

Plano Independent School District

Davis Elementary

2021-2022

Board Approval Date: November 3, 2021

Mission Statement

Davis Elementary is a professional learning community committed to ensuring every student achieves at least one year of growth in Reading and Math.

Vision

Together we grow.

Comprehensive Needs Assessment

Demographics

Demographics Summary

Davis Elementary is a Title 1, K-5 campus in the center of Plano ISD, 2701 Parkhaven Dr. in Plano, Texas. Neighborhoods surrounding the school are owned by upper middle class working families. The average home price in the Davis Elementary attendance area ranges between \$300,000- \$450,000. As you drive through the neighborhood there is an increasing number of homes for lease. Davis Elementary proudly serves approximately 305 students. Students are served with both virtual instruction and face to face instruction. Davis Elementary continues to proudly serve approximately 70 students, K-5 from across Collin County through the Regional Day School for the Deaf program which is housed on our campus. Our diverse student body is comprised of: 12%-African American, 8%-Asian, 24%-Hispanic/Latino, 50%-White, and 6%-Two or More Races. Additionally, 35% of the students we serve are Economically Disadvantaged while 32% of our student body qualifies for Special Education services which is significantly higher than other campuses in the district or state. The mobility rate is 10%.

Who are We as a staff?

Davis Elementary has a staff of highly qualified administrators, instructional support specialists, para-professionals and teachers that strive to learn new strategies and techniques to ensure that students achieve all levels of learning. Teacher leadership is valued as lead teachers in grade levels share their expertise, campus development, peer observations, and advocating or innovative teaching skills to address areas of needed growth. New teachers are provided a mentor to provide support during the first two years on our campus. Davis teachers are provided leadership opportunities to serve on Site Based Improvement Planning. The campus will introduce instructional round teams to develop professional development plans. Professional development plans will be created by analyzing multiple sources of data related to teacher development and student achievement. Professional development needs are identified through instructional rounds, observations, T-TESS evaluations, assessment data, High Reliability Schools quick data and other district and staff surveys.

Professional development occurs during staff development days, collaborative team meetings, instructional coaching by instructional leaders on campus and through job-embedded learning such as peer observations and model teaching by instructional experts from within the district and other consultants such as Lead4ward and Solution Tree. Teachers are also provided the opportunity to attend professional development aligned with professional goal setting outside of the district by experts in the field of education and other campuses in Plano.

Professional development was provided on student data analysis, collaborative team planning, professional learning communities and the understanding by design framework planning process that provides the structure to guide curriculum, assessment, and instruction; the implementation of balanced literacy practices such as guided reading. Instructional rounds will be conducted in the fall and the spring to provide data towards improvement in these areas. The new learning will be monitored through walk through observations, grade level and vertical collaborative team discussions. The results of the professional learning will have an impact on students. This will be measured by the concepts that are taught and the data received on formative and summative assessments throughout the year and the EOY reports. Teachers are encouraged to use their strengths at various times to support the grade level or campus during professional development learning or discussions. This will allow teachers to share their new learning with the staff opening a window of knowledge that would spark interest in other staff members.

In 2020-21 school year Davis welcomed some new staff members to accommodate smaller class sizes for social distancing due to Covid-19. A majority of the experienced teachers have 5 years or more teaching experience. Collaborative team meeting and instructional coaching will be used for in-depth study of curriculum, planning of formative assessments, and professional development on High Reliability Schools Level 2 work: Effective Instruction to ensure all teachers are providing high-quality instruction to every student.

Demographics Strengths

The diversity on our campus represents a strength as our students are able to participate and engage in culturally rich discussions and experiences as well as develop an appreciation for individuals with unique needs. This diversity creates a welcoming atmosphere to new students regardless of ethnicity, race, or diverse abilities.

Inclusive practices are used to maximize supporting students in the self-contained or deaf education program developing academic and social abilities while immersed with age-appropriate peers.

Class sizes are smaller than district and state averages.

Students attending Davis Elementary live in a stable residential neighborhood. Most students remain at Davis for most of their elementary years. This provides the opportunity for students to build a solid foundation in literacy and math skills to build upon for more rigorous work in the upper elementary years. The mobility rate is only 10% which also affords us the opportunity to build relationships with families and students as they progress through elementary school. The attendance rate has experienced little fluctuation over the last few years and remains steady above 95%.

