

## Plano Independent School District

### District Health Services

January 2020

Dear 6<sup>th</sup> Grade Parent,

This letter is to provide you with advanced notice regarding immunizations that your child will require for 7<sup>th</sup> grade entry in the 2020-2021 school year.

These requirements are noted in 25 Texas Administrative Code, Chapter 97, Subchapter B, §97.63. Following are the immunizations that are required:

- **Meningococcal Vaccine – One dose required on or after 11<sup>th</sup> birthday**
- **Tdap Vaccine (Tetanus and diphtheria toxoids and acellular pertussis) – Booster dose required if at least 5 years have passed since the last dose of a tetanus-containing vaccine.**

Proof of these immunizations will be required to begin school for the 2020-2021 school year. **Please check your child's immunization records now and provide your school nurse proof of immunization as soon as the vaccine is received as this will provide faster service for your student's schedule release.** To view a copy of your child's immunization record as currently on file with the school, please go to <https://parentviewer.pisd.edu/>

If you have questions or concerns, I recommend discussing these with your physician. The school nurse at your campus will be able to provide you with a list of locations where you can receive these immunizations.

For further assistance, please contact the school nurse at your campus or visit <http://www.dshs.state.tx.us/immunize/default.shtm> for more information.

Thank you,

Staci Antelo, BSN, RN, NCSN  
Director for District Health Services
