# Comprehensive Needs Assessment

## Demographics

### Demographics Summary

Barksdale Elementary is in Plano ISD, a Collin County district with 44 elementary schools, 13 middle schools, 7 high schools, 3 senior high schools and an eSchool. Barksdale Elementary serves a diverse student population in grades K-5. In the 2019-2020 school year, total enrollment was 650 students.

In 2019-2020, the K-5 student population composed of Asian, White, Hispanic, African American, and Two or More ethnicities. Our economically disadvantaged percentage is 14%.

Our K-5 English Learner (EL) population consists of 93 learners. The top 5 foreign languages spoken by this student group are: Hindi, Telugu, Spanish, Tamil, and Bengali.

### Demographics Strengths

- Barksdale Elementary has a diverse student population.
- There are numerous languages represented at Barksdale Elementary.
- Families are encouraged to celebrate and share their culture at Multicultural Night each year.

### Problem Statements Identifying Demographics Needs

**Problem Statement 1:** Additional support and training is required for staff to best meet the needs of all English Learners. **Root Cause:** As the demographics of Barksdale Elementary have changed, new instructional strategies are needed to meet the needs of all learners.

**Problem Statement 2:** There is a need to enhance communication and engagement for English Learners and their families. **Root Cause:** Language barriers exist within the current communication system.

# Student Learning

## Student Learning Summary

**Barksdale Elementary Goals Including HB3 Goals:** (see tables in addendum): Individual goals are set for each student group with the expectation of high standards as well as to narrow the gap between each group and the All Students group. If the student group is below the All Students group, that student group's goal for 2024 is to narrow the performance gap by half as well as meet the overall percentage increase in the STAAR Meets Grade Level performance required for the All Students group.

## Student Learning Strengths

Typical sources of data used to determine strengths from the previous year were not gathered from March 2020-May 2020 due to the school closure cause by COVID-19.

## Problem Statements Identifying Student Learning Needs

**Problem Statement 1 (Prioritized):** There is a need to target specific instructional strategies to support English Learners. **Root Cause:** There is a growing population of English Learners and monitored LEP students who are in the classroom for the majority of the day and need language acquisition/comprehension

**Problem Statement 2 (Prioritized):** There is a need to target specific instructional strategies to support the special education student population. **Root Cause:** Classroom and resource teachers need to collaborate and partner together to provide opportunities for students to be supported when in and out of the regular classroom.

**Problem Statement 3 (Prioritized):** There is a need for a system to monitor and adjust the instruction for economically disadvantaged students so that they can meet their growth measure. **Root Cause:** Lack of schoolwide system to monitor the growth of student subgroup populations.

# School Processes & Programs

## School Processes & Programs Summary

Barksdale Elementary school follows the state standards (TEKS) and district curriculum documents and resources in order to provide a guaranteed and viable curriculum for all learners. In addition to these curriculum resources, Barksdale implemented DuFour's model for Professional Learning Communities to help teachers identify student needs and work collaboratively to ensure that all students learn at high levels.

For the past two years, Barksdale Elementary has started the implementation of Marzano's High Reliability Schools (HRS) framework. The campus focused on implementation of Level I: Build a Safe and Collaborative Culture during the 2017-2018 school year. For the past two years, we placed emphasis on developing Level 2: Effective Teaching in Every Classroom. We are continuing to focus on Level 2 this year as we seek to incorporate more common formative assessments to aid teachers as they monitor students achievement.

New teachers to Barksdale Elementary are paired with a mentor teacher on their team. The mentor teacher works with the new staff member to learn the processes of the grade level and Barksdale. In addition to this, the mentor teacher and new teachers have been given the opportunity to attend a program at SMU the past two years. This program helps establish the mentor/mentee relationship and set both teachers up for success.

