**Summative Evaluation:** Significant progress made toward meeting Objective

Strategy 1 Details	Formative Reviews		
<b>Strategy 1:</b> Teachers will become proficient in using the MTSS system to facilitate positive behavior supports for all students. <b>Strategy's Expected Result/Impact:</b> Parents and teachers will frequently communicate and benefit from working together to increase SEL capacity for all students. <b>Staff Responsible for Monitoring:</b> Counselor, Campus Leadership <b>Problem Statements:</b> School Processes & Programs 1	Formative