Davis' teachers are highly qualified with 43% having advanced degrees. Davis has a caring, committed staff that strives to put the needs of our students first. Davis teachers attend district professional development and share new learning with colleagues on a regular basis. Several teachers lead district staff development on curriculum and instruction. Teachers are provided multiple opportunities to lead others and improve teaching pedagogy through time allotted for collaborative team meetings. Weekly collaborative lesson planning occurs for grade levels to ensure all students are provided instruction aligned to the rigor of the TEKS. Additional collaborative team meetings provide the opportunity for professional development on instructional strategies, data analysis, and improvement planning based on student needs for increased student achievement.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Davis Elementary campus enrollment has been decreasing for the past few years.

Problem Statement 2: Davis Elementary has the highest special education population compared to other elementary schools in Plano ISD.

Student Learning

Student Learning Summary

Davis Elementary Goals Including HB3 Goals: (see tables in addendum): Individual goals are set for each student group with the expectation of high standards as well as to narrow the gap between each group and the All Students group. If the student group is below the All Students group, that student group's goal for 2024 is to narrow the performance gap by half as well as meet the overall percentage increase in the STAAR Meets Grade Level performance required for the All Students group.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): As a campus (K-5), a gap exists between economically disadvantaged and non-economically disadvantaged student performance at grade level in both reading and math. **Root Cause:** The root cause was determined to be a lack of differentiation during Tier 1 instruction.

Problem Statement 2 (Prioritized): The percentage of students meeting STAAR Growth is below the district average in the following groups: 4th grade Math: 47% of students did not meet their progress. 4th grade: Reading: 41% of the students did not meet their progress. 5th grade Math: 18% did not meet their progress. 5th grade Reading: 39% did not meet their progress. **Root Cause:** The root cause determined was the departmentalized structure of 4th and 5th grades made it difficult to have authentic collaborative discussions where everyone was invested in the deep unpacking of standards, discussion about best practice instructional methods, and planning for differentiation within tier 1 instruction .

School Processes & Programs

School Processes & Programs Summary

School Processes & Programs Summary

Davis Elementary is focused on improving student academic achievement through effective Professional Learning Communities (PLCs) and targeted Response to Intervention (RtI). Each grade level has a common planning time to meet with their collaborative team as well as school wide staff who support their students. Teachers plan collaboratively using curriculum resources from the district curriculum planner and follow the scope and sequence of Plano ISD. The master schedule was amended this year to ensure that it maximizes instructional time and includes a daily 30 minute Intervention and Extension (I/E) time to meet the needs of all students. During teams common planning time, teams along with campus specialist utilize the essential 4 questions of a PLC to guide their work (What do we expect our students to learn? How will we know they are learning? How will we respond when they don't learn? How will we respond if they already know it?)'

Teams meet monthly to evaluate the progress individual students are making towards grade level standards. Based on response to intervention, individualized plans are created or revised monthly for students.

Davis has a dedicated PTA who not only volunteer but also support our school in many other ways (i.e. assemblies, programs (Watch DOG), family nights). They are finding ways to continue their support of Davis students during restrictions due to COVID-19.

Systems are in place to provide a safe and collaborative environment where students, staff, and families can provide feedback to ensure each child receives an excellent education.

School Processes & Programs Strengths

Teachers understand the expectations of collaborative planning in Professional Learning Communities (PLCs) and follow the Understanding by Design model to ensure they plan with the end goal in mind. Extended planning allows teams to spend an additional half day at least 3 times a year on planning and data analysis. Our active PTA and Watch D.O.G. programs are definite strengths for our campus.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Common Formative Assessments (CFA) are not being utilized schoolwide to monitor growth frequently so that needed supports can be provided.

Perceptions

Perceptions Summary

Perceptions Summary

Davis Elementary is a positive and safe place for students to learn at high levels. Teachers approach each child with the mindset they can grow regardless of where they currently perform.

Students at Davis participate in several after school clubs such as robotics, Student Council, Chess, Yoga, Drama, etc. These activities are limited during 2020-2021 due to COVID 19 concerns but will return as soon as safely possible.

Teachers use positive behavior supports with students which contributes to the positive environment

Perceptions Strengths

Staff, students and families percieve Davis as a safe and welcoming environment. All stakeholders feel like they have a voice in the continual improvement of our school.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: A recent staff survey indicated a need for schoolwide common procedures and expectations.