Barksdale Elementary is a one-to-one Chromebook campus. Teachers integrate technology into their lessons to enhance student understanding and learning. Professional Development is provided to the staff to keep their skills proficient and share new tools/ideas. Grades 3-5 began the use of online agendas to help students transition from elementary to middle school. The incorporation of technology in years past helped make the transition to online learning for our students and teachers easier in the Spring and Fall of 2020.

## School Processes & Programs Strengths

- Special Education and Dyslexia Programs
- Professional Learning Communities
- Skill Builders (Intervention) time
- Jogging Club
- PTA sponsored after-school clubs
- National PTA school of Excellence

## Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1:** There is a need for common formative assessments to drive instruction and interventions. **Root Cause:** Lack of professional learning opportunities which involve the creation of common formative assessments and analysis of data.

**Problem Statement 2:** There is a need for specific technology guidelines for students when they use the Chromebooks at school. **Root Cause:** When Barksdale switched from a BYOD campus to a one-to-one campus, there was no update and discussion of the BYOD/technology student contract.

**Problem Statement 3:** There is a need for professional development that continues to supports the teachers' student behavioral needs. **Root Cause:** A new discipline referral system was put in place at the beginning of the year and needed to be reviewed.

# Perceptions

## Perceptions Summary

Barksdale Elementary is a neighborhood school that prides itself on building relationships within the staff and with students so that we have a welcoming environment where learners and their families feel loved and valued. The staff at Barksdale implemented a PBIS system that promotes a positive school climate, giving students an opportunity to work towards a goal. Teachers award students with a Silver Compliment ticket when they are caught doing something good. Students are given the Bronco Best award monthly to recognize good work habits, perseverance and character by their classroom teacher. Each nine weeks, the classroom teacher also selects a Principal Proclamation winner who demonstrates traits of a life-long learner and upstanding citizenship. All students at Barksdale are awarded tickets by the teachers that students collect and can purchase privileges and prizes.

Family involvement is a key component to learner success, and it is imperative that we support parents by creating a positive climate that is communicative in nature allowing the school and family to work as partners in the educational process. Barksdale families have many opportunities in which they can support the students, teachers, and community such as Watch DOGs, Color Run, Multicultural Night, Book Fair, Spring Picnic/Carnival, Spirit Nights, and Field Trip chaperones. It is through these partnerships that students recognize the importance of the partnership between the parents and teachers at Barksdale.

During the 2018-2019 school year, Barksdale began a discipline referral process within the grade levels. Teachers documented student behavior and communicated with parents when there were behavior concerns. Administrators were a part of the process and would help after multiple attempts to correct behavior were taken, or when their assistance was needed in initial situations. This year, the district has implemented a Multi-Tiered Support System (MTSS) program to complement the new digital tracking platform Review 360. This will replace the previous paper referral process and streamline teacher, administrator and parent communication about positive and negative behaviors. All teachers were trained in Restorative Practices and used these strategies to help correct behaviors in their classrooms before problems occurred.

## Perceptions Strengths

- Implementation of Restorative Practices and Community Circles has seen positive results.
- Multiple events are held throughout the year to involve Barksdale parents and the community.
- School is a safe haven for our students and staff.
- PTA National School of Excellence award
- Social media platforms for the school and grade-levels

## Problem Statements Identifying Perceptions Needs

**Problem Statement 1:** There is a need to include a variety of students who are able to participate in after school clubs/activities. **Root Cause:** If a child typically rides the bus or goes to after school care, there is not anyone who can provide transportation from the club/activity.

# Priority Problem Statements

**Problem Statement 1:** There is a need to target specific instructional strategies to support English Learners.

**Root Cause 1:** There is a growing population of English Learners and monitored LEP students who are in the classroom for the majority of the day and need language acquisition/comprehension

**Problem Statement 1 Areas:** Student Learning

**Problem Statement 2:** There is a need to target specific instructional strategies to support the special education student population.

**Root Cause 2:** Classroom and resource teachers need to collaborate and partner together to provide opportunities for students to be supported when in and out of the regular classroom.

