## Demographics

### Demographics Summary

2022-2023 Summary:

Student enrollment is 877 students as of August 2022. The Bowman ELL student population is increasing with 348 students, about 40% of the student population. The 6th grade total population of ESL students is 114; 7th grade is 120, and 8th grade is 111. 65% of students are on free or reduced lunch, which is a 5% increase from the 21-22 school year; 14% of students are served by Special Education, and 10% are served by 504. There is not a lot of mobility within the Bowman campus community. The At-Risk students on campus are those who compose special populations such as SPED, ESL, 504 and low SES families. Our teacher/student ratio tends to hover around 23:1.

### Demographics Strengths

- Schoolwide, Bowman continues to implement SIOP strategies in every class to help increase english language proficiency in students receiving ESL services. This plan has been implemented over a three year period, and teachers are retrained in SIOP strategies in the beginning of each school year, honing in on one specific strategy in each monthly professional development session. This implementation has produced academic gains for students all students, especially those who receive EL services.
- Bowman continues to implement various interventions such as block math, reading courses, and morning/afternoon tutorials.
- Bowman's Economically Disadvantaged population performs among the top in the district on state assessments and met their performance target on Reading and Math STAAR.
- Bowman's Special Education population met their performance target in Reading and Math STAAR.
- Bowman's EL population met their performance target in Reading and Math STAAR.

### Problem Statements Identifying Demographics Needs

**Problem Statement 1 (Prioritized):** About 20%, or 66, ESL students in 6th-8th grade would have been reclassified if they had scored Advanced High on the Speaking portion of TELPAS. **Root Cause:** EL students have limited academic vocabulary, background knowledge, and opportunities to practice speaking using complex sentences and academic language.

# Student Learning

## Student Learning Summary

On the Spring MAP test, 6th-8th grade students in Math, Reading, and Science have 100% projected growth met (the goal is at least 100). Between 60-65% of students met their projected growth (goal is between 60-65%).

On Spring MAP, overall in 6th-8th grade, Bowman quintile groups surpass the district average in Math, Reading, and Science.

On the Spring Algebra I EOC, 100% of students passed; 98% Met Expectations, and 87% got Masters.

On the Spring STAAR tests, all subjects and grade levels either maintained or surpassing passing percentages from previous school years.

#### Student Learning Strengths

Spring 2022 MAP testing

- Bowman students were in the top 2 middle schools in the district for growth percentile for 6, 7, and 8 Math.
- Bowman students were number 1 in the district for growth percentile in 6, 7, and 8 Reading.
- Bowman students were in the top 4 middle schools in the district for growth percentile in 6, 7, and 8 Science.
- Special Ed and EL populations are meeting their projected growth in all grade levels across content areas on MAP in Map 2022, with over 60% meeting their Projected Growth.

In Spring 2022

- Bowman was above the state average for passing the Reading 6, 7, and 8 STAAR test.
- Bowman was above the state average for passing the Science 8 STAAR test at 75%.
- Bowman was above the state average for passing the Math 6, 7, and 8 STAAR test.
- Bowman was above the state average for passing the Social Studies 8 STAAR test.
- The Special Ed, EL, and Economically Disadvantaged populations met their performance target on STAAR
- Reading 6, 7, 8 increased passing percentage from 2019 to 2022
- Math 6 and Social Studies 8 increase passing percentage from 2019-2022.

### **Problem Statements Identifying Student Learning Needs**

**Problem Statement 1:** Less than 45% of our students score Masters on Reading STAAR. **Root Cause:** Teachers focus on helping the students achieve passing standard on the STAAR test and not Master. Teachers fear not reaching all students when extending the skill/lessons. Teachers need tools and resources for extension.

**Problem Statement 2 (Prioritized):** 34% of EL students Met Standard on STAAR Math, and the goal was 40%. **Root Cause:** Lack of academic vocabulary impacts engagement, self-advocacy, and confidence in being successful solving complex problems. Teachers need to incorporate ESL Strategies into each lesson/activity.