Priority Problem Statements

Problem Statement 2: As a campus (K-5), a gap exists between economically disadvantaged and non-economically disadvantaged student performance at grade level in both reading and math.

Root Cause 2: The root cause was determined to be a lack of differentiation during Tier 1 instruction.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Common Formative Assessments (CFA) are not being utilized schoolwide to monitor growth frequently so that needed supports can be provided.

Root Cause 3:

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 1: The percentage of students meeting STAAR Growth is below the district average in the following groups: 4th grade Math: 47% of students did not meet their progress. 4th grade Reading: 41% of the students did not meet their progress. 5th grade Math: 18% did not meet their progress. 5th grade Reading: 39% did not meet their progress.

Root Cause 1: The root cause determined was the departmentalized structure of 4th and 5th grades made it difficult to have authentic collaborative discussions where everyone was invested in the deep unpacking of standards, discussion about best practice instructional methods, and planning for differentiation within tier 1 instruction .

Problem Statement 1 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Texas approved PreK - 2nd grade assessment data

Student Data: Student Groups

- Special education/non-special education population including discipline, progress and participation data
- Section 504 data
- Gifted and talented data
- Dyslexia Data
- Response to Intervention (Rtl) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Goals

Goal 1: DIP - Plano ISD will increase student learning as evidenced by an increase in the percentage of students performing at the Meets grade level standard on STAAR Reading from 2019 to 2022

Performance Objective 1: HB3 - The percent of Davis 3rd grade students that score meets grade level or above on STAAR Reading will increase from 39% in 2019 to 43% by June 2022. The Special Education student group performance will increase from 10% in 2019 to 15% in 2022. The English Learner student group performance will increase from 15% in 2019 to 21% in 2022.

HB3 Goal

Evaluation Data Sources: 2022 Reading STAAR

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Formative Reviews		
<p>Strategy 1: 3rd grade team will meet weekly to plan instruction, using 4 critical questions of a PLC.</p> <p>Strategy's Expected Result/Impact: Collaborative team meeting notes will address student learning needs. Improved STAAR Performance. MAP Performance Growth for all students.</p> <p>Staff Responsible for Monitoring: Campus Administrators</p> <p>Schoolwide and Targeted Assistance Title I Elements: 2.4, 2.5, 2.6</p>	Formative		
	Nov	Feb	June
			

Strategy 2 Details	Formative Reviews		
<p>Strategy 2: Improve our system of Response to Intervention (RTI) by additional direct and indirect support from academic specialists and adult temp. 3rd grade Teachers will identify foundational skill gaps in Reading and set individual student goals through the RTI process using the Edugence system. Master schedule reflects intervention and extension.</p> <p>Strategy's Expected Result/Impact: 3rd grade students who have foundational skill gaps will be identified to grade level by meeting or exceeding expected growth in STAAR, MAP and/or TELPAS. Progress monitoring will be updated in Edugence on a monthly basis for all Tier 2 and Tier 3 students with academic or behavioral goals. Decisions based on student progress will discern whether student no longer needs intervention, will continue with the same/new goal, or needs a more foundational intervention goal. Intervention and Extension groups will change based on current data STAAR Performance increase MAP Performance growth TELPAS growth</p> <p>Staff Responsible for Monitoring: Campus Instructional Specialists</p> <p>Schoolwide and Targeted Assistance Title I Elements: 2.4, 2.5, 2.6</p>	Formative

Goal 3: DIP - Plano ISD will increase student learning in Science as evidenced by an increase in the percentage of students performing at the Meets grade level standard on STAAR Science from 2019 to 2022.

Performance Objective 1: The percent of Davis students that score Meets grade level or above on STAAR Science 5 will increase from 52% in 2019 to 55% by June 2022. The Special Education student group performance will increase from 9% in 2019 to 13% in 2022. The Economically Disadvantaged student group performance will increase from 36% in 2019 to 43% in 2022.

HB3 Campus Goals - All Grades STAAR at Meets Standard

Davis

2019 Rates: Based on percent of students at STAAR All Grades Meets Grade Level standard on Accountability Subset based on Domain 1 Rules.

2019 Number Tested: If students at Meets standard is less than 5, the number of students tested is not displayed for masking rules.

Campus 2024 Goal for each student group based on the increase for each group required at the district level.

Target for interim years based achieving increases of 12% in 2020, 15% in 2021, 18% in 2022, 25% in 2023, and 30% in 2024 of the required overall increase from 2019 to 2024.