**Problem Statement 2 Areas:** Student Learning

**Problem Statement 3:** There is a need for a system to monitor and adjust the instruction for economically disadvantaged students so that they can meet their growth measure.

**Root Cause 3:** Lack of schoolwide system to monitor the growth of student subgroup populations.

**Problem Statement 3 Areas:** Student Learning

## **Accountability Data**

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

## **Student Data: Assessments**

- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Running Records results

## **Student Data: Student Groups**

- Special education/non-special education population including discipline, progress and participation data

## **Student Data: Behavior and Other Indicators**

- Mobility rate, including longitudinal data

## **Employee Data**

- Staff surveys and/or other feedback

## **Parent/Community Data**

- Parent surveys and/or other feedback

# Goals

Revised/Approved: September 23, 2020

**Goal 1:** DIP - Plano ISD will increase student learning as evidenced by an increase in the percentage of students performing at the Meets grade level standard on STAAR/EOC Reading and STAAR Writing from 2019 to 2021.

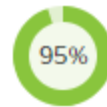

**Performance Objective 1:** HB3 - The percent of Barksdale 3rd grade students that score meets grade level or above on STAAR Reading will increase from 83% in 2019 to 85% by June 2021. The SPED student group performance will increase from 38% in 2019 to 41% in 2021. The African American student group performance will increase from 50% in 2019 to 54% in 2021.

Strategy 4 Details	Formative Reviews		
<b>Strategy 4:</b> Dedicated intervention and extension time built into each grade level schedule. <b>Strategy's Expected Result/Impact:</b> Each grade level reflects time dedicated to intervention and extension so that students' academic needs can be addressed. <b>Staff Responsible for Monitoring:</b> Principal, assistant principal, team leaders <b>Problem Statements:</b> Student Learning 1, 2, 3	Formative		
	Nov	Feb	June
			
Strategy 5 Details	Formative Reviews		
<b>Strategy 5:</b> Use of formative and summative assessment data to drive instruction. <b>Strategy's Expected Result/Impact:</b> Teachers will use results of common formative assessments, district and unit assessments to drive targeted instruction.  The campus Data Team will meet regularly to discuss and analyze data. <b>Staff Responsible for Monitoring:</b> Principal, assistant principal, data team, grade level teams, special education team <b>Problem Statements:</b> Student Learning 1, 2, 3	Formative		
	Nov	Feb	June
			
Strategy 6 Details	Formative Reviews		
<b>Strategy 6:</b> Data meetings will be held after unit assessments with collaborative teams to analyze student progress, interventions, enrichment and implementation of common formative assessments. <b>Strategy's Expected Result/Impact:</b> Teachers will have an increased understanding of student progress and achievement to provide intervention and ensure learners' gaps are addressed, specifically in monitored student populations.  Learners who demonstrate mastery of grade level standards will be given opportunities to deepen and grow their understanding through planned experiences (PBL). <b>Staff Responsible for Monitoring:</b> Principal, assistant principal, data team, grade level teachers, special education teachers <b>Problem Statements:</b> Student Learning 1, 2, 3	Formative

### Performance Objective 1 Problem Statements:

Student Learning
<b>Problem Statement 1:</b> There is a need to target specific instructional strategies to support English Learners. <b>Root Cause:</b> There is a growing population of English Learners and monitored LEP students who are in the classroom for the majority of the day and need language acquisition/comprehension
<b>Problem Statement 2:</b> There is a need to target specific instructional strategies to support the special education student population. <b>Root Cause:</b> Classroom and resource teachers need to collaborate and partner together to provide opportunities for students to be supported when in and out of the regular classroom.
<b>Problem Statement 3:</b> There is a need for a system to monitor and adjust the instruction for economically disadvantaged students so that they can meet their growth measure. <b>Root Cause:</b> Lack of schoolwide system to monitor the growth of student subgroup populations.