**Problem Statement 3 (Prioritized):** Only 57% of EL Students got Approaches on the Social Studies STAAR. **Root Cause:** Limited academic vocabulary, background knowledge, and opportunities to practice. Teachers need a refresher on content-specific SIOP strategies and an extended planning day.

**Problem Statement 4 (Prioritized):** Only 53% of EL students got Approaches on Science STAAR. **Root Cause:** Limited academic vocabulary, background knowledge, and opportunities to practice. Teachers need refresher on SIOP strategies and classroom examples and an extended planning day.

# School Processes & Programs

## School Processes & Programs Summary

Bowman has techniques and systems in place to collect data and information from teachers on a regular basis.

Leaders evaluate teams' progression toward PLC goals. Teachers and staff agree that collaborative teams analyze student achievement and growth.

Most teachers agree that there are data collection systems in place to collect opinion data from teachers and staff regarding the optimal functioning of our school.

Bowman has a new teacher induction/mentor program beyond what the district requires to orient new teachers with Bowman's culture and processes.

Previous STAAR/MAP/District Assessment results are used by PLC teams to suggest changes in curriculum, teaching approach, and assessment design.

Grade level teams meet every other week to discuss specific student learning and attendance needs in order to best support the whole student.

Collaborative teams meet with PLC and Instructional Coaches 3 times a week to discuss student learning.

PLC and Instructional Coaches meet regularly with teachers one-on-one to design lessons.

Instructional Coaches meet with teacher leaders on a routine basis.

Bowman has implemented a Positive Behavior Referral System, Student of the 9 weeks, and Heart of Raider in order to recognize and reward positive behaviors and characteristics in students.

Bowman has a system in place called "Boost Bucks" to motivate students to attend tutorials regularly for at least 20 minutes per time.

Staff facilitates 9-week "Kudos" form in which staff members recognize one another for their hard work and achievements.

## School Processes & Programs Strengths

- Campus-based professional development opportunities afforded to teachers to improve on campus-wide areas of growth, which are SIOP strategies specifically for EL population.
- New teacher mentor program was successful at providing support during teachers' first year on campus.
- Collaborative teams were effective at improving teaching strategies, curriculum changes, and assessment designs.
- Bowman became a PLC model school by Solution Tree during the 2021-22 school year.
- Think Along Plan from Lead4Ward is being implemented in all core classes to strengthen Tier 1 instruction and has proven effective in closing gaps based on Spring 2022 MAP growth and STAAR/EOC results.

# Perceptions

## Perceptions Summary

Bowman is a school comprised of dedicated professionals who positively collaborate to ensure intentional, meaningful, and child-centered learning for all students.

It is important at Bowman that we work in partnership with our families, students, and community members.

Services provided at Bowman to support a partnership are: PTA, Parent Liaison who communicates with families, hosts parent groups and ESL classes; Communities in Schools who provide services and mentors to students and families; 6th grade Curriculum Night and Incoming 6th Grader Night,

Bowman is perceived to be a place that is safe, orderly, and focused on student learning.

Overall, Bowman is perceived to be a campus where student successes are acknowledged and celebrated.

Parents, students, and community members are unsure how teachers provide input about the optimal functioning of the school.

There is a broad range of opinions about whether parents, students, community members and staff have a way to provide input about school decisions.

## Perceptions Strengths

**The January 2022 HRS Level 1 survey indicates that most families, community members, and students agree that:**

- Bowman is a safe and orderly school with specific rules and procedures in place where emergency procedures are known, practiced, and updated regularly;
- Teams of teachers at Bowman use student achievement data to figure out how to improve learning;
- The campus uses fiscal, operational, and technological resources in a way that directly supports teachers

**The March 2022 HRS Level 2 survey indicates that most teachers and staff agree that:**

- School leaders and teacher leaders articulate the schoolwide model for instruction and that professional development, school initiatives, and PLC conversations support the campus model for instruction;
- School leaders have a system in place to evaluate the hiring and selection process of new teachers.
