Perceptions

Perceptions Summary

The safety of our students, staff and facilities is of the utmost importance at Hughston. In that regard, Plano ISD and Hughston Elementary have specific protocols to promote safety and security on our campus. Plano ISD has adopted the Standard Response Protocol (SRP) for use during emergency or critical incidents. Another protocol is the Standard Reunification Model used for reunifying parents and students during or following an incident.

Everyone in the community is a part of keeping our campus safe. Students, staff and parents can anonymously share safety and other concerns with school administrators at any time of day using a computer or mobile device. We are proud of the consistent and meaningful parent and teacher communication that happens throughout the school year. Teachers are able to see parents each day during dismissal and give positive feedback on their child's school day. Each grade level has their own communication system to facilitate the home-school connection that includes grade level websites that are utilized by students and parents. The campus also has a useful website, Facebook and other social media outlets to share all the wonderful events at Hughston.

Ethical behavior and mutual respect for individual diversity at Hughston is one of our strongest beliefs. Each child is a valued learner with his/her own strengths and should be actively engaged in a caring, nurturing, and safe environment. Hughston is an exceptional school that fosters a sense of belonging and family.

Teachers and staff use research based practices and authentic data to drive meaningful instruction for all students at Hughston. Social emotional learning is embedded throughout the day for all students.
