## Student Learning

### Student Learning Summary

**Bethany Elementary Goals Including HB3 Goals:** (see tables in addendum): Individual goals are set for each student group with the expectation of high standards as well as to narrow the gap between each group and the All Students group. If the student group is below the All Students group, that student group's goal for 2024 is to narrow the performance gap by half as well as meet the overall percentage increase in the STAAR Meets Grade Level performance required for the All Students group.

### Problem Statements Identifying Student Learning Needs

**Problem Statement 1:** ESL students performed below the district average in 3rd grade math and reading, 4th grade reading, and 5th grade math, reading, and science. **Root Cause:** We will address the needs for teacher teams and collaborative groups to effectively address enhanced differentiation for students' needs, increased use of formative assessment, and making informed decisions based on data when planning.

**Problem Statement 2 (Prioritized):** Science STAAR scores were the following for the previous three STAAR administrations: 2019 - 76% approaching, 2018 - 85% approaching, 2017 - 91% approaching. **Root Cause:** We will address the needs of teacher teams and collaborative groups to effectively address instructional strategies when planning for science.

**Problem Statement 3 (Prioritized):** The collaborative teams are operating at varying levels of understanding regarding the HRS definition of HRS Level 2: Effective teaching in every classroom. **Root Cause:** We will address the need for teacher teams and collaborative groups to effectively address the quality of teaching in every classroom by ensuring systems are in place to improve pedagogical skills.

# Priority Problem Statements

**Problem Statement 1:** The collaborative teams are operating at varying levels of understanding regarding the HRS definition of HRS Level 2: Effective teaching in every classroom.

**Root Cause 1:** We will address the need for teacher teams and collaborative groups to effectively address the quality of teaching in every classroom by ensuring systems are in place to improve pedagogical skills.
